The following notification, issued by the Government of India in the Reforms Office, is republished for general information.

H. L. STEPHENSON,
Chief Secretary
to the Government of Bengal.

NOTIFICATION.

Delhi, the 3rd January 1921.

No. 2G.—In exercise of the powers conferred by sub-section (2) of section 52A of the Government of India Act, the Governor General in Council is pleased to declare the territories in the Presidency of Bengal which are specified in the first column of the Schedule hereto annexed to be "backward tracts," and is further pleased, with the sanction of His Majesty, which has been signified by the Secretary of State in Council, to direct that the said Act in its application to the said territories shall be subject to the exceptions and modifications specified in the second column of the said Schedule.

2. Further, in exercise of the like powers, the Governor General in Council is pleased to authorise the Governor of Bengal in Council to direct that any Act of the local legislature of Bengal shall not apply to the said

territories, or any part thereof, or shall apply thereto subject to such exceptions or modifications as the Governor may think fit.

SCHEDULE.

Territories.	Exceptions and modifications.
The Hill Tracts of Chittagong, and the Darjeeling district.	1. The provisions of the Government of India Act which confer powers on the Indian legislature and on the local legislature of Bengal to make laws, respectively, for British India and the Presidency of Bengal :— (*a*) shall not apply to the Hill Tracts of Chittagong, and (*b*) shall be construed in their application to the Darjeeling district as requiring those legislatures, when making laws solely applicable to the said district or any part thereof, to insert in every law so made a provision that such law shall come into operation only on such date and subject to such exceptions and modifications, if any, as the Governor-General in Council or the Governor in Council, by notification in the *Gazette of India* or the local official Gazette, as the case may be, may direct. 2. The provisions of the said Act which require proposals for expenditure by the Governor General in Council and by the Local Government of Bengal to be submitted to the vote of the Legislative Assembly and of the Legislative Council of the Governor of Bengal, respectively, shall not apply to proposals for expenditure in these territories. 3. In lieu of the provisions of the said Act which enable rules to be made for prohibiting or regulating in either chamber of the Indian legislature the asking of questions on, and the discussion of, any subject specified in the rules, there shall be substituted a provision prohibiting the asking of questions on, and the discussion of, any subject relating to these territories ; and the provisions of the said Act which enable rules to be made for prohibiting or regulating in local legislative councils the asking of questions on, and the discussion of, any subject specified in the rules, shall be construed as if they prohibited the asking of questions on, and the discussion of, any subject relating to those territories in the Legislative Council of the Governor of Bengal, save with the sanction of the Governor. 4. Section 46 (*1*) of the said Act shall be construed in its application to these territories as if the words "in relation to reserved subjects" and the words "and in relation to transferred subjects (save as otherwise provided by this Act) by the Governor acting with ministers appointed under this Act" were omitted.

Chief Secretary
to the Government of Bengal.

GEORGE R. I.

Instructions to the Governor of the Presidency of Bengal.

WHEREAS by the Government of India Act provision has been made for the gradual development of self-governing institutions in British India with a view to the progressive realisation of responsible government in that country as an integral part of Our Empire, and whereas it is Our will and pleasure that in the execution of the office of Governor in and over the Presidency of Bengal you shall further the purposes of the said Act to the end that the institutions and methods of Government therein provided shall be laid upon the best and surest foundations, that the people of the said Presidency shall acquire such habits of political action and respect, such conventions as will best and soonest fit them for self-government, and that Our authority and the authority of Our Governor-General in Council shall be duly maintained.

Now, therefore, We do hereby direct and enjoin you and declare Our will and pleasure to be as follows :—

1. You shall do all that lies in your power to maintain standards of good administration, to encourage religious toleration, co-operation, and good-will among all classes and creeds, to ensure the probity of public finance and the solvency of the Presidency and to promote all measures making for the moral, social and industrial welfare of the people and tending to fit all classes of the population without distinction to take their due share in the public life and government of the country.

2. You shall bear in mind that it is necessary and expedient that those now and hereafter to be enfranchised shall appreciate the duties, responsibilities and advantages which spring from the privilege of enfranchisement, that is to say, that those who exercise the power henceforward entrusted to them of returning representatives to the Legislative Council being enabled to perceive the effects of their choice of a representative and that those who are returned to the Council being enabled to perceive the effects of their votes given therein shall come to look for the redress of their grievances and the improvement of their condition to the working of representative institutions.

3. In as much as certain matters have been reserved for the administration according to law of the Governor in Council in respect of which the authority of Our Governor-General in Council shall remain unimpaired while certain other matters have been transferred to the administration of the Governor acting with a Minister, it will be for you so to regulate the business of the Government of the Presidency, that so far as may be possible, the responsibility for each of these respective classes of matters may be kept clear and distinct.

4. Nevertheless you shall encourage the habit of joint deliberation between yourself, your Councillors and your Ministers in order that the experience of your official advisers may be at the disposal of your Ministers and that the knowledge of your Ministers as to the wishes of the people may be at the disposal of your Councillors.

5. You shall assist Ministers by all the means in your power in the administration of the transferred subjects and advise them in regard to their relations with the Legislative Council.

6. In considering a Minister's advice and deciding whether or not there is sufficient cause in any case to dissent from his opinion you shall have due regard to his relations with the Legislative Council and to the wishes of the people of the Presidency as expressed by their representatives therein.

7. But in addition to the general responsibilities with which you are, whether by statute or under this instrument, charged, We do further hereby specially require and charge you—

(1) to see that whatsoever measures are in your opinion necessary for maintaining safety and tranquillity in all parts of your Presidency, and for preventing occasions of religious or racial conflict are duly taken and that all orders issued by Our Secretary of State, or by Our Governor-General in Council on Our behalf, to whatever matters relating, are duly complied with ;

(2) to take care that due provision shall be made for the advancement and social welfare of those classes amongst the people committed to your charge who, whether on account of the smallness of their number, or their lack of educational or material advantages, or from any other cause specially rely upon Our protection and cannot as yet fully rely for their welfare upon joint political action, and that such classes shall not suffer or have cause to fear neglect or oppression ;

(3) to see that no order of your Government and no act of your Legislative Council shall be so framed that any of the diverse interests of, or arising from, race, religion, education, social condition, wealth or any other circumstance may receive unfair advantage, or may unfairly be deprived of privileges or advantages which they have heretofore enjoyed, or be excluded from the enjoyment of benefits which may hereafter be conferred on the people at large ;

(4) to safeguard all members of Our services employed in the said Presidency in the legitimate exercise of their functions, and in the enjoyment of all recognised rights and privileges, and to see that your Government order all things justly and reasonably in their regard, and that due obedience is paid to all just and reasonable orders and diligence shown in their execution ;

(5) to take care that while the people inhabiting the said Presidency shall enjoy all facilities for the development of commercial and industrial undertakings no monopoly or special privilege, which is against the common interest, shall be established and no unfair discrimination shall be made in matters affecting commercial or industrial interests.

8. And We do hereby charge you to communicate these Our Instructions to the members of your Executive Council and your Ministers and to publish the same in your Presidency in such manner as you may think fit.

The following notification, issued by the Government of India in the Home Department, is republished for general information.

of the district,

Subdivisional Magistrate of the district.

Conditions.

1. This licence is granted subject to all the provisions of the Indian Arms Act, 1878 (XI of 1878), and of the Indian Arms Rules, 1920.

2. It covers only the Mess, Club or Association named and the arms and ammunition described therein.

3. The Mess, Club or Association, at the time of purchasing any new arms, and in the North-West Frontier Province at the time of purchasing ammunition, shall cause the following particulars to be endorsed upon its licence under the vendor's signature, namely :—

(*a*) the name, description and residence of the person who takes delivery of the articles purchased on behalf of the Mess, Club or Association ;

(*b*) the nature and quantity of the articles purchased ; and

(*c*) the date of purchase.

4. The Mess, Club or Association shall not purchase ammunition in excess of the maximum which may from time to time be fixed by the local Government.

5. Save where the local Government directs the omission of this condition, the Mess, Club or Association shall forthwith give information at the nearest police-station of the loss or theft of any arms covered by the licence.

6. The licence does not authorise any member of the Mess, Club or Association to keep Government arms or ammunition.

Explanation.—For the purposes of this condition—

(*a*) "Government arm" means a firearm or other weapon which is the property of the Government ;

(*b*) "Government ammunition" means ammunition manufactured in a Government factory or prepared for and supplied to Government.

7. The local Government may require any firearm or ammunition possessed by the Mess, Club or Association to be registered in such manner as the local Government thinks fit.

8. The authority granting the licence has the right to inquire at any time during the currency of the licence whether the weapons for which it has been granted are still in the possession of the Mess, Club or Association and to require the production of such weapons for the purposes of such enquiry."

S. P. O'DONNELL,

Offg. Secretary to the Govt. of India.

No. 8340 A.—The 29th December 1920.—The following Resolution by the Government of India, Department of Education (Ecclesiastical), is republished in the *Calcutta Gazette* for general information :—

No. 448, dated Delhi, the 18th November 1920.

RESOLUTION—By the Government of India, Department of Education, Ecclesiastical.

As a sequel to the action taken on the Report of the Royal Commission on the Public Services in India, the Government of India have for some time had under consideration the question of the pay of chaplains on the Ecclesiastical Establishment as well as the rate of allowances given to other clergy. The Government of India are pleased to announce, with the approval of His Majesty's Secretary of State for India, the following revision :—

2. *Chaplains of the Indian Ecclesiastical Establishment* (Anglican and Scottish).

(*i*) The rates of pay will be as follows :—

	Rs.		Rs.
1st year	600	11th year	900
2nd "	625	12th "	950
3rd "	650	13th "	1,000
4th "	675	14th "	1,050
5th "	700	15th "	1,100
6th "	725	16th "	1,150
7th "	750	17th "	1,200
8th "	775	18th "	1,250
9th "	800	19th " and thereafter ...	1,300
10th "	850		

(*ii*) No pay higher than Rs. 600 will be granted to any chaplain appointed at an earlier age, until he has completed his twenty-eighth year of age. On completing 28 years of age he will be entitled to draw Rs. 625, if he has already put in 12 months' service, and from that point will advance by the ordinary annual increments.

(*iii*) A chaplain, who on appointment is over 30 years of age, will start in the time-scale one year in advance of the minimum for each completed year, up to a maximum of 5 years, by which his age on appointment exceeds 30 years.

(*iv*) Time spent in India on service under the Additional Clergy Society or on other approved service, which already, under Article 576, Civil Service Regulations, counts for probation and pension, will, in future, be permitted to count also for increments of pay up to a maximum of two years.

(*v*) The concessions announced in sub-paragraphs (*iii*) and (*iv*) above will not be cumulative.

(*vi*) Furlough allowances will be given under the ordinary rules contained in Articles 316 (*c*), 316-A (*e*) (*ii*), 317 (*ii*) and 319 of the new leave rules published with the Finance Department Resolution No. 1367-C. S. R., dated the 29th July 1920. But, as this change involves a lower rate of allowance after the expiry of the first two years of each separate period of furlough, any chaplain who was on furlough between the 1st December 1919 and the 30th September 1920 (the date of the Secretary of State's orders) may have his choice of continuing on the old rates or coming under the new rates until the conclusion of his furlough. The allowances will invariably be governed by the new scale in the case of chaplains taking furlough with effect from any date subsequent to the 29th September 1920.

(*vii*) A further announcement will be made regarding rates, etc., of pension.

(*viii*) All other conditions of service will remain as at present, with this exception, that Article 600 (*a*), Civil Service Regulations, under which a chaplain is compelled, unless specially exempted, to retire after 25 years' service, will be cancelled.

In announcing these terms of pay, the Government of India desire to point out that claims had been urged from various quarters that rent-free houses or allowances in lieu of house-rent should be accorded to chaplains. This point has been carefully considered. It has, however, been decided that a more appropriate method would be to accord a rate of pay sufficient to meet expenses in connection with housing. It is to be clearly understood that the rates of pay announced above have been definitely calculated so as to take such expenses into account.

3. *Aided clergy.*—(Anglican and Scottish). Clergy officiating under Article 602, Civil Service Regulations, will be eligible for an allowance of Rs. 125 a month. The allowance granted to clergy under Article 603, Civil Service Regulations, will be Rs. 200 a month, the amounts which local Governments and Administrations are permitted annually to spend for meeting the provisions of that Article being proportionately raised.

4. *Roman Catholic chaplains in civil stations.*—Where a Roman Catholic priest receives an allowance of Rs. 100 a month, he will now receive Rs. 125 a month. Where such a priest receives Rs. 150 he will receive Rs. 200 a month.

5. *Clergy employed at railway centres.*—Such clergy ordinarily receive allowances of Rs. 150 a month. These allowances will now be raised to Rs. 200 a month. In cases where the present allowance is less than Rs. 150, a proportionate increase will be given.

6. The revision announced in the preceding paragraphs will take effect from the 1st December 1919 in all cases [with the exception of furlough allowances in any case where a chaplain elects to remain under the old rules in the manner described in paragraph 2 (*vi*) above].

7. The revision now sanctioned does not apply to ministers of religion whose grants and allowances are dealt with in Army Regulations, India, Volume I, Articles 380 to 396. The case of these is under separate consideration.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the local Governments and Administrations, the Departments of the Government of India noted on the margin, the Comptroller and Auditor General, the Bishop's Chaplain, Calcutta, and the Presidency Senior Chaplain, Church of Scotland, Bengal, Calcutta, for information.

KING'S POLICE MEDAL.

NOTIFICATION.

(POLICE.)

Delhi, the 1st January 1921.

No. 1.—His Majesty the KING, EMPEROR OF INDIA, has been pleased to confer the King's Police Medal, including in two cases, a bar to the Medal previously added, on the following officers and men of the Indian Police establishments :—

* * * * * *

BENGAL.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
14 Rasiduddin Ahammad, Head Constable. 15 Harendra Nath Chakrabatti, Head Constable.	These two Head Constables on the night of the cyclone in September 1919 rendered conspicuous service in saving the lives of others at the risk of their own lives at Lakhipasha in the Narail subdivision of the Jessore district. They rescued women and children by dragging them out of falling houses, and their courage and presence of mind were specially brought to the notice of Government by the Special Commissioner in charge of cyclone relief work.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
16 Mohendra Nath Mukherji, Inspector, Calcutta Police.	This officer joined the Bengal Police as a 2nd grade writer constable in the year 1892 and by sheer merit has risen to the rank of Inspector. He has shown marked detective ability and his services have earned the special commendation of Government. He is at present the senior Inspector in the Calcutta Detective Department, where he has shown himself a most trustworthy and zealous officer and where his work has been of an exceptionally high standard. His intimate knowledge of Calcutta criminals is of the utmost value. During 1919, he succeeded in detecting and prosecuting to a conviction a gang which was responsible for 8 murders of public women. He has also tracked down the criminals responsible for a burglary committed more than a year previously; property to the value of more than 50,000 rupees was recovered by him and the criminals convicted.
17 Didar Husain, Sub-Inspector of Police.	This officer displayed great bravery and presence of mind during the *hat* looting disturbances in December 1917, in dealing with a mob numbering about 400 persons which had collected in front of a Marwari's shop at Sundarganj in Rangpur and threatened to loot it. He ordered the mob to disperse but, as they refused, he sent for three muskets from the police station and warned the mob, which had already started looting, that he would fire on them if they did not disperse. The mob then attacked the police. The Sub-Inspector fired and wounded two of them, with the result that the crowd dispersed at once and looting stopped. His prompt action had an excellent effect in preventing crime and saving property.
18 George Woods Dixon, Superintendent of Police, Officiating Deputy Inspector General, Intelligence Branch, Criminal Investigation Department, Bengal.	This officer joined the Indian Police in 1906 and was employed on district work till September 1916 when he was specially selected for executive work in the Intelligence Branch of the Criminal Investigation Department at a time when that work involved heavy and dangerous duties. He is most careful and sound in his judgment and can be trusted to conduct the most intricate cases. He was appointed in 1918 to hold charge temporarily of the Intelligence Branch, Criminal Investigation Department, and has again been in charge since April 1919. Throughout his service in the Intelligence Branch, he has shown great devotion to duty and has performed valuable political and secret work at considerable personal risk.
19 Bharat Chandra Mukharji, Head-Constable.	This officer entered the service as a Head-Constable in January 1909 and is now attached to the Central Intelligence Branch. He has on several occasions exhibited unusual courage and tact in conducting enquiries of a secret nature involving considerable personal danger and also in the collection of valuable information which could not have been procured otherwise than by hazardous experiments which he successfully put into operation.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
20 Derajuddin, Constable.	This Constable showed conspicuous gallantry in the arrest of a notorious offender who had escaped from custody. The man was armed with a *ramdao* and when resisting attack was tackled and captured by the Constable who was armed only with a *lathi*.
21 Subodh Chandra Chakrabartti, Inspector of Police.	This officer entered service as a Head-Constable in 1903, received promotion to the rank of Sub-Inspector in 1905 and was specially selected as Inspector in 1918. His work has been marked by conspicuous courage and ability.
22 Shaj Mahamad, Head-Constable.	This Head-Constable showed great gallantry when deputed in September 1919 to arrest a notorious dacoit who had been absconding since 1916. The Head-Constable was unarmed and the dacoit turned on him and inflicted injuries with a knife, but the Head-Constable grappled with him and held him till assistance arrived.
23 Thakur Singh, Officiating Inspector of Police.	This officer has rendered nearly 36 years' service of exceptional ability and merit. He received special rewards for saving life and property in the earthquake in Assam in 1897, for arresting a dangerous armed criminal, on which occasion he was shot in the head, and for the arrest of 10 other dangerous criminals and escaped convicts. He did excellent work as drill instructor in the Rajshahi Constables' Training School, and as Sub-Inspector and officiating Inspector in the Rangpur armed police he has brought that force to a high degree of efficiency.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Architectural Scholarship.

APPLICATIONS are invited for a scholarship to be granted by the Government of India for the training of an Indian student in architecture.

2. The scholarship will be of Rs. 100 a month for the first, Rs. 125 for the second and Rs. 150 for the third year; should it be extended beyond the third year, it will remain at Rs. 150.

3. The scholarship will be granted for achitectural training at the office of the Consulting Architect to the Government of Bombay (where the scholar will also attend the architectural classes at the Sir J. J. School of Art), and subsequently in the Archæological Department. Provided that the scholar shows special aptitude for archæological work his scholarship, which, in the first instance, will be given for one year only, may be extended to two or more years, according to the discretion of the Director-General of Archæology.

4. Ordinarily the candidate for a scholarship must have taken the B. A. or other equivalent degree in an Indian University, but these qualifications may be dispensed with in an exceptional case. He must produce a medical certificate of physical fitness to undergo the proposed courses of study at Bombay.

5. The final selection of the candidate will rest with the Government of India, but a nomination will be made by the Government of Bengal.

6. The candidate when selected will have to proceed to Bombay and report himself to the Consulting Architect to the Government of Bombay, and his scholarship will be payable from the date of the report of his arrival in Bombay.

7. As it is not intended that the scholarship should be a living wage, but should merely help the student in his career, no candidate will be nominated who does not possess some means of livelihood other than those to be drawn from the scholarship.

8. Although no guarantee can be given as to the employment of an ex-scholar in Government service, Government is anxious to secure promising Indian recruits for the Archæological Department, and should a scholar prove himself capable of good work, there is every prospect that he will find an opening in this Department. Applications should reach the Secretary to the Government of Bengal, General Department, not later than the 15th of January 1921.

L. S. S. O'MALLEY, Secy. to the Govt. of Bengal.

Writers' Buildings, Calcutta, the 22nd December 1920.

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE LAND REVENUE ADMINISTRATION OF THE PRESIDENCY OF BENGAL FOR THE YEAR 1919-20.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 18TH DECEMBER 1920.

RESOLUTION No. 11172L.R.

READ—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency of Bengal for the year 1919-20.

The Hon'ble Mr. (now Sir) Charles J. Stevenson-Moore held charge as Member of the Board of Revenue from the beginning of the year to the 30th

June and from the 11th October 1919 to the end of the year, and the Hon'ble Mr. F. C. French during the intervening period.

2. *General conditions of the year.*—The year under report started unfavourably. Northern Bengal had not fully recovered from the effects of the floods of 1918; Western Bengal was feeling the effect of the drought and consequent failure of crops; while prices of all the necessaries of life were ruling very high over the whole of Bengal. The poor supply of rain from the monsoon of 1919, and its defective distribution adversely affected the outturn of crops especially in the Western districts. Repeated failure of crops on account of drought culminated in famine in Bankura which was declared in May 1919. Gratuitous relief centres were opened throughout the district, and relief works were started and agricultural and land improvement loans were freely distributed. The situation was fortunately relieved by bumper crops in the autumn. Distress also appeared in portions of the Chittagong Hill Tracts owing to the failure of *jhum* crop. Agricultural loans relieved the distress. In the Brahmanbaria subdivision of the Tippera district it was found necessary to open test-works for relief and to continue the distribution of agricultural loans commenced in the previous year in consequence of the poor outturn of crops.

The condition prevalent in the Presidency reacted on the health of the population and there were general outbreaks of diseases such as malaria, cholera, small-pox, influenza and dysentery.

3. In September 1919, a phenomenal cyclone passed through Khulna, a portion of Jessore and the districts of Faridpur and Dacca as far as Mymensingh and the western portion of Tippera and left death and desolation in its track. About 3,500 lives were lost and the total number of cattle reported to have been killed was 38,951. The damage to house property and trees was unprecedented. Government and private contributions of assistance and money were given and loans and gratuitous relief were freely granted to alleviate the distress.

4. The report gives an indication of the material prosperity of the people in general, except in the famine-stricken areas and the areas visited by the cyclone and amongst the middle classes with fixed incomes who suffered owing to the general high prices. The cultivators, however, got a good price for their surplus stock; and it must be for this reason that there was an increase in the percentages of collections of both land revenue and cesses. The prevailing economic conditions had otherwise little effect on the revenue administration of the province. Several industries, *e.g.*, the engineering firms and jute and cotton mills in the districts of 24-Parganas, Hooghly and Howrah, flourished and found employment and good wages for labourers. There was an extension of tea cultivation in the Terai and Duars in spite of the low price of the finer varieties of tea owing to the loss of the Russian market. On the other hand, the cotton-weaving, the silk-reeling and weaving, and the brass and bell metal industries prospered only in Bankura, Malda and Midnapore, respectively, while there was a general decline of these industries elsewhere owing to the exorbitant prices of raw materials.

5. *Land revenue demand and collections.*—The current demand of the year amounted to Rs. 2,76,47,171 showing a decrease of Rs. 2,80,656 as compared with that of the previous year, due to a part of the demand being transferred to the next year in Jalpaiguri owing to a change in the latest date of payment of arrears of revenue from 1st March to 1st April in respect of tea and jote lands. The collections amounted to Rs. 2,78,82,712 being 93·36 per cent. of the total and 100·85 per cent. of the current demand against 92·76 and 100·56 per cent., respectively, in the previous year. The remissions amounted to Rs. 3,31,623 out of which Rs. 2,18,369 were only nominal, being granted in compromise of civil suits between Government and settlement-holders of estates. The total land revenue demand was a little over one-fifth of the gross rental of the province.

6. *Road and public works cesses.*—The current demand showed a net increase of Rs. 83,547 due to valuation and revaluation proceedings and royalty receipts from mines. The percentage of total collections on the current demand rose from 98·7 to 101·8. The standard of 100 per cent. on the current demand was attained in 16 districts against 12 in the preceding year. Valuations and revaluations, partial or complete, were made in 13 districts and were completed in 7. The revaluations conducted by the Settlement Department were completed in Noakhali and were in progress in Rajshahi and Tippera.

7. *Revenue and cess money orders.*—The number of money orders for the remittance of land revenue and cesses decreased from 230,203 in the previous year to 228,117, but the amount covered by them rose from Rs. 20,54,538 to Rs. 21,52,603. The decrease in the number of orders and the increase in the amount are attributed to the more extended use of the combined form of money orders introduced for the remittance of land revenue and cesses.

8. *Coercive measures.*—The numbers of estates which defaulted in the payment of land revenue and became liable to sale and of those which were actually sold were 13,098 and 1,234, respectively, against 14,718 and 1,319 in the previous year. The percentage of sales to defaults was nearly the same as in the preceding year. As in the previous year Chittagong shows the largest number of defaults as well as of sales. The number of defaults was also large in Mymensingh, Midnapore and Dacca, and the proportion of sales to defaults was large in the 24-Parganas. The number of certificates filed during the year, including those for cesses, was 99,214 against 114,089 in the previous year, and the number pending at the close of the year was 30,756 against 36,036 of the preceding year. In the majority of cases payments were made on the issue of notices or on attachment of property. Actual sale was resorted to only in 5,563 cases or 4·6 per cent. of 120,396 cases disposed of during the year.

9. *Government estates.*—The total number of estates under direct management, including those of private individuals managed by Government, was 2,319 with an aggregate annual demand of Rs. 42,32,463. A sum of Rs. 1,53,858 was spent on miscellaneous and sanitary improvements out of which Rs. 66,463 were for drainage, irrigation and embankments. The expenditure on roads and communications was Rs. 3,02,525, of which Rs. 77,446 were met by Government and the balance from District Boards and other local funds. There were 2,466 schools in Government estates attended by 75,387 pupils, and the total expenditure on education amounted to Rs. 97,658, of which Rs. 52,182 were met by Government and the balance from local funds.

10. *Waste lands.*—The rules for the grant of waste land leases to large capitalists in the 24-Parganas and Khulna portions of the Sundarbans remained in abeyance, but land was reclaimed for raiyatwari settlements both in certain lots of the 24-Parganas portion as well as in Bakarganj. The progress made was satisfactory.

11. *Drainage, embankment and irrigation.*—Government have decided to bear the whole cost of the two projects for the improvement of the drainage of the Contai subdivision in Midnapore sanctioned in the previous year and to carry them out as works of public utility. They are now in progress. The estimate of cost in connection with the project for the drainage of the Amta basin in the district of Howrah was raised from Rs. 9,00,000 to Rs. 10,42,210. Steps were taken to carry out the preliminary legal procedure in connection with the three anti-malarial projects started during the preceding year in the districts of the 24-Parganas, Nadia and Jessore under the Bengal Sanitary Drainage Act. In the district of Tippera damage to crops and property is done almost every year owing to breaches in the Gumti embankments by floods; orders were accordingly issued during the year for taking those embankments under the charge of Government.

A Bill called the Bengal Agricultural and Sanitary Improvement Bill was introduced in Council with a view to amend the law relating to the construction of drainage and other works for the improvement of the agricultural and sanitary conditions of certain areas in Bengal. The Bill has passed into law since the close of the year.

12. *Partitions.*—Seventy-one cases were instituted during the year and 253 cases were pending from the preceding year. Of these, 70 cases were disposed of and 254 cases were left pending.

13. *Working of the Bengal Tenancy Act.*—The levy of *abwabs* or illegal cesses and the failure to grant rent receipts are still prevalent. There was an increase in the number of rent money orders as well as in the amount covered by them. The percentage of money orders refused by landlords to money orders sent fell from 16·3 to 15·7. Owing to economic difficulties there was an increase in the number of voluntary transfers as well as in the receipt and disposal of landlords' fees.

15. The thanks of Government are due to the Board for its efficient administration of the Land Revenue Department.

By order of the Governor in Council,

W. S. HOPKYNS,

Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 30th December 1920.

Summary.—The week was again rainless. The harvesting of winter paddy is well advanced. The outturn is generally reported to be fairly good. The condition and prospects of the spring crops are so far favourable. Rain is, however, wanted in some of the western districts for their growth. The average price of common rice for the province has remained stationary as compared with that of the previous week.

The normal surplus which may be expected in future, i.e., the difference between the average ordinary income and the average ordinary expenditure calculated on the figures in columns 13 to 15 and 17 to 19, respectively.	Remarks.
20	21
Average deficit is Rs. 47 per year.	(a) Increased in the last general revision of assessment. (b) Out of this amount Rs. 874 was expended for burning bricks for mothers' quarters from the accumulated surplus under that head. Hence it is not ordinary expenditure. (c) Out of these amounts Rs. 1,031 in 1916-17, Rs. 138 in 1917-18 and Rs. 1,415 in 1918-19 were expended to meet the cost of litigation which is not and cannot be ordinary expenditure. (d) Half the amount of Rs. 450 has been contributed to the municipal park fund and other half to the local charitable dispensary fund by one Babu Shew Narain Agarwalla and this receipt being abnormal has been separately shown in this column instead of under heading (d). (e) These amounts have been expended for im[illegible] of the existing drainage principally under estimate prepared by the [illegible] Engineer. These are not ordinary expenditure, hence separately shown. These amounts and the amounts shown in columns 17, 18 and 19 in heading (e) will make up the amounts as shewn in the annual accounts.

In addition to the details required on the reverse, clear information should be given below under the following heads:—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the Municipality has taken, or has agreed to take, in order to make good the deficiency.

From the statement it will appear that there was surplus of Rs. 357 in 1916-17, Rs. 18 in 1917-18 and a deficit of Rs. 517 in 1918-19. The average deficient for the above three years being Rs. 47 per year. This deficit was due to two expensive suits against the municipality which eventually ended in success of the municipality in the High Court, Rs. 1,347-15-6 being realised as costs and interest on 23rd March 1920. Besides Rs. 874 was expended from surplus head in 1918-19 for burning of bricks now lying in stock for methors' quarters. Had there been no occasion of these extraordinary expenditures, the municipal account would have shown a clear satisfactory surplus.

(*b*) The reserve of taxation or other possible means of increase in the revenues of the Municipality.

The number of pucca buildings is increasing every year in the town resulting in a progressive annual increase of municipal revenue. Rupees 430 being the increased revenue of the last year.

(*c*) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

Rupees 10,000 was borrowed in two instalments, Rs. 4,000 on the 1st February 1913 and Rs. 6,000 on the 2nd February 1914 for carrying out the drainage scheme. The annual charges involved being Rs. 731-1-10 towards repayment. Rupees 7,569-9-1 still payable.

(*d*) Any explanations in regard to receipts and expenditure to show the true financial position of the Municipality when such position is otherwise than the ordinary surplus, would indicate.

L. S. S. O'MALLEY,
Secretary to the Government of Bengal.

Tablets, Pastilles, Lozenges, etc., containing ingredients other than Opium. Cocaine and their derivatives.
Tooth-powders containing not more than 20 per cent. coal tar derivatives.

SAMPLES.

An open General Licence has been issued which permits the free export of all *bona-fide* samples of prohibited goods to all destinations with which trade is now permitted. Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Import and Export Licensing Section; but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they

have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bona-fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Import and Export Licensing Section is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

OPEN GENERAL LICENCE FOR THE EXPORT OF SMOOTH-BORE GUNS AND MUNITIONS FOR USE THEREWITH.

An Open General Licence has been issued for the export of smooth-bore guns and munitions for use therewith, to the destinations given below, to which, therefore, exports may be made subject to the usual Customs formalities without applications for specific licences to the Import and Export Licencing Section.

British Possessions and Protectorates (*see* note below).
French Possessions and Protectorates (*see* note below).
United States of America.
South America.
Japan and Korea.
France, Belgium. Spain, Portugal, Greece, Italy, Jugo-Slavia, Roumania, Norway, Sweden. Denmark, Holland, Switzerland, Iceland, Czecho-Slovakia, Panama, Nicaragua, Honduras, Guatemala, Costa Rica, Cuba, San Salvador, San Domingo, and Hayti.

In accordance with Article 6, Chapter 2 of the "Convention for the Control of the Trade in Arms and Ammunition," all consignments of Arms and Ammunition proceeding into or through any of the Prohibited Areas set out below will require a Specific Export Licence.

The Prohibited Areas are:—

(1) The whole of the Continent of Africa, with the exception of Algeria, Libya, and the Union of South Africa. (Within this area are included all islands situated within a hundred nautical miles of the coast, together with Prince's Island, St. Thomas Island and the Islands of Annobon and Socotra.)

(2) Transcaucasia, Persia, Gwadar, the Arabian Peninsula and such continental parts of Asia as were included in the Turkish Empire on August 4, 1914.

(3) A maritime zone including the Red Sea, the Gulf of Aden, the Persian Gulf and the Sea of Oman and bounded by a line drawn from Cape Guardafui, following the latitude of that cape to its intersection with longitude 57° east of Greenwich, and proceeding thence direct to the eastern frontier of Persia on the Gulf of Oman.

OPEN GENERAL LICENCE FOR THE EXPORT OF AIRCRAFT, ETC.

An Open General Licence has been issued for the export of the undermentioned goods to all destinations except Russia, Germany, Hungary, Austria, Turkey and Bulgaria. Applications are no longer to be made to the Import and Export Licensing Section of the Board of Trade in respect of the export of these goods to countries other than those mentioned.—"Aeroplane engines and their component parts. Aircraft, other than balloons of all kinds, and their component parts, together with accessories and articles suitable for use in connection with aircraft."

OPEN GENERAL LICENCE FOR THE EXPORT OF PARCELS CONTAINING MISCELLANEOUS FOODSTUFFS

An Open General Licence has been issued for the export by parcel post of parcels containing one or more varieties of foodstuffs (for the personal use of the addressee and *not* for trading purposes) to all destinations with which trading is allowed, provided that any such parcel may not contain more than two pounds of sugar or more than one pound of butter. Applications need, therefore, no longer be submitted to the Import and Export Licensing Section in respect of the export of such parcels by parcel post.

EXPORT OF COAL, COKE, BRIQUETTES, ETC.

The export of coal, etc., is regulated by the Mines Department, Victoria Street, London, S. W. 1. All communications respecting coal, etc., should be addressed to that Department.

NOTES REGARDING EXPORT TO CERTAIN COUNTRIES.

Exporters are warned that there are import prohibitions in some foreign countries, information regarding which can be obtained from the Department of Overseas Trade, 35, Old Queen Street, Westminster, S W. 1. and 73, Basinghall Street, E. C. 2. The issue of an export licence implies no guarantee that the goods will be admitted into the country of destination.

There is no parcel post to Esthonia, Jugo-Slavia (except Dalmatia), Lettland (Latvia), Lithuania, Poland.

Germany.—Gift parcels sent by parcel post may enter Germany without import licence and also free from duty and taxes, provided they do not contain more than 2 kilos (70 ozs.) of tobacco.

Russia (European).—Conditions under which trading with European Russia will be permissible are at present under consideration.

Syria.—A Parcel Post Service is in operation north of Acre to Alexandretta and west of Aleppo, including—

Beyrout, Damascus, Hamah, Homs, Latakia. Rayak and Tripoli.

Turkey.—Parcels for civilians in Turkey and Smyrna will only be accepted if they are fully addressed "c/o Poste Restante, British Army Post Office, Constantinople" (or Smyrna), and parcels must be *called* for at the British Post Offices.

URGENT ORDERS.

The Import and Export Licencing Section, Board of Trade, announces that firms receiving orders which require immediate acceptance may telegraph details of any such order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to "Derestim, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the country of destination. A reply of 24 words must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to The Director, Import and Export Licensing Section, Board of Trade, Great George Street, S. W. 1.

LAND SALE NOTICES.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated along the Kancoorgache Chord of Eastern Bengal Railway in district of the 24-Parganas, will be put up to sale at 1 o'clock on Monday, the 28th February 1921, corresponding with 16th Falgoon 1327 B. S. at the Land Acquisition Collector's Office, 2 and 3, Commercial Buildings, Calcutta.

The purchasers of the plot of land will be subject to the following conditions :—

1st—The purchaser will have no power to make any excavation on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than 3 feet from the same.

2nd—If the amount of purchase money does not exceed Rs 100 the whole amount must be paid down at once.

3rd—If the amount of purchase money exceed Rs. 100 one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

4th—The plot of land will be sold revenue free to the highest bidder

5th—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it and a regular conveyance will then be granted to the purchaser.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

Architectural Scholarship.

APPLICATIONS are invited for a scholarship to be granted by the Government of India for the training of an Indian student in architecture.

2. The scholarship will be of Rs. 100 a month for the first, Rs. 125 for the second and Rs. 150 for the third year; should it be extended beyond the third year, it will remain at Rs. 150

3. The scholarship will be granted for achitectural training at the office of the Consulting Architect to the Government of Bombay (where the scholar will also attend the architectural classes at the Sir J. J. School of Art), and subsequently in the Archæological Department. Provided that the scholar shows special aptitude for archæological work his scholarship, which, in the first instance, will be given for one year only, may be extended to two or more years, according to the discretion of the Director-General of Archæology.

4. Ordinarily the candidate for a scholarship must have taken the B. A. or other equivalent degree in an Indian University, but these qualifications may be dispensed with in an exceptional case. He must produce a medical certificate of physical fitness to undergo the proposed courses of study at Bombay.

5. The final selection of the candidate will rest with the Government of India, but a nomination will be made by the Government of Bengal.

6. The candidate when selected will have to proceed to Bombay and report himself to the Consulting Architect to the Government of Bombay, and his scholarship will be payable from the date of the report of his arrival in Bombay.

7. As it is not intended that the scholarship should be a living wage, but should merely help the student in his career, no candidate will be nominated who does not possess some means of livelihood other than those to be drawn from the scholarship.

8. Although no guarantee can be given as to the employment of an ex-scholar in Government service, Government is anxious to secure promising Indian recruits for the Archæological Department, and should a scholar prove himself capable of good work, there is every prospect that he will find an opening in this Department. Applications should reach the Secretary to the Government of Bengal, General Department, not later than the 15th of January 1921.

L. S. S. O'MALLEY, Secy. to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL IRRIGATION REPORT FOR THE YEAR 1919-20.

GOVERNMENT OF BENGAL.

IRRIGATION DEPARTMENT.

RESOLUTION—No. 60681.

CALCUTTA, THE 31ST DECEMBER 1920.

Read—

The Annual Irrigation Revenue Report for the year 1919-20.

The Major Irrigation Works in Bengal are the Midnapore and Hijli Tidal Canals. The works are in operation. **The Minor Works** for navigation are the Calcutta and Eastern Canals, the Madaripore Bil route, a portion of the Orissa Coast Canal, the Nadia Rivers and the Gaighatta and Buxi Khal. The only irrigation work of this class is the Eden canal. Training works on the rivers Ganges, Bhagirathi, Dhaleswari and Buriganga and Anti-malarial drainage works carried out by this Department at the cost of Government are classed under this head.

2. The Capital outlay on the major works to the end of March 1920 amounted to Rs. 1,11,10,529. The works constructed for this outlay comprise two weirs across the Cossye river at Midnapore and at Panchkura and 98·75 miles of main and branch canals, of which 69·75 miles provide for both irrigation and navigation and 29 miles for navigation only; there are in addition 254·5 miles of distributaries. The Terapakia Pass Khal, Palaboni Khal and the Khal leading to the Gewankhali lock entrance, of which the aggregate length is 20·75 miles, are also maintained for navigation and included as part of the Hijli Tidal Canal. During the year under review no addition was made to the length of the canals or distributaries.

3. The total receipts from the Major Works amounted to Rs. 3,19,058 and the working expenses to Rs. 2,20,219, the result being a net revenue of Rs. 98,762 against Rs. 62,142 in the preceding year. This improvement is chiefly due to the decrease in working expenses of the Hijli Tidal Canal on which there was no expenditure during the year on silt clearance operations. The general revenues of these canals which depend considerably upon receipts from navigation have suffered of late years from railway competition. During the year under review there was, however, some increase in navigation receipts from the Hijli Tidal Canal due to better crops and to improved transport facilities.

4. The area irrigated during the year was 89,692 acres as compared with 80,749 acres in 1918-19 and an average of 84,454 acres for the triennium ending March 1919. The increase was due to the renewal of lapsed leases.

5. The capital outlay on canals classed as minor works and navigation was Rs. 7,24,819 during the year and Rs. 1,48,70,704 to the end of the year. The receipts for the year amounted to Rs. 7,97,448 and the working expenses to Rs. 10,03,047.

The financial results of the year and the capital expenditure to date are exhibited in the following statement:—

	Capital expenditure Direct and Indirect.		Receipts of the year less refunds.	Expenditure of the year less refunds.	Net revenue of the year.	Net revenue of the previous year.

6. **The Calcutta and Eastern Canals** form a series of navigable channels, mostly natural but partly artificial, by which communication is maintained between Calcutta and Eastern Bengal. The receipts from navigation tolls amounted to Rs. 3,80,101 as compared with Rs. 4,53,867 in the preceding year. The decrease is chiefly due to partial failure of the crops in Eastern Bengal. The capital outlay incurred during the year was expended on the purchase of coaling plant for the dredgers "Foyers" and "Alexandra" and on the excavation of a channel between the Kankrabunia khal and Channel Creek in the Sundarbans steamer route. The work was in progress and was very nearly completed. It will serve as an alternative to the Doagra channel which is rapidly dying.

7. The capital expenditure during the year on the **Madaripur Bil Route,** which connects the Madhumati and Kumar rivers in the district of Faridpur, was incurred chiefly on the work of widening and deepening the main channel of the route which was in progress during the year. The receipts from

navigation tolls amounted to Rs. 3,40,003 as compared with Rs. 3,48,074 in the preceding year. These works gave a return of Rs. 4·3 per cent on capital cost during the year.

8. **The Orissa Coast Canal** in conjunction with the Hijli Tidal Canal affords communication between Bengal and Orissa and before the opening of the Bengal-Nagpur Railway was the only inland route by which supplies of food could be conveyed into Orissa in time of famine. This canal which is intended for navigation only, now lies partly in this Presidency and partly in the province of Bihar and Orissa. The receipts and working expenses (direct and indirect) for the portion within Bengal were, respectively Rs. 16,512 and Rs. 10,728 as against Rs. 17,098 and Rs. 9,666 in the year 1918-19.

9. The work in the **Nadia Rivers** consists in the training of the river channels by bandals with the two-fold object of maintaining by the scouring of shoals a sufficient depth of water for boat traffic and at the same time improving the sanitation of the country. The Hooghly river also depends on these rivers for its head waters. The report of the committee appointed in February 1917 to advise Government on the steps to be taken to carry out systematic observations of the changes in the Nadia Rivers, and also, if possible, to improve their conditions as navigable channels and as feeders for the Lower Hooghly is still under the consideration of Government. The only outcome so far has been the constitution of a permanent Board whose duty it will be to examine all important projects which are likely to restrict the free flow of flood water.

10. **The Gaighatta and Baxi Khal** is a short channel connecting the rivers Damodar and Rupnarain. A sum of Rs. 4,220 was spent during the year on the upkeep of the khal. The collection of tolls on boat traffic has been leased out for three years from 15th May 1919 at a rental of Rs. 4,700 per annum.

11. **The Eden Canal** was originally constructed for sanitary reasons, but it is now used to some extent for irrigation. It was worked during the year at a loss of Rs. 11,495 against a similar loss of Rs. 29,501 in the preceding year.

12. The work in connection with the **improvement of the Bidyadhari river** by creating a spill reservoir for the flood tide was in progress during the year. The operations already undertaken have proved satisfactory; and it is expected that the continuation and extension of the operations will effect further improvement by which the life of the river will probably be prolonged for a number of years.

13. Surveys were continued during the year in connection with projects for mitigating the effects of the Damodar floods. Some of the works already started in this connection have been completed and others were in progress. Surveys were also carried out in connection with storage reservoirs in the basin of the Damodar and Barakar rivers. The Damodar Canal project was under revision during the year. It has lately been submitted to the Government of India.

14 (*i*). **Training works** were, as usual, carried out in the Dhaleswari and Buriaganga rivers to facilitate navigation and to improve the water-supply of the town of Dacca. The shoal at Postgolla on the Buriganga river was operated on by the dredger *Alpha* belonging to the India General Navigation and Railway Company. These operations were successful to a certain extent.

(*ii*) Training works were carried out also during the year through the agency of the India General Navigation and Railway Company, Limited, on the river Ganges between Rajmahal and Goalundo.

(*iii*) To improve navigation as well as the sanitary conditions and water-supply of the town of Rampur-Boalia, training works were carried out on the channel of the river Ganges.

(*iv*) At the mouth of the Bhagirathi river at its off-take from the river Ganges, no dredging operations were done during the year owing to adverse circumstances; endeavours were made to improve the entrance by means of bandalling only so as to improve sanitary conditions by an increased flow in the river. The operations were not successful.

15. **General.**—The most important problems with which the Irrigation Branch of the Public Works Department in Bengal have to deal are not connected with Irrigation properly so called, but are mainly concerned with the improvement of navigation and sanitary conditions and the control of flood water. The sanitation and drainage problems are often very difficult and of a far-reaching character, affecting, as they do, practically the whole of Bengal which is below the high flood level of the network of rivers which traverse it. These rivers, when active, spill over their banks during the rains and irrigate large areas of rice land, depositing the suspended silt, which both builds up the land and at the same time fertilises it. Some of the rivers, however, are no longer active, and in such cases the necessity arises of introducing artificial means of water-supply and drainage and so restoring the fertility of the tract and the health of the people, both of which deteriorate when the rivers become obstructed. The object in either case is to regulate the water or convey it on to the land and to provide for its final drainage after the crop has matured, and the problem is therefore one of a complex nature concerned with the control of the water-supply and its drainage in the interests of agriculture and sanitation and finding a middle course between these interests, when as happens in higher lands, they are to some extent antagonistic. Concerning the problem of improving means of navigation, Government have for several years been impressed by the urgent necessity of developing adequately these waterways systems and they have now with the sanction of the Secretary of State embarked upon the construction of the Grand Trunk Canal Project, which includes also the improvement by dredging of the existing channels from Kulti to the Pussur river known as the Trunk Route. The navigation projects prepared by the Executive Engineer on special duty in connection with the conservancy of the rivers Dhaleswari and Buriganga were under consideration during the year.

Investigations into the drainage conditions over large areas in the districts of Jessore, Nadia, 24-Parganas, Burdwan and Midnapore were continued and valuable information obtained.

16. The Irrigation Department during the year was in charge of the late Mr. F. A. A. Cowley, who died on the 15th September 1920. The Governor in Council recorded an expression of his deep regret of this untimely loss in the *Calcutta Gazette* of the 29th September 1920 in the following terms:—

"Mr. Cowley possessed a special and comprehensive knowledge of the many difficult drainage and hydraulic problems with which the Irrigation Department in Bengal is required to deal, and he devoted himself wholeheartedly to the task of reorganizing and developing this branch of the administration on adequate and improved lines. His work was marked by great ability and a high sense of duty, and by his death the State has lost the services of an officer of exceptional merit."

The special thanks of Government are due to Mr. Addams Williams, C.I.E., Superintending Engineer, on special duty, for the zeal and ability with which he conducted his enquiries into the drainage conditions in this Presidency.

The good work of other officers has also been noted by Government.

ORDER.—Ordered that a copy of this resolution be published in the *Calcutta Gazette* and a copy thereof and of its accompaniments be submitted to the Government of India in the Public Works Department and circulated to other Governments and to all departments and officers of this Government as usual.

By order of the Governor in Council,

C. P. WALSH,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT OF THE DEPARTMENT OF AGRICULTURE, BENGAL, 1919-20.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Agriculture.

CALCUTTA, THE 30TH DECEMBER 1920.

RESOLUTION—No. 11513 Agri.

READ—

The Report of the Department of Agriculture, Bengal, for the year 1919-20.

MR. R. S. FINLOW, officiated as Director of Agriculture during the year under review from the 13th May, when Mr. S. Milligan went on leave. Mr. K McLean, Deputy Director, was in charge of the Eastern Circle; and Rai Rajeswar Das Gupta Bahadur, Deputy Director. held charge of the Western Circle in addition to the Northern Circle during Mr. Smith's absence on leave from the former circle. Mr. Hector, the Economic Botanist, officiated as Agricultural Chemist till the 15th December 1919, when he handed over charge of the current duties of these offices to Mr. K. McLean on his appointment as officiating Imperial Economic Botanist at Pusa. The services of Mr. J. N. Chakravarti, Superintendent of Agriculture, were lent to Assam. The permanent strength of the Upper Subordinate Agricultural Service, which includes Farm Superintendents and District Agricultural Officers, was increased from 31 to 33. During the year an important change was made by the formation of a Lower Subordinate Agricultural Service of Demonstrators. Hitherto these officers held merely temporary appointments on Rs. 25 a month. A service has now been constituted on a time-scale of Rs. 30—2/2—50 a month. Eventually there will be one demonstrator in each thana (police-station).

2. The number of students from Bengal at the Agricultural College at Sabour in the province of Bihar and Orissa rose from 32 in the previous year to 43 in the year under review; of these, seven held scholarships awarded by District Boards, three by Government and one by the Education Department. Ten passed the final examination. In the resolution on the working of the department for the previous year it was stated that sanction had been accorded to the establishment of two Agricultural Vernacular Schools, one at Dacca and the other at Chinsura, for the training of the sons of cultivators in improvements in purely practical agriculture. The one at Dacca was opened in January 1920; and the other is expected to be completed in the current year. Help has also been afforded to two secondary schools in the teaching of agriculture. It is true that there has been a considerable recrudescence of public opinion in favour of agricultural education in schools, but the present efforts in this direction are of an experimental nature and the results of the experiments must be awaited before any extension is made by Government on a comprehensive scale. Steps were taken during the year to work out the scheme for the Agricultural Institute at Dacca on the lines recommended by the University Commission and for the acquisition of land for the same. The scheme aims at giving to young men who have already taken a course of pure science a thoroughly practical agricultural education up to the highest standard. Three district farms were opened in Mymensingh, Bogra and Comilla. Preparations are now in progress at different

stages for starting similar farms in Birbhum, Bankura, Murshidabad, Faridpur, Bakarganj, Jalpaiguri and the Chittagong Hill Tracts.

3. The results of the research work of the department during the year are interesting in that they reveal that the now classic races, the *kakya Bombai* variety of jute and the *indrasail* variety of paddy, are likely to be surpassed by other races discovered by a process of selection by the Department. Two strains of *Corchorus capsularis* have now, it is reported, definitely beaten *kakya Bombai*. They are not attacked by the obscure disease known as *chlorosis*. "Chinsura Green," a race of *Corchorus olitorius*, has been found to have an outstanding yielding capacity. A race of winter paddy. *dudsar*, has been discovered, which, it is hoped, will give a slightly better yield than *indrasail* and it ripens slightly earlier. The experiments in using *kataktara*, which is a broadcast highland rice in Eastern Bengal, as an early ripening transplanted rice, were continued with successful results in Western Bengal.

4. During the year under report, 1,812 maunds of *kakya Bombai* seed were sold at cost price, which was often substantially higher than the price paid for local seed. A total of about 4,800 maunds *indrasail* seed was distributed in ten-pound packets on condition that an equivalent amount should be returned after the harvest. There has been little extension of cultivation of this variety of rice, as the cultivators appear to have kept their surplus stocks for consumption and not for seed, but it is reported that the area under *kakya Bombai* was doubled during the year under review. In connection with the question of bringing improved seeds to the notice of cultivators, two statements in the report are of considerable interest. The first is that it seems that the cultivator is beginning to realise that it is worth while to pay a high price for a superior seed; and the second, that he has now got over his former diffidence in accepting advice offered him by the Agricultural Department.

5. The programme of demonstration is not, however, confined to rice and jute. As a result of the work on the Burirhat Farm, cultivators in the neighbourhood have begun to grow Sumatra tobacco; and a Co-operative Sale Society has been formed amongst them in order to enable them to procure the best market for their produce. A keen demand exists for the *tanna* variety of sugarcane, which has been tentatively chosen as the cane most suitable for distribution. On the other hand the results of cotton cultivation are, owing to natural conditions, not encouraging. The demand for bonemeal for transplanted paddy in the Burdwan Division has exceeded the quantity available for supply. The cultivation of ground-nut in the Burdwan Division continues to expand; and demonstrations have been now extended to unfertile high lands in the district of Nadia. Special attention was paid during the year to popularising the cultivation of *rabi* crops in the Rajshahi Division, where 1,800 maunds of seed were sold. The department during the year also rendered valuable services in the distribution by sale or loan of 15,100 maunds of *rabi* seeds in the areas affected by the cyclone of the 24th September. Cattle and fodder investigations at the Rangpur Cattle Farm were rigorously prosecuted during the year under review. Progress was also made in the investigation of diseases

6. During the year under review an important resolution, No. 631 T.R., dated the 7th June 1919, was published in the *Calcutta Gazette* explaining in some detail certain aspects of the organization and policy of the department. In that resolution the necessity of private effort as an important factor in agricultural development was emphasised and the formation of private agricultural associations of practical agriculturists to that end commended.. The present report shows that much satisfactory work on these lines has already been done. There are no less than 87 of such associations in Birbhum and nearly 200 altogether in the Burdwan Division. Over 100 rural associations have been formed in Eastern Bengal, of which there are 53 in Faridpur; there has also been some extension in Northern Bengal. With some exceptions they are doing useful work. In the same resolution a

reference was made to one way in which District Boards could co-operate with Government in the development of agriculture, namely, by helping in the establishment of farms; and it is gratifying to note that in addition to the cases of Pabna and Bakarganj mentioned last year, the District Board of Faridpur has come forward with an offer of a site for a farm in that district. Some District Boards are also employing officers of their own to carry out demonstrations of the improved agricultural produce recommended by the Agricultural Department; whilst good work is being done in Government and Court of Wards' estates in popularising the use of improved seed.

7. An important event of the year was the inaugural meeting of the Board of the Agricultural Department opened by His Excellency the Governor on the 18th March 1920, with a speech in which he traced the history of the department and reviewed its successes and potentialities for further success. To it a large number of visitors representative of the country was invited and many questions of practical interest were discussed. The department assisted at a number of agricultural exhibitions during the year. It is under contemplation to have small Government exhibitions annually at each district farm in order to develop a competitive spirit in the raising of good produce by the distribution of prizes.

8. There has been further progress in the development of sericulture during the year under review. The receipts from the sale of Government-examined seeds of silk-worms increased by 35 per cent. Twenty-eight per cent. of the total seed consumed is now reported to be Government-examined seed. It is believed that there has been a substantial expansion of mulberry cultivation on account of the good prices now obtainable for silk. The question of the reorganization of the sericultural branch of the department came under examination during the year; and sanction has been received for the creation of the appointment of a special Deputy Director of Sericulture.

9. As usual the report is a record of continued good work, both in the research and administrative branches. But it is still more encouraging to find it reported that though the department is often subject to hostile criticisms, the public, including the cultivators, are beginning to realise that it can and is doing good to the country. The Governor in Council has, therefore, much pleasure in acknowledging the services of Mr. Finlow, Fibre Expert, for his administration of the Department during the year, and of his assistants and of the public who have helped the Department in many ways. His Excellency in Council also takes this opportunity of expressing his regret at the loss of the services of Mr. S. Milligan, the late Director of Agriculture, on his appointment as Agricultural Adviser to the Government of India and of thanking him for the valuable work he did in Bengal during the time that he held the office of Director of the Agricultural Department.

By order of the Governor in Council,

W. S. HOPKYNS,
Secretary to the Government of Bengal (offg.).

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE ADMINISTRATION OF WARDS', ATTACHED AND TRUST ESTATES IN THE PRESIDENCY OF BENGAL FOR THE BENGALI YEAR 1326 (1919-20).

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue Branch.

CALCUTTA, THE 8TH JANUARY 1921.

RESOLUTION—No. 37.

READ—

The Report of the Board of Revenue on the administration of Wards', Attached and Trust Estates in the Presidency of Bengal for the Bengali year 1326 (1919-20).

Number of estates under management.—Four new estates came under the management of the Court of Wards during the year and four estates were released including the remaining portions of the Jaunbazar Estate, No. I. There were thus 69 estates under the Court of Wards at the close of the year as in the preceding year.

2. **Payment of Revenue and Cesses.**—The total amount of revenue and cesses due to Government, including arrears, was Rs. 13,33,471, of which 99 per cent., viz., Rs. 13,20,164, against 93 per cent. in the previous year, was paid during the year. The arrears were mainly due to shortage of funds in three estates.

3. **Rent and cesses due to superior landlords.**—The percentage of payment of the rent and cesses due to superior landlords was nearly the same as in the previous year, viz., 82·9 against 82·5. The balance of Rs. 1,14,659 out of a total demand of Rs. 6,57,003 was due to non-adjustment of accounts with co-sharer landlords, non-appearance of claimants and shortness of funds.

4. **Collection of rent and cesses.**—There was an improvement in the percentage of collections on current demand which rose from 103·5 in the preceding year to 105·9, although the cyclone of September 1919, which passed through several districts of Eastern Bengal, considerably affected collections in some estates. The standard of 100 per cent. was exceeded in 52 estates.

5. The outstanding balance due to all estates aggregated over 72 lakhs representing 153·1 per cent. on the current demand against 147·2 per cent. in the preceding year. The balance exceeded the current demand in all the Divisions. Nearly 26 lakhs of these balances are barred by limitation or are not recoverable. The Board is taking steps to have these sums removed from the accounts of the estates concerned.

6. **Civil suits.**—The number of certificates filed during the year for the recovery of rent and cesses decreased by 5,612, but the number of civil suits instituted increased by 455, as compared with those of the preceding year. Out of 31,332 certificates for disposal 17,535 were disposed of and [illegible] per cent. of the total claim was realised against 57·1 per cent. in the previous year. Of the civil suits for disposal which numbered 5,875, 4,113 cases were disposed of; nearly one-third of the decretal amount was realised.

7. **Debts of Estates.**—The total liabilities of the estates under the management of the Court of Wards stood at a little over 37 lakhs against over 58 lakhs in the previous year. This large reduction was mainly due

to the sale of the properties of the Tagore Wards' Estate in execution of a mortgage decree obtained by creditors. The re-payment of debts has been systematised by the preparation of regular schemes and a close watch is kept on the financial position of each estate. It is noteworthy that the original indebtedness of the estates under the charge of the Court of Wards has been reduced from approximately Rs. 1,29,00,000 to a little over Rs. 37,00,000.

8. **Cost of management and expenditure on improvements.**—The percentage of cost of management on the current rent and cess demand of estates increased from 13·1 in the preceding year to 13·5. As in the previous year the standard of 10 per cent. was exceeded in all the Divisions except the Presidency Division.

Effect has been given under the instructions of the Board to the policy of Government regarding the agricultural development of solvent estates, and the expenditure on education appears to have been adequate. The report, however, contains little information about expenditure on dispensaries and sanitation, and the need for more systematic sanitary work in solvent estates which are situated in unhealthy parts of the Presidency would seem to merit examination.

9. **Education of Wards.**—The education of wards receives special attention of the Court. While their training in survey and settlement camps still continues, arrangement has also been made to give them training in agriculture. One ward after winning the Earl Grey Research Fellowship in England, has continued his researches with much success at the Rothamsted Agricultural Research Institute and two wards have been sent to the Agricultural Institute at Allahabad. Female wards have made considerable progress in education under the guidance of the Lady Adviser to the Court of Wards.

10. The thanks of the Governor in Council are due to the Board of Revenue for its efficient administration of the Estates under the Court of Wards. The good work of the Managers commended will be noted.

By order of the Governor in Council,

W. S. HOPKYNS,

Secretary to the Government of Bengal (offg.).

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN BENGAL DURING THE YEAR 1919-20.

NOTIFICATION.

No. 3748S.R.—The 31st December 1920.—The following extracts from the Report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal, during the year 1919-20, are published for general information:—

A. MARR,

Secretary to the Government of Bengal.

No. 4171E., dated Calcutta, the 1st September 1920.

From—S. C. MUKERJEE, ESQ., I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit the following report on the administration of the Excise Department in the Presidency of Bengal for the year 1919-20.

I was in charge of the department throughout the year.

* * * * *

4. **Administrative changes and reforms.**—The following administrative changes and reforms were made during the year under report:—

(1) The concession of late closing hours allowed to the liquor shops at Sara, in the district of Pabna, to meet the legitimate requirements of the large labour force engaged during the construction of the Hardinge Bridge was withdrawn on the completion of the bridge (Government Notification No. 20 T.S.R., dated the 20th April 1919).

(2) The rates of duty and retail prices of country spirit were reduced in a small compact area comprising certain villages in the Bhadreswar outpost of the Hooghly district (Government Notifications Nos. 92 and 93 T.S.R., dated the 5th June 1919) in order to prevent smuggling of French liquor from the adjoining French territory of Chandernagore.

(3) A fixed-fee system of the settlement of *pachwai* shops, under which the license fee is realized on a sliding scale based on the quantity of rice used in the manufacture, was introduced in the Asansol subdivision of the Burdwan district (Government Notification No. 2420 S.R., dated the 16th August 1919), and the duty and the retail prices of country spirit in the whole district, except thanas Raina and Khandkosh, were enhanced to prevent its competition with *pachwai* (Government Notifications Nos. 2418 and 2419 S.R., dated the 16th August 1919).

* * * * *

(5) Officers of the Asansol Mines Board of Health not below the rank of Sanitary Inspector have been empowered, under section 66 of the Bengal Excise Act, to enter the premises and to inspect the sanitary condition of the *pachwai* shops in the Mining Settlement area, viz., the Asansol subdivision, excluding the thanas Faridpur and Kaksa, in the district of Burdwan (Government Notification No. 3178 S.R., dated the 18th November 1919).

(6) The Bengal fixed-fee system of settlement of country spirit, *ganja*, *bhang*, *charas* and opium-shops has been extended with effect from the 1st April 1920 to the districts of Burdwan, Dacca, Mymensingh, Jalpaiguri, Rangpur and Darjeeling, with the consequent increase in the rates of duty on country spirit (Government Notification No. 61 S.R., dated the 8th January 1920) and also increase in the rates of retail prices of country spirit, *ganja*, *bhang* and *charas* (Government Notification No. 62 S.R., dated the 8th January 1920).

(7) The limit of retail sale of *ganja*, which is also the limit of private possession of the drug, has been reduced from 5 tolas to 3 tolas (Government Notification No. 103 S.R., dated the 12th January 1920), as the former limit was found to be in excess of what is actually required by an individual consumer at a time.

(8) The rate of duty on *bhang* has been uniformly fixed at Re. 1 per seer with effect from the 1st April 1920 throughout the Presidency in place of varying rates ranging from 8 annas to Re. 1 a seer (Notification No. 184 S.R., dated the 17th January 1920).

* * * * *

(11) To save *bonâ fide* travellers from hardship and harassing prosecutions for technical offences, *ganja* not exceeding 1 tola in weight and *bhang* not exceeding 10 tolas in weight have been exempted from the provisions of section 9 (*1*) of the Bengal Excise Act, relating to import, when such import is made in person by a *bonâ fide* traveller coming into the Presidency of Bengal from another part of India, and the drug is for his personal consumption (Notification No. 992 S.R., dated the 26th March 1920).

5. **Temperance teaching in schools.**—Lessons on temperance are incorporated in books on hygiene recommended for use in middle and upper primary stages of English and vernacular schools. The revised curriculum for primary schools, which provides for the teaching of temperance in classes IV and V, is under the consideration of Government.

6. **Temperance movements.**—Under the organisation of the Calcutta Temperance Federation, a conference of temperance workers was held in Calcutta in November last and some resolutions were passed, copies of which were sent to me. On an examination of these resolutions, it was found that some of the points dealt with therein had already been adopted by the Excise Department. As regards the other points, District Officers have been consulted and replies from some of them are still pending. As I mentioned last year, the Excise Department is always ready to co-operate with any reasonable temperance movement.

Outside Calcutta, there was no evidence of any temperance movement during the year, except a small movement at Teknaaf, in the district of Chittagong, which has been reported during the last four years. This movement was organised by the Maghs of Teknaaf in the year 1915. The headmen of the villages near the country spirit, *tari* and *pachwai* shops at Nhilla and Teknaaf held a meeting at which the members of the community were prohibited from taking country spirit, *tari* and *pachwai* and from smoking *chandu*; as a result, the country spirit, *tari* and *pachwai* shops in question were closed and the monthly allotment of opium to the opium shops was reduced.

7. **Excise Licensing Boards and Advisory Committees.**—In the Calcutta district, the Licensing Boards held meetings as usual to decide, after consideration of objections, the number and location of shops for the retail sale of excisable articles and to discuss other cognate matters. These Licensing

Boards have been appointed to exercise, to the exclusion of the Collector and subject to the control of the Local Government, all the powers (except that of granting licenses) and to perform all the duties, which are conferred and imposed upon the Collector by section 34, read with section 38 of the Bengal Excise Act. Their constitution is as follows:—

(1) Licensing Board for the Calcutta Municipality—

President.—The Commissioner of the Presidency Division.

Members.—The Chief Presidency Magistrate, Calcutta; the Commissioner of Police, Calcutta; the Collector of Excise, Calcutta; two representatives of the Corporation of Calcutta and one representative of the Calcutta Temperance Federation.

(2) Licensing Boards for other municipalities situated in the Calcutta district, except Howrah and Bally—

President.—The Commissioner of the Presidency Division.

Members.—The Magistrate of the 24-Parganas; the Commissioner of Police, Calcutta; the Collector of Excise, Calcutta; two representatives of the Municipality for which the Board is constituted and one representative of the Calcutta Temperance Federation.

(3) Licensing Boards for the Howrah and Bally Municipalities—

President.—The Commissioner of the Burdwan Division.

Members.—The District Magistrate of Howrah; the Collector of Excise, Calcutta; the Superintendent of Police, Howrah; two representatives of the Municipality for which the Board is constituted and one representative of the Calcutta Temperance Federation.

During the year under report the Calcutta Licensing Board held 7 meetings and the Cossipore-Chitpur, Maniktala, Howrah, and Bally Licensing Boards held 2 meetings each. The Calcutta Licensing Board changed the sites of two foreign liquor shops, one restaurant, one *ganja* and one *bhang* shop and allowed the grant of one new retail foreign liquor license and one restaurant license. No other change was made by any of the Licensing Boards either in the number or in the location of the existing shops.

8. In areas outside the Calcutta district, local Excise Advisory Committees were convened to advise the Collectors as regards the number and location of the excise and opium shops. They were constituted by the Divisional Commissioners in all the municipalities in their Divisions with due regard to the adequate representation of the non-official community and of the Excise Department. As regards non-municipal areas, the Local Boards formed the Excise Advisory Committees, and where there are no such Local Boards, the Advisory Committees were constituted by the Divisional Commissioners on the same principle as in municipal areas. No proposal for the establishment of excise and opium shops in any part of the Presidency was accepted without thus ascertaining local public opinion. All the recommendations of the Excise Advisory Committees were carefully considered and mostly given effect to. Three country spirit shops, three *tari* shops and two *pachwai* shops were abolished; the sites of 14 country spirit shops, one foreign liquor shop, six *tari* shops, ten *pachwai* shops, four *ganja* shops, one *bhang* shop and two opium shops were changed; and three country spirit shops, one foreign liquor shop, three *tari* shops, five *pachwai* shops, two *ganja* shops, six *bhang* shops and four opium shops were newly opened in accordance with their advice.

9. **Total Revenue and Charges.**— * * * *

* * The Excise revenue and charges of the Presidency for the last five years are shown below:—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	
1915-16	1,51,30,570	8,26,217	1,43,04,353	5·46
1916-17	1,44,07,668	9,65,974	1,34,41,694	6·70
1917-18	1,56,25,391	10,32,941	1,45,92,450	6·61
1918-19	1,76,38,246	10,57,674	1,65,80,572	5·99
1919-20	1,81,08,448	11,58,629	1,69,49,819	6·39
Difference of the past two years.	+ 4,70,202	+ 1,00,955	+ 3,69,247	+ ·4

* * * * *

11. **Actual receipts.**—Deducting the advance collections (Rs. 5,55,623) for 1920-21 and adding the revenue (Rs. 7,47,464), which was collected in advance in 1918-19, the actual receipts on account of 1919-20 were Rs. 1,83,00,289 against Rs. 1,76,54,374 (after similar adjustment) of the preceding year, showing an increase of Rs. 6,45,915 or 3·65 per cent.

12. **Excise Charges** — * * * The total expenditure of the Excise and Salt Department, excluding refunds, shows an increase of Rs. 1,16,185 as compared with 1918-19. The principal increases occurred under the heads of "Salaries and Establishments" (Rs. 46,792), "Allowances" (Rs. 25,181), "Rewards" (Rs. 27,904) and "Contingencies" (Rs. 26,458). The greater part of the increase under "Salaries and establishment" was due to the entertainment of a member of the Indian Civil Service as Collector of Excise, Calcutta, throughout the year. The Superintendents on the time-scale also received increments of salary. The increase under "Allowances" was mainly due to the grant of war allowance to officers drawing Rs. 50 and less and to increased charges for touring. Expenditure on rewards increased owing to the detection of a larger number of important cases. In river districts the payment of boat hire to Sub-Inspectors for touring purposes was the main reason for increased expenditure under head "Contingencies."

13 **Revenue under different heads.**— * * * Revenue increased under all the heads except "*Pachwai,*" "Receipts from commercial spirits" and "Beer." The largest increase of revenue (Rs. 2,64,841) occurred under the head "Country spirit." "Total receipts from Hemp Drugs" come next with an increase of Rs. 1,93,534, followed by "Opium" (Rs. 1,11,491), "Wines and Spirits" (foreign liquors, other than beer, medicated wines and commercial spirits) Rs. 91,660 and "*Tari*" (Rs. 3,826). The largest decrease (Rs. 1,72,348) occurred under "*Pachwai*" followed by "Commercial spirits, including medicated wines" (Rs. 25,587).

14. **Demand and Collection.**— * * * Of the gross demand of Rs. 1,81,37,998 a sum of Rs. 1,81,08,448 or 99·83 per cent. was realized. Rupees 13,512 was remitted as irrecoverable. Taking the population of the Presidency of Bengal, according to the census of 1911 to be 45,329,247, the incidence of Excise revenue (exclusive of revenue derived from issues of excisable articles to other provinces, Native States and foreign countries) was 6 annas 4 pies against 6 annas 2 pies in the previous year.

15. **Result of settlements for the current year up to 31st May 1920.**— * * * * * * The settlements for the current year 1920-21 show a net increase of Rs. 1,98,460.

The results under the different heads are as follow:—

		Rs.
Country spirit	+	1,55,112
Foreign liquor	+	49,499

License fees for country spirit increased in 17 districts and decreased in the remaining ten. The decrease is heavy in Dacca (Rs. 69,540), 24-Parganas (Rs. 64,632), Rangpur (Rs. 50,184), Mymensingh (Rs. 38, 990), Burdwan (Rs. 36,672) and Darjeeling (Rs. 36,432), which is due to the introduction of the fixed fee system. There is, however, a large increase of Rs. 78,908 in Calcutta, which is due to the fixing of fees on the increased consumption in 1919-20. These decreases and increases can only be regarded as an estimate, as the license fees in these districts for the current year will depend upon the current year's consumption; this explanation applies equally to the districts under the fixed fee system. The increase under "Foreign liquor" occurred mainly in Mymensingh (Rs. 36,777) and is due to the settlement of shops at enhanced rates of license fees. The greater part of the increase under "Fermented *tari*" is contributed by Hooghly (Rs. 20,210) and Howrah (Rs. 14,227), amounting to Rs. 34,437, and is due to the introduction of the tree-tax system in these two districts. There is also a large increase of Rs. 13,812 in the 24-Parganas, which is due to the settlement of shops at enhanced license fees. The increase under "*pachwai*" is not very heavy and does not call for any special remarks. The increase under "Hemp drugs" occurred chiefly in Mymensingh (Rs. 77,305) and Calcutta (Rs. 55.676). The major portion of the license fees for the sale of hemp drugs is derived from *ganja*. Rangpur is the only district which shows a large increase of Rs. 16,668 under "Opium." These increases under "Hemp drugs" and "Opium" are due to the introduction of the fixed fee system as the license fees are based on the consumption of the year under report.

SECTION II.—COUNTRY LIQUOR.

* * * * *

COUNTRY SPIRIT.

17. **System.**—The system of contract supply was the only system in force in this Presidency during the year under report.

18. **Country spirit licenses.**—The number of licenses for the sale of country spirit was 1,121, as compared with 1,148 in 1918-19, a decrease of 27 against 14 in the preceding year. One new shop was opened at Santa in the Burdwan district owing to the establishment of an iron and steel factory there by Messrs. Burn & Co. In the district of Midnapore one shop was closed for want of bidders and another was transferred to the district of Bankura. Under the orders of the Licensing Board twelve shops within the Calcutta Municipality and two in the Howrah Municipality and one in Bally were abolished, whilst one shop was transferred to the Calcutta district from Howrah owing to the extension of the Howrah municipal area, which is included within the Calcutta district for excise purposes. One shop was abolished in the district of the 24-Parganas, owing to its proximity to another shop, six shops in Nadia and three in Khulna were closed owing to the smallness of consumption, the latter (Khulna shops) on the recommendation of the Advisory Committees. One shop each in the district of Dacca and Chittagong was closed as there was no demand for liquor there.

19. **The fixed-fee system in Calcutta.**—There was a drop in the consumption by 29,997 L. P. gallons in Calcutta, but the total revenue under the head increased by Rs. 1,29,036. This was due to the levy of enhanced duty throughout the year, while in the previous year the duty was progressively increased on two occasions. The consumers were partial to the strongest kind of spirit. The tendency of consumption to increase has received a check owing to the enhancement of the retail price combined with the general rise in the price of the necessaries of life. With a view to better supervision of the shops by the vendors, the latter were compelled to attend their shops for a fixed minimum number of hours daily and were made responsible for the correctness of their measure glasses. As a result of this, the vendors found it advisable to employ more highly-paid salesmen or poorer relatives. In order to give effect to the separation of "off" and "on" licenses and thereby to reduce the temptation to drinking, the privilege of "on" vend has been withdrawn from 12 country spirit shops, as an experimental measure, from the 1st April 1920.

20. **The fixed-fee system in other districts.**—The Bengal fixed-fee system was in force in the districts of Midnapore, Howrah, 24-Parganas and in the Sadar and Serampore subdivisions of Hooghly. The system has been introduced from the 1st April 1920 in the districts of Burdwan, Dacca, Mymensingh, Rangpur and Jalpaiguri under Government order No. 59 S.R., dated the 9th January 1920, and in the district of Darjeeling under Government order No. 58 S.R., dated the 9th January 1920. The introduction of the system was followed by a considerable decrease in consumption, due partly to high prices of food-stuffs and other necessaries and partly to the earnings of mill-hands being less by reason of the mills having worked only four days a week. The small increase in Midnapore was due to the increase in the number of railway employees at Kharagpur. Dilution of liquor and sales above the fixed prices are becoming rare owing to the close supervision of the shops by all grades of officers and the introduction of trial purchases.

21. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 755,285 proof gallons, as compared with 788,562 proof gallons in the preceding year, a decrease of 33,277 proof gallons.

Consumption increased in 20 districts and decreased in 7. The reason for the heavy decrease in Calcutta has already been explained. Outside Calcutta, the increase in consumption was considerable in Nadia (2,487 proof gallons or 38·5 per cent.), due to some special measure being taken to prevent dilution, in Bankura (7,551 proof gallons or 33·7 per cent.), due to the opening of relief operations as stated by the Collector and to consumers preferring the 70° U.P. liquor to *pachwai*, which was adversely affected by the high price of rice, in Chittagong (1,005 proof gallons or 26·9 per cent.), owing partly, it is said, to the detection of a good number of cases of manufacture and possession of illicit spirit, in Jessore (1.108 proof gallons or 23·1 per cent.), due to influx of a large number of persons employed on survey, settlement and drainage operations, in Faridpur (795 proof gallons or 21·4 per cent.), owing to influx of coolies; in Bogra (1,649 proof gallons or 20·3 per cent.), on account of a better outturn of the crops, and in Tippera and Noakhali (1,366 proof gallons or 18·7 per cent. and 127 proof gallons or 18·3 per cent., respectively), owing to the better condition of the *Muchis* and the steps taken to prevent the introduction of outstill liquor from Hill Tippera. The increase in the other districts does not call for any special remarks. The progressive efficiency of the department in checking illicit distillation, dilution and other malpractices has naturally had the effect of showing an increased consumption of licit spirit in many districts and the high prices of foreign liquor have also contributed to the increase.

The only districts in which the decrease exceeded 10 per cent. were 24-Parganas (18,432 proof gallons or 23·6 per cent.), Jalpaiguri (8,335 proof gallons or 14·9 per cent.) and Howrah (1,976 proof gallons or 10·2 per cent.). Conditions in the 24-Parganas and Howrah are similar to those in Calcutta where the large decrease in consumption has already been noted. In Jalpaiguri the decrease is also attributed to the high prices of food-stuffs and other necessaries of life.

23. **Total revenue from country spirit.**—The total revenue—license and distillery fees and duty—from country spirit was Rs. 81,07,519 against Rs. 78,42,678, an increase of Rs. 2,64,841. The revenue derived from duty and distillery fees increased by Rs. 4,51,037 and that from license fees decreased by Rs. 1,86,196. This decrease was partly due to the realisation of advance license fees for 15 days instead of 2 months in the six districts in which the Bengal fixed-fee system was introduced from the 1st April 1920 and partly to the auction settlements in some of the other districts at lower fees, which were considered more reasonable.

24. **Convictions for drunkenness and action taken against licensees for permitting it.**— * * * * * * * * * * * * * In Calcutta 8,792 persons were convicted of drunkenness, as compared with 8,609 persons in the previous year, but it is impossible to say what proportions of these cases were due to country spirit, *tari* and foregin liquor, respectively. Four cases were reported—one from each of the districts of Bankura, Calcutta, Dacca and Bogra—in which the vendors of country spirit had permitted drunkenness and disorderly conduct in or near their licensed premises. All these cases were dealt with under section 65 of the Bengal Excise Act. Two *tari* vendors were similarly dealt with in 24-Parganas and Calcutta.

With a view to the prevention of disturbances, the country spirit shops in Calcutta were closed during the Mohurram festival in September last, along with the other drink shops.

25. **Distilleries and warehouses.**—As stated in paragraph 25 of last year's report, Messrs. Haji Ismail Sait & Sons, Contractors of the Russa Distillery, were granted from the 1st April 1919 wholesale license for 2 years for the supply of country spirit to the areas formerly supplied by the Bengal Distilleries Company at Konnagar. The contractors erected some new buildings inside the Russa distillery and an underground drain was constructed at Government expenses to improve the sanitary condition of the distillery. Owing to increase in issues, the Raipur warehouse in the district of Bankura had to be enlarged, so as to provide room for an additional issue vat of 500 gallons capacity.

Supplies from distilleries to the various bonded warehouses were generally adequate. Stocks occasionally fell below the prescribed minimum. In the Parbatipur warehouse, in the district of Dinajpur, the stock fell below the standard limit on ten occasions and at Santahar, in the district of Bogra, the contractors could not maintain the prescribed minimum throughout the year. But no serious inconvenience in supplying liquor to the retail vendors has been reported. Owing to the use of old and rusty drums by the contractors there has been much discoloration of the liquor on various occasions and there has been a good deal of transit deficiency owing to leakages, etc. It is reported that the price of metal drums has gone up very high and they are almost unprocurable in the market. Some steps are being taken to ensure a better supply of such drums.

TARI.

* * * * *

27. **The tree-tax system in Hooghly and Howrah.**—The tree-tax system, which was introduced last year in the Sadar and Serampore subdivisions of the Hooghly district and the whole of the Howrah district (with the exception of the areas included in the Calcutta district) continued in the same areas with varying results during the year under report.

In Hooghly most of the shops were settled without difficulty, though satisfactory vendors could not always be secured, as selection had to be confined within a limited number of persons who carry on this business. It is doubtful whether the existing rate of tax at Rs. 2 per tree can be further

pushed up safely, as the tree-owners are generally demanding from the vendors Re. 1 as rent per tree in place of 4 annas, which was the rate before. The system is not yet popular with the vendors. The *gur* or molasses-makers also complained of the bad effects of liming the pots on the quality of *gur*, and punishment for malpractices had the effect of scaring away some tappers from Jessore and Khulna. The system, however, undoubtedly exercised a check over illicit manufacture of *tari* from unmarked trees and unrestricted drinking. The total number of tree-tapping licenses issued were:—

	1918-19	1919-20.
(1) Number issued on application of vendors	633	960
(2) Number issued to tappers on their own application	1	Nil.
(3) Number issued to tree-owners for domestic consumption	316	2,278

The fermented *tari* revenue of the district, including tree-tax, increased by Rs. 15,374 as a result of the tree-tax.

In Howrah the system does not appear to have been working well. Though there was no difficulty in settling the shops, there were other difficulties in working the system properly, such as (1) the scattered situation of the trees over an extensive area; (2) inadequacy of the staff for marking such trees in the course of 3 or 4 months; (3) unwillingness of the tree-owners to apply for licenses of their own account; and (4) ignorance of the vendors and tappers, most of whom are Urias, as to the mode of tapping palmyra trees. The system has not yet been popular with the vendors or the general public nor has it proved a financial success. The Superintendent of Excise, however, has been instructed to give it a fair trial. Here also the tree-owners have been demanding increased rents for their trees, which have risen from 3 annas to 6 annas in the case of date-trees and from Re. 1 to Rs. 2 in the case of palmyra tree. The number of tree-tapping licenses issued were:—

	1918-19.	1919-20.
(1) Number issued on application of vendors	424	1,500
(2) Number issued to tappers on their own application	5	Nil.
(3) Number issued to tree-owners for domestic consumption	575	1,510

The *tari* revenue of the district shows a decrease of Rs. 1,070, due to the fact that the whole of the year under review was worked under the tree-tax system, whilst in the preceding year, the first half was worked under the old system under which the license fees were higher than those under the tree-tax system. The increase under the head "Tree-tax," however, was not satisfactory, as the working of the whole year under the tree-tax system yielded only Rs. 17,232, against Rs. 13,163 realized in 6 months of the previous year.

28. **Statistics.**—The total number of licenses issued for the sale of fermented and fresh *tari* decreased from 2,401 to 2,068, but the total receipts increased from Rs. 5,16,138 to Rs. 5,19,964.

29. **Fermented tari.**—The number of fermented *tari* licenses increased from 628 to 629. The chief increase was effected in Hooghly and Midnapore by 9 and 6, respectively, due to the fact that during the year under report most of the licenses were settled, while in the previous year a large number remained unsettled. The bulk of the fermented *tari* revenue is derived from the Burdwan and Presidency Divisions and the district of Malda, which contributed Rs. 4,87,619 out of a total revenue under this head of Rs. 5,15,234. This amount includes Rs. 27,261 and Rs. 23,410 as license fees and Rs. 32,173 and Rs. 17,232 on account of tree-tax for the districts of Hooghly and Howrah, respectively. License fees, including the tree-tax fees, increased by Rs. 4,749, as compared with the previous year. The increase was most marked in Hooghly (Rs. 15,374) and the 24-Parganas (Rs. 6,908), whilst

there were decreases of Rs. 13,691 in Calcutta, Rs. 2,168 in Rajshahi, Rs. 1,457 in Murshidabad, Rs. 1,268 in Burdwan, Rs. 1,071 in Midnapore and Rs. 1,070 in Howrah.

* * * * *

PACHWAI.

31. **Licenses.**—The total number of licenses issued for retail sale, home-brewing (annual) and manufacture on special occasions was 35,367 as compared with 31,896 in 1918-19:—

	1918-19.	1919-20.
Retail sale	1,214	1,206
Home-brewing (annual)	30,316	33,763
Manufacture on special occasions ...	366	398

The number of retail licenses decreased in Birbhum (2), and in Bankura (12). The decrease was due to the shops remaining unsettled. There was an increase in the number of licenses in Midnapore (6), owing to the fact that some shops which could not be settled during 1918-19 for want of adequate bids were settled in 1919-20 at lower fees. From the beginning of the year 1918-19 the system of home-brewing licenses was introduced in the district of the 24-Parganas, as the shop system had not proved satisfactory; this was noted in my report last year. The new system appears to have worked satisfactorily; it has already considerably checked the illicit manufacture of *pachwai*, only four cases having been reported as compared with 20 in the preceding year. The number of home-brewing licenses increased by 2,706 in Dinajpur, 1,936 in Malda, 1,358 in Rajshahi, 495 in Pabna, 386 in Jalpaiguri, 233 in Rangpur, 103 in Bogra, 73 in Tippera and 65 in Dacca; whilst there was a decrease of 2,414 licenses in the 24-Parganas, 910 in Darjeeling and 583 in Mymensingh. The increases in Dinajpur, Malda and Pabna (all in the same Division, viz., the Rajshahi Division) were due to the better condition of the aboriginal classes, owing to good harvests and to better exertions on the part of the executive staff in collecting the fees; the increases in Rangpur and Dacca, are reported to have been due to the latter reason only. The large decrease in the 24-Parganas was due to high price of rice, while it was due to this cause as well as want of labour in Darjeeling. A few cases of illicit manufacture and possession of *pachwai* by the aboriginal tribes were detected in the districts of Howrah and Faridpur, where the system of home-brewing licenses is not in force, there being no large population of the aboriginal classes, and the question of issuing such licenses is under the consideration of the Collectors concerned.

Except in the district of Jalpaiguri, *pachwai* does not appear to compete with country spirit.

32. **Fixed-fee System.**—Owing to the existence of the coal-mines and other forms of industry, the Asansol subdivision of the Burdwan district abounds in a large number of *pachwai* shops. The price of rice having gone up very high it was found advisable to introduce a fixed-fee system of the *pachwai* revenue in lieu of the ordinary auction system, in order to safeguard the Government revenue and to give some relief to the vendors. This system was introduced with effect from the 1st September 1919 under Government of Bengal, Financial Department No. 197 T.S.R., dated the 11th August 1919. The system is based on a sliding scale of license fees according to the quantity of rice used in the manufacture of *pachwai*.

A temporary staff of 3 Inspectors and 22 petty officers has been engaged in order to supervise the manufacture and to check the accounts. It was anticipated that at first there would be a fall in the revenue and it was arranged to meet this by raising the duty on country liquor in that district. This anticipation has been realized. There was a fall in the revenue in the beginning, but there has been a steady rise since. The system has been very useful in

other respects also. The shops are being personally managed by the vendors, the interests of the consumers are being safeguarded and sanitary and other improvements are being carried out. Of course this system can only be worked in a compact area where supervision can be adequately conducted.

33. **Revenue.**—The revenue from retail license fees decreased from Rs. 9,75,731 to Rs. 7,98,938. The decrease was considerable in Burdwan (Rs. 1,42,497), Birbhum (Rs. 20,132), Bankura (Rs. 13,322) and Murshidabad (Rs. 6,483) and was mainly due to the bad circumstances of the consumers and to the high price of rice from which *pachwai* is manufactured; the first three districts are all in the same Division (Burdwan Division) and the fourth is an adjoining district. Under the Bengal Fixed-fee System only half a month's fees were realized in advance in the Asansol subdivision of the Burdwan district, as compared with one month's fees under the auction system, this also led to some decrease in the *pachwai* revenue in that district. The chief increases occurred in Hooghly (Rs. 2,976) and Midnapore (Rs. 2,159), owing to better settlement of the shops; in the latter district, also, some shops which could not be settled in the previous year were settled at reduced fees last year and this contributed to the increase.

The revenue from home-brewing licenses increased from Rs. 49,763 to Rs. 54,208 or by Rs. 4,445.

SECTION III.—Foreign Liquor.

35. **Clearances of foreign liquor from the Custom Houses, Calcutta and Chittagong.**—The following statistics showing clearances on payment of duty, both direct and from bond, from Custom Houses are quoted from statements furnished by the Collectors of Customs, Calcutta and Chittagong:—

The Collector of Customs, Chittagong, reports that the increase in imports was due to the relaxation of shipping control. The Collector of Customs, Calcutta, explains the statistics for the port of Calcutta in 1919-20 as follows:—

" *Ale, Beer and Porter.*—Restrictions on brewing were removed in the United Kingdom during the year and there has been a large increase of importations in wood from that country. Including bottled beer, the

amount imported from the United Kingdom was 233,663 gallons, while imports from Japan, which supplies the cheap light beers that have taken the place of German lagers in the market, rose to 475,391 gallons. Imports from the United States and Holland also increased.

"*Spirits.*—There has been a large decline in the quantity of *brandy* received, mainly due to the fact that shipments from France fell off to 37,368 gallons. Owing to the internal difficulties of that country, French supplies have been difficult to secure and in some cases show a deteriorated quality. Imports of *whisky* are much on the same level as last year, but show a considerably reduced value. This is due to the lower strength, the proof gallonage being nearly 5,000 gallons less than last year, while the liquid gallonage only shows a decline of 190 gallons. The average quality has also deteriorated, many inferior brands being marketed. These phenomena are due to the high cost of production in the United Kingdom, where enormous advances in the price of barley have for some years made the cost of pure malt whisky prohibitive. Imports from other countries have been comparatively negligible. The largest item under "Other sorts" of spirit is *Java rum* or *arrack*, totalling 318,367 gallons, of which nearly half was denatured on arrival. Almost all the rest was passed into bond, and during the year an additional 100,000 gallons were cleared after methylation from bond.

"Imports of *wines* have been of unprecedented magnitude, all qualities, except sherries, madeiras and marsalas showing an advance, which was most marked in the case of champagne and port. Sparkling wines advanced from 5,000 gallons to nearly 14,000 gallons, but much of the champagne was of unfamiliar brands and vintages and was not readily disposed of. Importations of French vermouth showed a good recovery, which accounts for the reduction in the amount of vermouth imported from Spain. Spanish port, however, advanced to 3,000 gallons out of a total of 34,000 gallons.

"Consumption of spirits, except for *Java rum*, was much in excess of arrivals, stocks in bond at the end of the year being less by 18,000 gallons in the case of *brandy* than at the beginning and by 29,000 gallons in the case of *whisky*. Bonded stocks of wine, on the other hand, showed an increase."

The Customs Department have kindly furnished the following statistics of imports and issues on payment of duty of potable foreign spirits at the Calcutta Custom House:—

Year.	Imported (L. P. gallons).				Issued on payment of duty (L. P. gallons).

WINES AND SPIRITS (OTHER THAN MEDICATED WINES AND COMMERCIAL SPIRITS) AND BEER.

37. **Licenses and Revenue.**—The total number of licenses issued for wholesale and retail vend was 597 against 602 in the preceding year. There were decreases under heads "Temporary bar" (22), "Canteen" (3) and "Late closing" (3), and increases under heads "Wholesale" (4), "Retail-off" (2), "Dining Car" (6) and "Steamer" (11). The increase in wholesale

licenses occurred in Burdwan and Calcutta, in retail " off " licenses in Burdwan and the 24-Parganas, in dining car licenses in Burdwan and Howrah and in steamer licenses in Bakarganj.

The total receipts from license fees amounted to Rs. 3,01,869 against Rs. 2,95,665 in the previous year.

The receipts from duty were Rs. 8,82,456 against Rs. 7,97,000 in the preceding year. Potable foreign liquors manufactured from Indian-made spirits, which paid duty under head " Excise, " were in still greater demand in the year under report than in the previous year and this was the cause of the large increase in the amount of duty realized during the year.

The distillery started in Calcutta in the preceding year for the manufacture of wine remained closed during the year under report.

38. **Rum and other potable foreign liquors manufactured in India.**—The following quantities of rum and other potable foreign liquors manufactured in India were issued during the year from distilleries and excise warehouses in Bengal :—

Place of manufacture.	Issued on payment of full duty.	Issued at the concession rate of duty.	Issued duty free.
	L. P. gallons.	L. P. gallons.	L. P. gallons.

Konnagar rum was issued at the concession rate of duty to the Military Police of Assam, Asansol rum to the Lakhimpur Battalion and Shahjehanpur rum to the 4th Barrackpur Garrison Rifles.

Duty-free issues of rum were made to the Mayo, Campbell and Medical College Hospitals, Calcutta, to the Central Lunatic Asylum, Berhampur, and to the Executive Colonial Officer, Port Blair.

39. **Sale of spirits at strengths below the prescribed minimum.**—No case of this nature came to notice during the year under report.

40. **Locally manufactured beer.**—The two breweries licensed in the preceding year took out licenses also during the year under report, but only the brewery at Sonada manufactured beer during the year. Owing to the difficulty of obtaining barley, the brewery at St. Mary's Seminary, Kurseong, remained closed, though a license was taken by the Curator.

Duty was charged on 54,436 gallons against 65,670 gallons in the preceding year. The decrease in manufacture was due to smaller quantities of supply taken by the Military authorities. The Japanese beer, which was cheaper in price, also competed with the locally made beer to some extent.

Receipts from license fees and duty amounted to Rs. 15,311 against Rs. 18,634 in the previous year.

MEDICATED WINES AND RECTIFIED SPIRITS.

41. **Licenses and Revenue.**—The number of licenses for the retail sale of medicated wines and rectified spirits were 138 and 31, respectively, against 124 and 26 in 1918-19. The revenue from license fees was Rs. 8,950 against Rs. 7,700 in the preceding year.

42. **Manufacture and issue of rectified spirits.**—Rectified spirits were manufactured in the distilleries at Asansol, Konnagar, Russa and Bahir-Mirzapore Road, Calcutta.

The following quantities of rectified spirits were issued during the year for medicinal, industrial and scientific purposes from distilleries and excise warehouses in Bengal:—

Place of manufacture.	On payment of duty.	Duty-free.	For manufacture of tinctures and absolute alcohol in bonded laboratories.
	L. P. gallons.	L. P. gallons.	L. P. gallons.
Asansol	1,756	2,907	24,151

Russa	6,861	2,082	5,376
Bahir-Mirzapore Road ...	3,616	140	2,729

Besides the above, 7,596 L.P. gallons of rectified spirits were issued under bond from the Asansol Distillery to the Bombay Presidency.

Asansol spirit was issued duty-free to the Medical Store-Keeper to Government, the Director, Zoological Survey of India, and the Director, Mathematical Survey of India; Konnagar spirit to the Medical Store-Keeper and the Fisheries Department, Bengal; Russa spirit to the Controller of the Munitions Board and to the Ammunition Factory, Dum-Dum; and Bahir-Mirzapore spirit to the Presidency College, Calcutta. Duty-free issues were also made through Messrs. Smith, Stanistreet & Co., Messrs. B. K. Paul & Co. and Dr. K. C. Bose, from the warehouses attached to their bonded laboratories, to charitable dispensaries in Bengal, Bihar and Orissa and Assam.

43. **Manufacture of tinctures, etc., in bonded laboratories.**—Four bonded laboratories manufactured tinctures, etc., during the year under report as in the previous year. Duty was paid on 6,935 proof gallons of spirit contained in tinctures and medicinal preparations issued from these laboratories, whilst medicinal preparations containing 10,105 proof gallons of spirit were issued duty-free to charitable dispensaries in the various provinces.

SECTION IV.—Hemp drugs.

GANJA.

* * * * *

49. **Retail licenses.**—The total number of licenses issued in the Presidency for the retail sale of *ganja* was 1,263 as compared with 1,265 in 1918-19.

* * * * *

50. **Consumption of ganja.**—The total quantity of *ganja* consumed in the Presidency amounted to 2,052 maunds 6 seers as compared with 1,975 maunds 38 seers in 1918-19, an increase of 76 maunds 8 seers. Consumption increased in twenty districts and decreased in seven. The increase exceeded 10 per cent. in Jessore (8½ maunds or 30·69), Nadia (7¼ maunds or 16·69), Birbhum (4¼ maunds or 14·49), Noakhali (1¾ maunds or 14·19), Calcutta (36½ maunds or 12·50); it exceeded 3 maunds in the 24-Parganas (7 maunds 36 seers), Rangpur (7 maunds 5 seers), Rajshahi (5 maunds 19 seers), Pabna (4 maunds 13 seers), and Bogra (3 maunds 27 seers). As a general cause of the increase it may be stated that it is partly due to the lower retail price in consequence of the wholesale price having been fixed at Rs. 3 per seer in the Presidency from the 1st April 1918. The increase in Calcutta is reported to have been due to the influx of a large number of labourers consequent upon the expansion of trade in the town and suburbs after the close of the war. The increase in Nadia is attributed to (*i*) the

improvement in the wages of labourers, (*ii*) the influx of a large number of coolies in the railway centres in the district, and (*iii*) the growing number of settlers in places of pilgrimage like Nabadwip, most of whom are Baishnavs or Bairagis, whose favourite smoke is *ganja*. From the 24-Parganas it has been reported that the increase in consumption was due to a certain extent to the fact that many of the consumers of liquor indulged in the smoking of *ganja* owing to the high price of country spirit. The increase in Jessore is accounted for by an immigration of a large number of coolies employed in the survey, settlement and drainage operations in the district. The fluctuation in Noakhali was chiefly confined to the Feni subdivision, where the retail prices were kept low to compete with the Hill Tippera *ganja* shops.

The only district in which the decrease exceeded 10 per cent. was Dinajpur (6¾ maunds or 10·51). The decrease exceeded 3 maunds in Dacca (8 maunds 39 seers), Tippera (3 maunds 16 seers), and Midnapore (3 maunds 2 seers). The fall in consumption in Midnapore was mainly due to an increase in the retail price as compared with the previous year, and that in Dacca and Tippera to the general economic depression and also to the distressed condition of the people on account of the cyclone of September last. There had been a decrease in consumption in Dinajpur in the previous year also. This continued decrease is said to be due to some consumers giving up the habit of smoking *ganja* owing to poverty and to others using wild *bhang*, which grows abundantly in this district and over which it is not possible to exercise much control without inordinate expenditure.

Total Revenue.—The total receipts for the year amounted to Rs. 36,47,148 against Rs. 34,79,285 in 1918-19, an increase of Rs. 1,67,863. The revenue from license fees increased by Rs. 1,22,618 and that from duty by Rs. 45,245.

52. **Incidence of taxation.**—The incidence of license fees per seer of *ganja* consumed was Rs. 23·9 and that of duty Rs. 20. The total taxation was Rs. 43·9 per seer as compared with Rs. 43·3 in the previous year.

* * * * *

55. **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—The number of applications to cultivate *ganja* received last season (1920) was 3,087 for an area of 6,511 bighas, as compared with 3,996 applications for an area of 7,223 bighas in the previous year. Two thousand two hundred and seven licenses covering an area of 1,999 bighas 11 cottahs and 14 chataks were granted, as compared with 2,435 licenses covering an area of 2,999 bighas 14 cottahs and 9 chattaks in 1918-19. The area actually under *ganja* cultivation was 1,972 bighas 14 cottahs and 1 chatak against 3,047 bighas 6 cottahs and 5 chataks in the preceding year. The area licensed during the year was the lowest on record, due to accumulation of large stocks of *ganja* of the two previous years. The area under cultivation was sufficiently tested and, as a result, a large number of cases of change of plots was detected. The reason for this irregularity is reported to have been due to the fact that many cultivators were unable to correctly locate the licensed plots. The prospects of the crop were very satisfactory until the beginning of December, when caterpillars, locally called *hirkati*, appeared and damaged the flowering tops. The damage was very general throughout the Ganja Mahal. Red spider pests also did some damage to the crop and there was also another kind of pest called *sidla*. The *Ganja* Cultivators' Co-operative Society supplied three spraying machines and vermisapon, and the plots affected were treated with the insecticide with good results in some cases. The damage caused on the whole was not very heavy, the average outturn finally coming to 2 maunds 12 seers and 10 chataks per bigha, which is not below the normal. The total quantity of *ganja* stored in the public *golas* amounted to 4,569 maunds 18 seers and 2 chataks, as compared with 6,988 maunds 6 seers and 2 chataks in the preceding season.

* * * * *

56. **Manufacture and storage.**— * *

* The cost of cultivation and manufacture is reported to have

been Rs. 54-8-0 per maund, as compared with Rs. 47 (which is, however believed to have been an under-estimate) in 1918-19. Increased wages of labourers raised the cost of production, as compared with the previous year.

* * * * * *

58. **Receipts, issues and balances at the public golas, and wholesale prices at Naugaon.** * * * *

* The total exports from Naugaon during the year, exclusive of one maund of *ganja* sent to the Chemical Examiner for experimental purposes, amounted to 5,873 maunds 2 chataks, as compared with 5,665 maunds 10 seers 2 chitaks in the preceding year.

* * * * *

BHANG.

60. **Licenses and revenue.**—There were 249 retail licenses for the sale of *bhang* in the year under report against 239 in the previous year. Three shops were opened in Nadia, two in Faridpur, one each in Burdwan, Bankura, Midnapore, Tippera and Rajshahi—all with the approval of the Advisory Committees—to meet local demand and to stop illegal traffic in the drug in places where wild *bhang* grows profusely. The total number of druggists' permits issued was 358, as compared with 297 in the preceding year. There were noticeable increases in the Rajshahi (22), Dacca (21), and Presidency (15) Divisions. The amount of revenue concerned is, however, trifling. The vend fees of the *bhang* shops are also very small, as these shops are generally settled with the other drug shops of the same locality. The total revenue from license fees and duty amounted to Rs. 1,61,477, as compared with Rs. 1,43,476 in 1918-19.

61. **Consumption.**—There was an appreciable demand for *bhang* in most of the Western Bengal districts, viz., in Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Howrah, 24-Parganas, Calcutta and Nadia. In Eastern Bengal, Dacca was the only district where there was any appreciable issue of the drug. In the other districts in the province the consumption was very small. The drug is popular chiefly with up-country people in Bengal, who use it in the preparation of a drink, and its sale in other cases is generally confined to religious occasions. It is also used in the preparation of *Kabiraji* medicines. The total consumption in the Presidency amounted to 724 maunds 19 seers against 641 maunds 18 seers in the previous year. The increase exceeded 5 maunds in Calcutta (32 maunds 17 seers), Midnapore (23 maunds 14 seers) and Hooghly (5 maunds 34 seers). The increase in Calcutta is reported to have been due to the influx of a large number of up-country labourers in the town and suburbs. The Collector of Midnapore reports that the increase in that district was partly due to the cheaper retail price of the drug under the fixed fee system and partly to the use of the drug as a preventive in cattle diseases which prevailed in certain subdivisions. The increase in Hooghly is said to have been due to the better management of the shops under the fixed fee system.

Three maunds and twenty seers of duty-paid *bhang* were exported from Hooghly to French Chandernagore. Tippera supplied 4 seers to the adjoining State of Hill Tippera. Four maunds of *bhang* were exported from Naogaon to Manbhum in Bihar and Orissa.

It has been reported from Calcutta that there were complaints of the bad quality of the drug supplied by the Co-operative Society, Naogaon, which, in its turn, gets its supply from Bhagalpur. It is possible that unscrupulous retail vendors further adulterate the stuff, and an enquiry is being made by the local Excise authorities.

CHARAS.

62. **Licenses and Revenue.**—The total number of retail licenses was 29 against 30 in the preceding year, due to abolition of one shop in Nadia. As in the previous year, three wholesale licenses were in force, viz., one in each of the districts of Birbhum, Calcutta and Dinajpur. The wholesale dealer of Dinajpur, however, did not import any *charas* during the year. The total

receipts amounted to Rs. 78,039 as compared with Rs. 69,715 in 1918-19, an increase of Rs. 8,324. The revenue from license fees increased by Rs. 4,453 and that from duty by Rs. 3,871.

63. **Imports, exports and consumption.**—The total quantity of *charas* imported into Bengal was 28 maunds 25 seers against 26 maunds 2 seers in the preceding year. The wholesale dealers of Calcutta and Birbhum imported the drug direct from the Punjab and supplied the retail vendors in the other districts.

The total issues to retail shops in the Presidency amounted to 28 maunds and 32 seers, as compared with 24 maunds 1 seer in 1918-19, the excess of issues over the imports being met from the last year's balance. There was a noticeable increase of 2 maunds 20 seers in Calcutta, which is reported to have been due to the influx of a large number of wage-earners consequent upon the great expansion of trade in Calcutta and its suburbs after the war.

The use of *charas* is very limited and is practically confined to Western Bengal, the only districts having licenses for its sale outside this tract being Dacca, Bakarganj and Dinajpur. The consumers of the drug, it appears, come from all sections of the community. The Collector of the 24-Parganas reports that it is generally consumed by the wealthy singers, *jatrawallas*, both male and female, and members of the *bhadralok* class, who dislike the smell of *ganja*.

Nine seers of *charas* were exported to Bihar and Orissa, as compared with 19 seers in the preceding year.

SECTION V.—Opium.

* * * * *

64. **Restricted supply of opium.**—The system under which the issue of excise opium to retail shops is restricted to the estimated local demand continued in Midnapore, Hooghly, Howrah, the 24-Parganas, Calcutta, Khulna, Bakarganj, Faridpur, Chittagong, Noakhali, Tippera and Jalpaiguri and in a few shops in Burdwan, Nadia, Jessore, Darjeeling, Mymensingh, Murshidabad and Rajshahi. It was not found necessary to extend the system to any further areas during the year under report, but in some non-restricted districts the issues of opium were carefully regulated by the Superintendents of Excise according to genuine local demands.

65. **Licenses for retail sale.**—The total number of licenses issued for the retail sale of excise opium was 828, as compared with 820 in the previous year. The most noticeable increase occurred in the 24-Parganas, where six new shops had to be opened, chiefly in the Sunderbans area of the district, where new settlements had grown up and it was found necessary to meet the demand. Two new shops were opened in Bankura and one each in Midnapore, Nadia and Jessore. All the new shops were opened with the approval of the Advisory Committees concerned. Three shops were abolished in Nadia as the consumption was insignificant.

66. **Permits and licenses under the Opium and Morphia Rules.**—The total number of permits and licenses was 951, as compared with 747 in 1918-19. The number includes 31 licenses to manufacturing chemists, 344 to dispensing chemists, 72 to *kabirajes* and *hakims* and 29 permits to permit-holders (total 476 for intoxicating drugs) and 35 licenses to dealers, 360 to chemists, 31 to persons approved under rules 21 (1) and 21 (2) of the Morphia Rules and 49 to persons authorised under rule 22 of the same rules (total 475 for morphia drugs). No separate poppy head licenses were issued. There are people dealing in " lanced " poppy heads, but no licenses are necessary in their case.

67. **Consumption.**—The consumption of excise opium during the year was 1,038 maunds and 5 seers, as compared with 1,027 maunds and 16 seers in the previous year, showing an increase by 10 maunds 29 seers or 1·04 per cent. The consumption increased in 17 districts and decreased in 10. The largest

increases occurred in Bankura (78 seers or 11·9 per cent.), Tippera (25 seers or 9·3 per cent.), Rangpur (80 seers or 8·4 per cent.), Khulna (61 seers or 7·8 per cent.), Bakarganj (64 seers or 7·8 per cent.), Howrah (103 seers or 7·2 per cent.), Noakhali (11 seers or 6·5 per cent.), and 24-Parganas (286 seers or 5·9 per cent.). The increase exceeded 100 seers in Calcutta (174 seers) and Hooghly (107 seers). In Bankura the increase was due to the opening of two new shops and to gradual reversion to normal conditions after the famine year of 1915-16. The increase in Tippera was due to increased allotments to some shops, in Rangpur to the improved condition of the consumers, in Khulna to full allotments having been taken by the vendors, in Bakarganj to the detection of some opium cases which led to increased sales from the shops, in Howrah to the consumers taking their supply from local shops instead of from Calcutta, and in the 24-Parganas to the opening of six new shops and increased allotments to some other shops. It is reported from Calcutta that consumers of the wage-earning classes who pour into the city daily and leave it after nightfall, cannot consequently purchase their opium from the shops in their own localities and hence the sales in Calcutta are forced up. In Hooghly, however, the increase was due to some consumers purchasing their opium locally instead of from Calcutta, as previously, owing to greater restrictions having been imposed on the Calcutta sales; it is also stated that the increase was partly due to the greater use of the drug from a medicinal point of view, the year having been a very unhealthy one. The decrease was largest in Murshidabad (241 seers or 19·5 per cent). In the year 1918-19 this district headed the list in the matter of increased consumption and smuggling from some shops was suspected; precautionary measures were taken and, as a result, the consumption has fallen off considerably during the year under report. In no other district has the decrease exceeded 10 per cent. In Mymensingh, Jalpaiguri, Dacca and Dinajpur the decrease has been over 5 per cent., but such small fluctuations do not call for any special remarks. In Midnapore there was a decrease of 167 seers, which the Collector reports was probably due to import of opium from Balasore and Singhbhum districts and to the poverty of the consumers.

68. **Total Receipts.**—The total receipts amounted to Rs. 32,48,820, as compared with Rs. 31,37,329 in 1918-19. There was an increase of Rs. 1,11,491 or 3·5 per cent., which occurred mostly under the head of "License fees."

69. **Madak and chandu.**—The habit of opium smoking is usually confined to the towns. It prevails to a comparatively greater extent in the districts of Western Bengal, viz., Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Murshidabad and Malda, and it seems to have grown up in the districts of 24-Parganas and Dinajpur. As reported previously, it is still very common in the southern portion of the district of Midnapore. Some Collectors have pointed out that the rules which allow smoking in company afford a loop-hole to the den-keepers to carry on their illicit trade.

70. **Morphia and opium pills.**—The use of morphia as a substitute for opium does not appear to have been in vogue in any of the districts. No sale of opium pills was reported during the year under report.

* * * * *

SECTION VI.—Cocaine.

* * * * *

73. **Licenses and Revenue.**—Two hundred and eighty-seven licenses were issued during the year to chemists and druggists for the sale of cocaine, as compared with 252 in 1918-19. Thirty-five permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision, viz., fourteen for tea gardens in Jalpaiguri, seven for charitable dispensaries in Midnapore, three in each of the districts of the

24-Parganas and Tippera, two each in Calcutta and Nadia and one each in Burdwan, Khulna, Faridpur and Noakhali. Twenty permits were issued to qualified medical practitioners and dentists in Calcutta, twelve in Burdwan, four in Chittagong, three in each of the districts of 24-Parganas and Faridpur, two each in Midnapore and Dinajpur and one each in Howrah and Noakhali for possession and use of the drug in the course of their practice. One permit was issued in Burdwan to the Superintendent of the Raniganj Leper Asylum. The total revenue from license fees amounted to Rs. 307 during the year, as compared with Rs. 287 in 1918-19.

74. **Preventive operations and illicit transactions.**—The illicit trade in cocaine seems to have increased to a considerable extent during the year in spite of the absence of supplies from Germany and Austria. As noted in the last year's report cocaine of Japanese origin has again appeared in the market and cases have been detected in Calcutta showing that the practice of exchanging opium for Japanese cocaine by smugglers still continues. The abuse of cocaine continues in the Calcutta district and in the neighbouring parts of the 24-Parganas district and in the Serampore subdivision of the Hooghly district. The Collector of Dacca reports that the habit of taking cocaine amongst some low class Muhammadans and prostitutes has greatly decreased, while the use of cocaine among the mill-hands of Barrackpur has been reported. A cocaine case was detected in Chittagong during the year. The drug was sent to the district by parcel post from Rangoon. The case had to be withdrawn for want of evidence. The number of persons convicted of illicit possession, sale or smuggling of cocaine increased from 183 to 275. In Calcutta the number was 244, as compared with 164 in 1918-19. An account of some important cocaine cases will be found in section VII of this report.

The total quantity of cocaine seized in Bengal during the year was 33 lbs. 3 ounces and 29$\frac{7}{8}$ grains, as compared with 23 lbs. and $\frac{1}{2}$ ounce in 1918-19. Only 6 ounces and 104 grains were seized outside the Calcutta district, and of this quantity more than 4 ounces were seized in the 24-Parganas. In Calcutta 395 ounces and 20 grains were seized by Excise officers, 123 ounces and 114 grains by Customs officers and 4 ounces and 341 grains by Police officers.

* * * * *

SECTION VII.—Offences against the Excise and Opium Laws.

* * * * *

76. **Prosecutions and Convictions.**— * * * *

The total number of persons arrested during the year was 6,651, as compared with 6,637 in the previous year. Of these, 6,038 were convicted during the year against 5,965 in 1918-19. The number of arrests increased in 12 districts out of 27. This increase was most marked in the 24-Parganas (202), Hooghly (120), Murshidabad (108), Calcutta (91) and Birbhum (84). On the other hand there was a decrease in 15 districts, the largest being in Burdwan (242), Dinajpur (102), Dacca (95) and Howrah (59). In Burdwan the decrease was due to the fall in the number of *pachwai* cases owing to the impoverished condition of consumers in consequence of the high price of rice, and to the close watch exercised by the Preventive staff, especially in the Asansol subdivision, where a special inspecting staff was entertained in connection with the fixed fee system of *pachwai* settlements. In Dinajpur the decrease is said to have been due mainly to the death of an experienced detective officer and also partly to a small number of detections by the special Excise staff stationed at the Parbatipur railway station. In Dacca the decrease was chiefly due to the employment of the Excise officers in cyclone relief work, in consequence of which they were not able to look after the work of detection as much as previously. No sufficient explanation has been given for the decrease in Howrah.

77. **Classification of offences.**—Four hundred and fifty-three persons were arrested for illicit distillation and 378 for possession and sale of illicit

country spirit, as compared with 540 and 116, respectively, in the previous year. The chief increases under these two heads taken together occurred in Midnapore (128), Hooghly (61), Darjeeling (14) and Bankura (10) and the chief decreases in 24-Parganas and Mymensingh (26 each), Bakarganj (24), and Calcutta (11). In a case of illicit distillation detected in Birbhum, a petty zamindar, who was also a member panchayet of the Chaukidari Union, was prosecuted along with his son. They were fined only Rs. 50 each, and the punishment has been declared to be grossly inadequate by the Collector. A special reward of Rs. 350 has been paid in this case with my sanction. The implements used were somewhat unusual, and it is said that no pipe was required. In the districts of 24-Parganas and Nadia, some important cases were detected, in which the accused supplied illicit liquor to the local shops and to other shops in the adjoining districts. One case of manufacture and sale of *Sanjibani sudha* was detected in Pabna. In Jalpaiguri almost all the illicit distillation cases were detected, as previously, in the tea gardens, the offenders being generally Paharias and Bhutias. Similarly, in Darjeeling, the offenders were generally tea garden coolies. In this district smuggling of liquor from Nepal and Sikkim is chiefly carried on by Lepchas, Bhutias and the hill men living on the borders. They generally carry on the trade at night through the agency of women. In Midnapore quite a number of good cases of local importance were detected, with a large quantity of *mahua* wash and many crude country pot-stills. In this district the *mahua* flower can be had in any quantity during the season for the mere gathering of it or at a nominal price at *hâts* throughout the year. It is reported that the local *bhadralok* support the illicit distillers in many cases. On festive occasions, in the rural areas, the nearest illicit distiller is called in to supply the liquor. A gang of such distillers was unearthed in the Mahisadal thana; they were found in possession of O. P. liquor and regular accounts of sales to people in the locality.

In Bakarganj the principal offence against which the Excise authorities have to contend is illicit distillation of country spirit. The crime prevails mostly in parts of the Sadar and Pirojpur subdivisions and also in the Sunderbans tract of the Patuakhali subdivision. In the former area, as reported last year, the offenders are chiefly low class Hindus, who are supported by middle class talukdars having a pecuniary interest in the traffic and getting the liquor free for their own consumption. I looked into the matter particularly when I inspected this district and suggested greater co-operation with the local and rural police and the granting of more liberal rewards to them and also to outsiders, in order to attract reliable informers.

In the Sunderbans area the crime is confined to the Mugh population, who are suspicious and desperate. It is reported that it is difficult to get informers, and police help is not always available. There is, however, no traffic in illicit liquor, which is generally manufactured for home consumption only. It is hoped that in course of time, with the help of the Colonisation Officer and his staff, such illicit distillation will be stopped.

Three important cases of transport of illicit liquor were detected in the 24-Parganas. In two of them the liquor was intended for illicit supply to places in Calcutta.

The number of persons arrested for unlicensed sale of duty-paid country spirit fell from 181 to 132. The decrease occurred mainly in Calcutta, where it was chiefly due to the introduction of a better and more honest class of vendors. A cooly employed in the Mymensingh Sadar Warehouse was prosecuted and convicted for illicit sale of country spirit of 27·1° U.P. strength.

The number of arrests under the head "Illicit import, export or transport of country liquor" decreased by 76, of which 46 occurred in Hooghly.

There were 56 arrests for illicit sale of foreign liquor against 22 in 1918-19, the increase being largest in Calcutta (25). The cases were mostly for the illicit sale of rum, which is gradually taking the place of country spirit to some extent on account of its cheapness.

The arrests in *tari* cases increased by 422. The chief increases occurred in 24-Parganas (247), Hooghly (120), and Murshidabad (106). Such offences are very common and these increases have, therefore, no special significance.

The number of persons arrested under the head "Illicit manufacture, possession or sale of *pachwai*" fell from 1,916 to 1,634. The decrease has been marked in Burdwan (182), Midnapore (92), Dinajpur (58), Nadia (55), Malda (22) and 24-Parganas (16); whereas there was an increase of 96 in Birbhum, 27 in Darjeeling, 17 in Mymensingh and 15 in Hooghly. The decrease in Burdwan has already been explained in paragraph 76 above. In Midnapore, the decrease was due to the shortage of officers owing to casualties. No explanations have been given from the other districts as regards the decreases.

Ten persons were arrested for illicit cultivation of poppy against 7 in the previous year.

In Nadia there was a case of poppy cultivation on a fairly large scale, there being some 2,000 plants. One accused was acquitted, but another was sentenced to 2 months' rigorous imprisonment.

Taking the figures under the two heads "Illicit opium" and "Treasury opium" together, the number of arrests decreased from 629 to 524, or by 105 persons. The chief decreases occurred in Midnapore (44), Howrah (28), Hooghly (22) and Burdwan (19); whilst only Nadia showed an appreciable increase of 15. The total quantity of opium seized in Bengal amounted to 61 maunds and 13 seers, of which 47 maunds and 25 seers were seized in Calcutta alone. Ten maunds and 30 seers were seized by the Special Staff at different railway stations. The Customs officers made 71 seizures, amounting in all to 16 maunds and 8 seers. Twenty-seven maunds and 9 seers were seized by the Excise officers in Calcutta, as compared with 29 maunds and 35 seers in the previous year; 3 maunds and 28 seers, 3 seers and 18 seers were seized by the Calcutta Police, Howrah Police and Howrah Railway Police, respectively. Some very important arrests were made by the Calcutta and Special Staffs, but as details have already been given in the Excise Supplement to the *Criminal Intelligence Gazette*, it is unnecessary to reproduce them here. Mention may, however, be made of three cases of importance detected by the Calcutta Preventive Force. In one case two Chinamen, who were members of a gang smuggling opium in large quantities to China *viâ* Madras, Singapore and Shanghai, were convicted and sentenced to 6 months' rigorous imprisonment each. The opium had been very cleverly concealed in steel trunks and wooden boxes with double sides and bottoms, specially constructed to hold large quantities of the drug. The quantity of opium seized was 1 maund and 3 seers. In a second case an old convict with two confederates, all dressed as sepoys, were arrested with 1 maund and 5 seers of opium. They were convicted and sentenced to 3 months' rigorous imprisonment. After the detection of this case, several carriers dressed as sepoys were suspected and arrested with opium at Howrah and other railway stations. In a third case, Babu Surendra Narayan Ghosh, Superintendent of Excise, Preventive Branch, Calcutta, arrested at Delhi one Abdul Rahaman, a big opium smuggler of Meerut and Delhi, with 1 maund and 8 seers of Kabuli opium. This man had been supplying opium in large quantities to some well-known smugglers in Calcutta. He was prosecuted and sentenced to 6 months' rigorous imprisonment and a fine of Rs. 1,000, in default further rigorous imprisonment for 3 months. This conviction was upheld both by the Sessions Court and the High Court at Lahore. The C. I. D. of the United Provinces reported after his arrest that he had earned over a lakh of rupees in this way in the course of the last 5 years.

Some of the methods adopted by the smugglers were the employment of carriers dressed as sepoys or khansamas, the employment of Anglo-Indian men and even women, travelling in 1st and 2nd class compartments and the transport of opium by railway and postal parcels. On the other hand some lady informers have been forthcoming and some good cases have been detected with their help. An important seizure of 1 maund and 2 seers of Kabuli opium was made at the Howrah railway station. The opium was found in two suit cases booked as a railway parcel from Meerut to Howrah and addressed to "Rev. Johnston." This indicates how apparently respectable names are being utilized in order to ward off suspicion.

Three hundred and thirty-nine persons were arrested for illicit possession or sale of *madak* or *chandu*, as compared with 232 in the preceding year. In Calcutta alone there has been an increase by 41.

The arrests for illicit cultivation or possession of *ganja* and *bhang* decreased from 144 to 70. The decrease was marked in Pabna (24), Bakarganj (23), Khulna (13), and Dinajpur (11). A case of extensive cultivation of *ganja* plants was detected in the district of Mymensingh, and ended in conviction. In the Nator subdivision of the Rajshahi district a case of illicit sale and possession by a *kabiraj* of 1 seer and 10 chataks of *Kameswar modak*, which is a medicinal preparation of *bhang*, was detected. The accused was prosecuted and sentenced to pay a fine of Rs. 50. Six cases were detected in the Naogaon subdivision of illicit possession of green *ganja*, as compared with 8 in the preceding year. The quantity of the drug seized was 2 maunds 18 seers and 14 chataks against 1 maund 38 seers 8 chataks and 2 tolas in 1918-19. A few cases of special importance are given below :—

A *ganja* cultivator was prosecuted for illicit possession of 35 seers and 4 chataks of non-duty-paid green *ganja* which he was carrying in two bags for selling to bogus purchasers arranged by the Excise Preventive officers. He was sentenced to pay a fine of Rs. 200, in default to undergo rigorous imprisonment for 3 months. Three regular *ganja* smugglers were detected carrying green *ganja* from a field, the total quantity being 1 maund 9 seers and 2 chataks. One of them was arrested, but the other two managed to escape, one having been caught again and escaping after wounding the Excise peon with a *lathi*. The first accused was convicted and sentenced to 4 months' rigorous imprisonment and the other two were unfortunately acquitted. In a third case a man was arrested for illegal possession of 2 tolas 2 annas of non-duty paid *ganja*, and in the course of the search of his house a complete set of apparatus for counterfeiting coins and some counterfeit coins were discovered. The accused was committed to the Sessions under sections 235 and 243, Indian Penal Code, and was sentenced to 4 years' rigorous imprisonment. He was also convicted for the offence under the Excise Act and sentenced to 15 days' rigorous imprisonment.

The arrests for "unlicensed sale of hemp drugs" increased from 275 to 277 or by two only. There was no marked increase in any of the districts, except Mymensingh (19), whilst there were decreases in Birbhum (16) and 24-Parganas and Dacca (15 each). A peon of the Ganja Cultivators' Co-operative Society attached to the *ganja gola* at Pabna was arrested for unlicensed sale of *ganja*. Two hundred and seventy-seven persons were prosecuted for "Illicit possession of *ganja*" against 264 in 1918-19. The fluctuations were not very great in any of the districts, except an increase of 28 in Chittagong. The prosecutions under the head "Illicit possession of *charas*" went down from 13 to 10. One Nepali Chetri of a village in Nepal, who brought 2 seers and 2 tolas of *charas* from Nepal with the intention of selling it in British territory was prosecuted and convicted in the Darjeeling district. This is the first case of illicit import of *charas* from Nepal. The arrests under the head "Illicit possession of *bhang*" decreased from 477 to 323 or by 154 persons. The chief decreases were in Dacca (78), Howrah (43), Burdwan (37), Bogra (22) and the 24-Parganas (17), whilst the chief increases were in Mymensingh (27), Pabna (25), and Bakarganj (14). The prosecutions under the head "Unlawful import, export or transport of hemp drugs" also fell from 146 to 76. Dinajpur (29) and Rangpur (37) were primarily responsible for the decrease.

There were 324 arrests under the head "Illicit sale or possession of cocaine" against 233 in the preceding year. The crime is very prevalent in Calcutta, where alone 287 persons were arrested. The 24-Parganas come next with 28 persons. Almost all the important cases occurred in Calcutta. The offenders in most of these cases were either Chinamen or Japanese. The former appear, as usual, to have been extensively employed in the contraband

trade of opium and cocaine. A few cases of the more important seizures are mentioned below :—

A Japanese prostitute in the keeping of a notorious Japanese cocaine and opium smuggler was found in possession of 32½ ounces of cocaine in a chest of drawers. She was convicted and sentenced to 2 months' rigorous imprisonment and a fine of Rs. 200, in default one month's further rigorous imprisonment. Her associate, another Japanese, who tried to save her by claiming the stuff to be his, was also convicted and sentenced to 6 months' rigorous imprisonment. This case has had the good effect of scaring away other Japanese prostitutes with whom smugglers of the same nationality used to keep the stuff for safe custody. A rich Chinese smuggler and his Chinese servant were arrested while trying to sell 47 ounces of cocaine to Babu D. C. Sen Gupta, Excise Inspector, who posed as a bogus *mahajan*. Both the accused were convicted and sentenced to rigorous imprisonment for 6 months each. Another Chinaman, with an associate who absconded during the trial, were sent up for attempting to sell 47½ ounces of cocaine to Babu K. C. Bose, Excise Inspector, in a similar manner. They were members of the crew of a Chinese steamer and used to bring large quantities of cocaine and to take away opium in return. The accused was convicted and sentenced to rigorous imprisonment for 6 months; the bail bond of Rs. 5,000 of the other absconding accused was confiscated, of which Rs. 500 has already been realised. In another case a Japanese was arrested for illicit possession of 192 ounces of cocaine. The drug had been kept with him by the notorious Japanese smuggler mentioned in connection with the first case against a Japanese prostitute and her accomplice. Both the accused were prosecuted, but unfortunately the latter got off owing to insufficient evidence; his accomplice was, however, convicted and sentenced to 1 year's rigorous imprisonment and a fine of Rs. 500, in default further rigorous imprisonment for 3 months. The use of cocaine as an intoxicant is reported to be spreading among the mill-hands of the Barrackpore subdivision in the 24-Parganas district through the agency of the mill durwans. One man was arrested for illicit possession of about 3 ounces of cocaine and on conviction he was sentenced to 4 months' rigorous imprisonment.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea of the Calcutta block* in certain selected articles during the months of April to October, 1920, as compared with the corresponding period of 1919 and 1918. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the months of April to October, 1920, amounted to 5,564,000 maunds, as against 14,816,000 maunds in the corresponding period of the preceding year—a decrease of 62 per cent. There was an increase of 45 per cent in the imports of coal and coke (82,093,000 maunds as against 56,569,000 maunds last year). The imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed an increase of 18 per cent, the total value amounting to Rs. 6,65 lakhs as against Rs. 5,64 lakhs in 1919. The quantity of indigo imported during the months of April to October, 1920, increased to 3,475 maunds from 2,919 maunds in the corresponding period of 1919. The imports of raw jute amounted to 3,078,000 bales as against 2,564,000 bales—an increase of 19 per cent. The imports of gunny bags also increased from 247 million bags to 269 millions in number. The total imports of oilseeds (linseed and rape and mustard seed) increased by 3 per cent from 4,663,000 maunds to 4,781,000 maunds. The imports of sugar increased by 60 per cent from 325,000 maunds to 521,000 maunds, while those of tea decreased by 30 per cent from 1,830,000 maunds to 1,281,000 maunds.

Exports.—The value of the exports of cotton piecegoods, foreign, from Calcutta by all routes during the months of April to October, 1920, decreased by 2 per cent (Rs. 14,72 lakhs as against Rs. 14,99 lakhs last year). The exports of gunny bags (including the exports by sea to foreign countries) increased from 634 million bags to 843 millions; and shipments of gunny bags to other Indian ports also showed an increase from 21 to 23 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) decreased by 5 per cent from 3,363,000 maunds to 3,200,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.
† One maund of paddy is equivalent to 25 seers of rice.

Rai Bahadur Upendra Lal Ray (Bengal).

Mr C. Atkins, Daulatpore Factory, Tirhoot, Bengal and North-Western Railway.

Mr. H. C. Hunt, Indian Police, Secretary.

The Committee will have power to co-opt additional members in any province if thought advisable.

The Committee, which will submit its report to the Government of India, will assemble at Delhi at an early date and then visit the various provinces of India.

3. The terms of reference to the Committee are as follows :—

(1) To consider whether the arrangements now made for the protection of travellers and property on railways in India are effective.

(2) If the arrangements in question are ineffective, to report how far the shortcomings are due to—

(*a*) defective organization.

(*b*) defects in the personnel,

(*c*) defective methods of investigation,

(*d*) defective arrangements made—

(*i*) for the protection of passengers,

(*ii*) for the protection of goods in transit or for the protection of property at goods and transhipment sheds and station yards.

(3) To make such recommendations as may seem calculated to mitigate or remove any defects that the Committee may discover, or as may seem otherwise germane to the objects of the inquiry.

Questions of pay will not form part of the inquiry.

ORDER.—Ordered that the Resolution be published in the Supplement to the *Gazette of India* and that a copy be forwarded to local Governments and Administrations, all Departments of the Government of India and the Director, Intelligence Bureau, for information.

Also that a copy be forwarded to the Secretary to the Committee for information.

REWARDS.

No. 79.—The following Royal Warrant is published for general information in supersession of that published in Army Department notification No. 3054, dated 28th December 1918 :—

THE MILITARY MEDAL.

GEORGE R. I.

GEORGE THE FIFTH by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas King, Defender of the Faith, Emperor of India, To all to whom these Presents shall come Greeting :

WHEREAS WE did by Royal Warrant under Our Sign Manual, dated 25th March 1916, institute and create a silver medal entitled "The Military Medal" to be awarded to non-commissioned officers and men for bravery in the Field, and did make, ordain and establish certain rules and ordinances for the governance of the same, which rules and ordinances were subsequently amended by Royal Warrants, dated the 21st day of June 1916, the 1st day of August 1918, and the 24th day of March 1919 ;

AND WHEREAS it is expedient that Our said Royal Warrants should be further amended :

NOW THEREFORE WE do hereby declare that the rules and ordinances contained in Our said Royal Warrants shall be abrogated, cancelled and annulled, and We are pleased to make, ordain and establish the following rules and ordinances in substitution for the same, which shall from henceforth be inviolably observed and kept :—

Firstly.—It is ordained that the medal shall be designated. "The Military Medal."

Secondly.—It is ordained that the Military Medal shall bear on the obverse the Royal Effigy, and on the reverse the words "For bravery in the Field." encircled by a wreath surmounted by the Royal Cipher and a Crown.

Thirdly.—It is ordained that the Military Medal may be awarded to Warrant Officers, Classes I and II, non-commissioned officers and men serving in any of our Military Forces for individual or associated acts of bravery in the Field on the recommendation of a Commander-in-Chief in the Field.

Fourthly.—It is ordained that in cases where Warrant Officers, Classes I and II, non-commissioned officers and men who have been awarded the Military Medal shall be recommended by a Commander-in-Chief in the Field for further acts of bravery, a Bar or Bars may be added to the medal already conferred.

Fifthly.—It is ordained that the Military Medal may, under exceptional circumstances on the special recommendation of a Commander-in-Chief in the Field, be awarded to women, whether subjects or foreign persons, who have shown bravery and devotion under fire, and a Bar or Bars may be added for further such acts.

Sixthly.—It is ordained that soldiers of an Allied or Associated Army of ranks equivalent to those of Our Military Forces specified in the third clause of this Our Royal Warrant, who have been associated in operations with Our Military Forces shall be eligible for the award of the Military Medal.

Seventhly.—It is ordained that the Military Medal shall not confer any individual precedence, but shall entitle the recipient to the addition after his or her name of the letters M. M.

Eighthly.—It is ordained that the names of those upon whom We may be pleased to confer the Military Medal shall be published in the *London Gazette*, and that a Register thereof shall be kept in the Office of Our Principal Secretary of State for War

Ninthly.—It is ordained that the Military Medal shall be worn before war medals in such order as We may from time to time assign to it, and that it shall be worn on the left breast pendent from a ribbon of one inch and one quarter in width, which shall be in colour dark blue having in the centre three white and two crimson stripes alternating.

Tenthly.—It is ordained :—

(1) That a recipient of the Military Medal who suffers death by sentence of Court Martial; or, if an officer, is cashiered, dismissed or removed from Our Naval, Military, or Air Forces for misconduct; or, if a sailor, soldier, or airman is discharged from Our Naval, Military, or Air Forces with ignominy, or for misconduct or on account of a conviction by the Civil Power, or for having been sentenced to penal servitude; or, if a woman, shall in the opinion of Our Army Council, Our Board of Admiralty or Our Air Council, as the case may be, so conduct herself as to be unworthy of it; shall forfeit the Military Medal unless otherwise recommended by Our Army Council.

(2) That if a recipient of the Military Medal is convicted by the Civil Power, or is dealt with under the Probation of Offenders Act, 1907; he or she shall be liable to a like forfeiture at the discretion of Our Army Council.

(3) That a forfeited Military Medal may be restored to its former holder under regulations approved by Our Army Council; provided that We, Our Heirs and Successors, shall at all times have power to restore a forfeited Military Medal.

(4) That a notice of forfeiture and of restoration shall in every case be published in the *London Gazette*.

Lastly.—We reserve to Ourself, Our Heirs and Successors, full power of annulling, altering, abrogating, augmenting, interpreting, or dispensing with these Regulations, or any part thereof, by a notification under Our Royal Sign Manual.

Given at Our Court at St. James's, this 30th day of October, 1920, in the eleventh Year of Our Reign.

By His Majesty's Command.

W. S. CHURCHILL.

The following resolution, issued by the Government of India in the Finance Department, is republished for general information.

H. L. STEPHENSON,
Chief Secretary
to the Government of Bengal.

No. 3183F.

Delhi, the 16th December 1920.

RESOLUTION.

The introduction of the Reforms will bring about a complete change in the financial relations between the Central and Provincial Governments, which will involve some important changes in the general form of accounts and in the prescribed major heads. The necessity for making these changes has at the same time afforded an opportunity of carrying out a complete revision and rearrangement of the existing scheme of major heads which, it has been felt for some time, has needed improvement in several directions. The changes described below have received the sanction of the Secretary of State and are now published for general information. They should be given effect to in the estimates and accounts commencing with those for the year 1921-22.

Complete separation of Imperial and Provincial accounts

2. Provincial Governments have hitherto had no separate revenues of their own, their resources being obtained mainly from a share of divided heads of revenue and from lump assignments from Imperial revenues. The transactions of the Imperial and Provincial sections have accordingly been combined, but shown under distinct divisions, against each major head of revenue and expenditure, in the general accounts and estimates. In future, however, definite sources of revenue will be allocated to the Provincial Governments and there will be a complete separation between the revenues and expenditure of the Central and Provincial Governments, though all moneys received from sources of provincial revenue will be paid to the public account of which the Governor-General in Council will continue to be the custodian. It will no longer be necessary, therefore, to record together the Imperial and Provincial transactions against each head of account. The accounts and estimates of the Government of India will, in future, embrace the transactions of the Central Government only under each head of account, the transactions of the Provincial Governments appearing in them merely as a net addition to or withdrawal from their banking account with the Central Government.

Home transactions of Provincial Governments.

3. At present all revenue realized and expenditure incurred in England which are finally adjusted in the Home Accounts are treated as Imperial, irrespective of whether they pertain to an imperial, provincial or divided head. In future, the incidence of revenue and expenditure will be determined by the division of subjects between the Central and Provincial Governments; the Secretary of State and the High Commissioner for India will maintain separate accounts of the expenditure incurred in England on behalf of Provincial Governments and the revenue realized, if any, in respect of provincial subjects, and they will furnish to each Provincial Government copies of the accounts and estimates relating to provincial transactions. The net expenditure incurred in England on behalf of each Provincial Government will be charged to its balances in India at the end of each quarter.

Commercial Departments

4. To avoid an inflation of the accounts and the resultant erroneous impression as to the incidence of revenue in India, the working expenses of Railways are at present deducted from the gross receipts, and the net receipts only are shown on the revenue side of the accounts. It has been decided that the same procedure shall be followed in the case of the other two commercial services, *viz.*, Irrigation works and Posts and Telegraphs. Accordingly, the working expenses of Irrigation works and expenditure on revenue account in respect of Posts and Telegraphs will be shown in the accounts as a deduction from revenue, interest charges relative to the former remaining on the expenditure side.

Exchange.

5. Gain or loss by exchange on the net home expenditure of Provincial Governments, as also on the net outlay in England on the commercial services will, in future, be credited or charged, as the case may be, to the Provincial Governments or to the commercial department concerned. Gain or loss in respect of the net expenditure of the Central Government not relating to the commercial services will be credited or charged in lump under the revenue or expenditure head "Exchange" in the Central Accounts; this head will also record in the Provincial Accounts the exchange on the net home expenditure of Provincial Governments. For the purpose of these adjustments, the exchange will be calculated monthly on the basis of the average of the daily Calcutta Telegraphic Transfer rates on London during the month.

Description of changes made in accounts.

6. A list of the major heads of revenue and expenditure as now revised is given in Annexure I to this Resolution. The changes introduced are explained below:—

Adjustments between Governments

(i) The transfers now made between the Imperial and Provincial revenues will be discontinued and there will be substituted therefor fixed contributions from the Provincial Governments to the Central Government and also fixed assignments in consideration of the allocation to the provinces of a share in the revenue realized from taxation on incomes. There may also occasionally be some miscellaneous adjustments between the Central and Provincial Governments in respect of services rendered by one to another. The adjusting head "Transfers between Imperial and Provincial revenues" has therefore been replaced by two new heads "Contributions and Assignments to the Central Government by Provincial Governments" and "Miscellaneous adjustments between the Central and Provincial Governments". The heads will be opened on both the receipt and expenditure side, the entry under the former head on the expenditure side representing the payments by the Provincial Governments and the entry on the receipt side the credits to the Central Government. It has also been decided that with the greater independence of provincial finance under the altered conditions the present rule against inter-provincial adjustments in Article 1337, Civil Account Code, shall be rescinded.

Famine Insurance

(ii) Each Provincial Government will be required in future to set aside from its resources a fixed sum every year for famine insurance, and the appropriation of £1 million a year hitherto made from Imperial revenues for famine relief and insurance now disappears, and with it also the head "Reduction or Avoidance of Debt". The sums thus set aside by the Provincial Governments will be devoted in the first instance to outlay on the construction of protective works and, if necessary, on relief measures, the sum not required for these purposes being utilized in building up a Famine Insurance Fund. The balance at the credit of the fund will be regarded as invested with the Central Government which will pay interest on it, and it will be available for application, when necessary, to any of the objects mentioned above, and also to the grant of advances to cultivators.

In order to give effect to the above scheme for famine insurance by Provincial Governments the major head "Famine Relief and Insurance," which will come under the Miscellaneous Section has been split up into two sub-heads, A. Famine Relief and B. Transfers to Famine Insurance Fund, for the record respectively of (a) outlay on relief measures and (b) the transfer to a separate head in the debt section of the accounts of the annual appropriations to the Famine Insurance Fund. As it is desirable that the entire outlay on relief in any year, inclusive of the portion met from the balance at credit of the fund, should be shown as

famine expenditure in the Provincial accounts, it is also necessary to open a head on the receipt side to show the transfers from the Famine Insurance Fund to meet famine outlay, and a new head "Transfers from Famine Insurance Fund" has accordingly been opened.

(*iii*) Under the present classification, charges on account of irrigation works are shown under five heads, namely, (1) capital outlay on irrigation works not charged to revenue, *i.e.*, productive works, (2) outlay on protective works financed from the famine insurance grant, (3) outlay on protective works financed from outside that grant, (4) working expenses on productive and protective works (collectively designated major works) including interest on debt and (5) minor works and navigation. The receipts are classified under two heads, *viz.*, (1) major works and (2) minor works and navigation. The basis of the existing heads is thus a classification of irrigation works into major and minor works; this distinction is not, however, based, as the nomenclature would apply, on the size of the works: major works are works the funds for the capital expenditure on which are provided wholly or mainly either from borrowings or from the famine insurance grant with the additional reservation that they must be susceptible of having reliable capital accounts kept of them, while minor works include all works not classed as major and met wholly from revenue. A distinction based on the source from which capital expenditure is met cannot, however, be retained under the Reforms Scheme, especially as borrowed funds will not hereafter be required to be applied to productive works only, and it will be permissible to finance from borrowings unproductive as well as productive works.

Irrigation

It has, therefore, been decided to replace the distinction between major and minor works by a classification based on the productivity of the works, and the transactions relating to irrigation works will in future be exhibited in the accounts as follows:— (1) The outlay on the construction of irrigation works not charged to revenue will be shown under a single major head outside the revenue account as at present, but subdivided into productive and unproductive. (2) The outlay on the construction of irrigation works charged to revenue will also be shown under a single major head in the revenue section, subdivided into (*a*) works financed from the famine insurance grants and (*b*) those financed from ordinary revenues. (3) The receipts and charges relating to waterways and navigable canals and to embankments and other purely agricultural works will be separated off from those relating to irrigation works proper and shown under a separate head "Waterways and Embankments". (4) For the purpose of showing maintenance charges, irrigation works will be divided into two classes, *viz.*, those for which capital accounts are kept and those for which such accounts are not kept, and each of these classes will be represented by a distinct major head in the revenue section of the accounts, the latter of which will also include miscellaneous expenditure on surveys of irrigation projects, etc. (5) The works for which capital accounts are kept will be further subdivided into (*a*) productive, (*b*) protective and (*c*) unproductive works, direct receipts, working expenses and the portion of land revenue due to irrigation being shown on the receipt side separately in respect of each of these classes of works and the interest charges on the expenditure side.

It has also been decided that for the purpose of determining the productivity of an old work developed by the British Government, the capital expended by that Government be regarded as capital at charge on which interest is chargeable, and that when a work which was expected to be productive proves to be unproductive as defined in the Public Works Department Code

or *vice versa*, the necessary transfer of booked outlay between the productive and unproductive classes of works be effected so as to bring the accounts into accord with facts.

Railways.

(iv) The outlay on the construction of Railways charged to revenue is now shown under three distinct heads,—Construction of Protective Railways, Construction of Railways charged to revenue in addition to that charged under Famine Insurance and Construction of Railways charged to Provincial Revenues. It has been decided to provide a single head in place of these three, the incidence being Central or Provincial according to the source from which the funds for construction are provided.

Posts and Telegraphs.

(v) At present, capital outlay on telegraph lines is shown under a minor head subordinate to the major head Posts and Telegraphs, petty outlay on buildings up to Rs. 2,500 is treated as contingent expenditure of the department and outlay in excess of this amount is adjusted as a charge of the Public Works Department. The Post and Telegraph Department is a commercial department and it is desirable that all expenditure incurred on its account should be brought together. A new head has, therefore, been opened on the expenditure side to record all expenditure of a capital nature.

Sinking funds, Central and Provincial.

(vi) Substantial sums are now being set apart from revenue for the purchase and cancellation of the long term loans which have been floated in recent years, while Provincial Governments may hereafter devote borrowed funds to unproductive purposes provided they establish sinking funds for the discharge of the unproductive liability. It is desirable, therefore, to introduce a separate head to show the application of these funds and a new head "Sinking Funds" has been opened under the section relating to interest charges the heading of the section being altered to "Debt Services".

Currency Audit, etc.

(vii) A new major head "Currency" has been opened on both sides to bring together the receipts and charges on account of the Currency Department which are now scattered over several heads of accounts; and owing to the growing importance of the expenditure involved separate heads have been provided for expenditure on Audit and Civil Aviation. The existing head "Scientific and Miscellaneous Departments" has been split up into three major heads on the expenditure side, *viz.*, "Industries", "Scietific Departments" and "Miscellaneous Departments", and two on the receipt side, *viz.*, "Industries" and "Miscellaneous Departments". Annexure II shows the distribution of the existing minor heads between the three expenditure heads; on the receipt side the transactions relating to the Scientific and the Miscellaneous Departments will appear under the head "Miscellaneous Departments".

Stamps, General Administration and Education.

(viii) To discriminate the stamp receipts pertaining to commercial and court-fee stamps respectively, the head Stamps has been subdivided into Non-Judicial and Judicial both on the receipt and expenditure side.

The expenditure head "General Administration" will be split up into four sub-heads—Heads of Provinces, Legislative Bodies, Secretariat and Headquarters establishment, and Commissioners;

and the head "Education" into five sub-heads both on the receipt and expenditure side, *viz.*, University, Secondary, Primary, Special and General, the last sub-head being used for the exhibition of receipts and expenditure common to, or outside, the different classes of education.

Rates, Refunds, Assignments, etc.

(*ix*) The head "Provincial Rates" both on the receipt and expenditure side has been abolished; no expenditure is incurred under that head at present, while the receipts are insignificant and may suitably be included under Land Revenue.

The charges for refunds and assignment at present follow the incidence of the head of revenue to which they relate, being Central or Provincial according as the corresponding revenue head is Central or Provincial. There is no particular advantage in bringing together all charges on account of refunds or assignments under separate major heads, while the mixing up of charges of varying incidence results in confusion. The expenditure heads "Refunds and Drawbacks" and "Assignments and Compensations" have therefore been abolished; the charges will be transferred to the respective subject heads, refunds and drawbacks appearing as deductions from revenue and assignments and compensations as expenditure.

The head "Civil Furlough and Absentee Allowances" is rarely used in India as the leave allowances of officers paid in this country are debited to the same head as their salaries, and the only charges recorded in India under that head are the trifling sums paid by Government to officers proceeding on leave from foreign service. It has been decided that payments of leave allowances in England and to officers on foreign service in India should be charged to the respective subject heads and the special head for these allowances has therefore been abolished.

Changes in nomenclature.

(*x*) The designations of the existing major heads "Income-tax", "Courts of Law", "Jails" and "Sanitation" have been altered respectively to "Taxes on Income", "Administration of Justice", "Jails and Convict Settlements" and "Public Health".

Expenditure not charged to revenue.

(*xi*) In the section relating to expenditure not charged to revenue, the head "India's financial contribution to the War" has been omitted and a new head "Outlay on Waterways" has been opened to show the outlay on the recently sanctioned Grand Trunk Canal in Bengal. Additional heads will be opened as necessary when Provincial Governments undertake expenditure on objects other than the construction of Railways, Irrigation Works or Waterways from borrowed funds.

Grouping of heads.

(*xii*) Some changes have also been made in the grouping of the major heads into sections and the order of their arrangement. The section relating to Famine Relief and Insurance disappears; on the other hand, a separate section has been constituted for the operations of the Mints and the Currency Department and for the allied transactions relating to exchange.

Lettering of sections.

7. In lettering the several sections of the major heads the capital sections of the commercial departments have been indicated by duplication of the letter which distinguishes the corresponding revenue section. Under the present

arrangement, a student of the Finance and Revenue Accounts of the Government of India finds considerable difficulty in getting a view of the entire transactions relating to Railways and Irrigation Works owing to the revenue and capital heads being placed in different sections. While it is necessary that the transactions which affect the revenue surplus or deficit should be kept separate in the accounts from those which do not, it is desirable at the same time, if possible, to show in one place the entire transactions relating to the commercial services. To attain both ends, the plan of double lettering has been adopted; it will supply a link between the revenue and capital sections of the commercial services, and though in the general accounts and estimates the capital transactions outside the revenue account will appear after all the transactions relating to the revenue account, the subsidiary statement relating to the former will in the Finance and Revenue Accounts, be shown immediately after those relating to the corresponding revenue heads.

Debt heads.

8. The following changes will be made in the debt section of the accounts: (1) The Provincial Governments have been given the power to raise loans on the security of the revenues allocated to them and to show the operations connected with such borrowings, new heads will be opened under "Permanent and Temporary Debt". (2) The Provincial Governments may, in future, obtain advances from the Central Government and in order to show such loans and their repayments, a new central ledger head will be opened, designated "Loans between Central and Provincial Governments," immediately after the "Provincial Advance and Loan Account". (3) The deposit head "Exchange on Remittance Accounts," which was discontinued in 1915, will be reintroduced in order that all gains and losses from exchange may first be shown under a single head pending distribution at the end of the year between the revenue, capital and debt sections. Transfers to the Revenue and Capital Accounts will be made in accordance with the procedure indicated in paragraph 5 above, and it will be considered in regard to each individual year whether the amount of exchange remaining undistributed under the deposit head should be kept in suspense or otherwise appropriated. (4) The head "Appropriation for Reduction or Avoidance of Debt" will be abolished as there will be no such appropriations in future and its place will be taken by a head "Famine Insurance Funds" to show the transactions relating to the funds to be maintained by Provincial Governments in future. This head will exhibit on the receipt side the sums out of each year's famine insurance provisions which are not required for outlay on relief measures or protective works, and on the expenditure side the transfer of sums at credit of the funds for expenditure on these objects or for the grant of advances to cultivators. In the case of transfers for outlay on relief measures, the corresponding credits will appear under the revenue head "Transfers from Famine Insurance Fund." In the case of advances to cultivators, however, the advances and recoveries will be booked in the first instance under the head "Loans and Advances by Provincial Governments," the net receipts or issues in each year in respect of the portion financed from the Famine Insurance Funds being transferred at the end of the year to the head prescribed to show the transactions of the funds. This head will be closed to balance in the Government books and the balance at the end of the year in each province will show the amount at credit of the Provincial Government concerned in respect of its Famine Insurance Fund. As the balance at credit of the fund can be devoted to expenditure chargeable to revenue as well as to advances to cultivators which will be brought to account in the debt section, it is not possible to show the application of the fund in a single head or group of heads in the regular accounts, but a *pro forma* account will be maintained for this purpose and included in the Finance and Revenue Accounts. (5) The head "Loans to District Boards for Railway Construction" will be abolished as a separate head is not required for the small transactions recorded under this head which can conveniently be included in the general heads for loans by the Central and Provincial Governments. (6) The designation of the head "Balances of Provincial Allotments" will be changed to "Balances of Provincial Governments".

Voted and non voted and transferred and reserved expenditure.

9. It is necessary that the form of the accounts should in future permit of the discrimination of expenditure of Provincial Governments between reserved and transferred subjects, and for purposes of financial

control that they should also distinguish between voted and non-voted expenditure in the case of expenditure of both the Central and Provincial Governments. The Comptroller and Auditor-General will issue separate instructions to the Accounts Officers to secure these objects.

Finance and Revenue Accounts.

10. The changes in the financial system referred to in paragraphs 2 and 3 above necessitate some alterations in the form of the opening statements in the Finance and Revenue Accounts. These have been settled in consultation with the Secretary of State and the Comptroller and Auditor-General will give effect to them in the Accounts for the year 1921-22.

It has also been decided to make a general revision of the detailed statements in these Accounts so as to make them more intelligible to the general public and to append notes explaining the figures included in each statement or group of statements. The revision necessary in the statements relating to the Railway Accounts has been settled in consultation with the Secretary of State and will be given effect to in the accounts for the year 1920-21. The more important of these changes are: (a) that the distinction hitherto shown in the accounts between railways worked by companies which have undergone the process of purchase by the State and those which by their constitution have been "State" Railways worked by companies from the first will be abolished, and (b) that the Finance and Revenue Accounts will in future bring out clearly the actual expenditure incurred each year against the sanction accorded by the Secretary of State to the railway programme. The revision of the remaining statements in these Accounts is under consideration.

ORDERED that copies be forwarded to the several departments of the Government of India (including the Board of Industries and Munitions); to all Local Governments and Administrations; to the Financial Adviser, Military Finance; to the heads of departments subordinate to the Finance Department; to the Deputy Controller of the Currency, Bombay; Comptroller and Auditor-General; to the Controller of the Currency; to all Accountants General and to the Comptroller, Assam; to all Chief Auditors of State Railways; to the Examiner of Accounts, Military Works Services; to the Examiner of Press Accounts; to the Examiner of Customs Accounts; to all Government Examiners of Railway Accounts; to the Private and Military Secretaries to the Viceroy; and to the Audit Officer, Delhi Province.

ORDERED also that it be published in the supplement to the *Gazette of India.*

The said 115 bighas have been sublet to Keshobji Lalji and the royalties payable by him are 2 annas 6 pies per ton of all classes of coal except dust coal, namely, per ton of hard coke, etc, and 1 anna per ton of dust coal. The value estimated by the decree-holder is Rs. 500 and by the judgment debtor is Rs. 20,000.

Lot No. 7.—Seven annas 6 gandas 2 karas 2 krantis share in the *mokrari-mourasi* leasehold coal-mining rights granted by a *mokrari patta*, dated 2nd Pous 1301 B.S, by the late Raja Joymongal Singha, of Jharia, to Rajkumar Banerjee in respect of 450 bighas of Huriladih, bearing No. 682 in the revenue map, and situate in pargana and thana Jharia, in sub-registry and subdivision Dhanbaid, in district-registry and Collectorate Purulia, in zilla Manbhum. The said 450 bighas are bounded on the east by part of Mouza Huriladih, north by Jhariakhas as per *thak*, west by the portion of mouza Huriladih, leased out in *mokrari* to Babu Prasanna Kumar Dey, Doctor of Purulia, and south by mouza Jamnadova as per *thak*. The annual rent payable for the said 450 bighas is Rs. 900 and all this land has been sublet. The royalties payable by the sub-lessees are 3 annas per ton of all classes of coal except dust coal. The value estimated by the decree-holder is Rs. 4,000 and by the judgment-debtor is Rs. 30,000.

Lot No. 8.—Ten annas, 14 gandas 2 krantis share in the *dur-mokrari dur-mourasi* rights, both of surface and under ground, granted by a *patta*, dated 6th May 1902, by Satoauri Dhur to Jadav Lall Banerjee and Mukunda Lal Laik, in respect of mouza Joyrampur, situate in pargana and thana Jharia, in subregistry and chauki Dhanbaid, in district Manbhum, as delineated on the revenue and *thakbust* maps. The annual *dur-mokrari* rent payable for the entire mauza is Rs 4,609. The coal-mining rights of bighas 735 cottahs 6 of this mouza have been sublet to different parties on royalties at 3 annas per ton of all classes of coal except dust, and 1 anna per ton of dust coal and the annual minimum royalties payable by the sub-lessees amount to Rs. 5,882-6-8; and coal-mining and surface rights of bighas 27 have been sublet in *dur-mourasi-mokrari* at an annual rent of Rs. 648. The value estimated by the decree-holder is Rs. 2,000 and by the judgment-debtor is Rs. 1,50,000.

Further particulars relating to all the above six lots will be found in the Bengali Notification of Sale issued by the Court and in the Execution record.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General. Central Revenues, Imperial Secretariat Buildings, Calcutta.

CALCUTTA, THE 11TH JANUARY 1921.

RESOLUTION No. 36 Edn.

IN view of the financial position of the Loreto Orphanage, Entally, the Government of Bengal, in January 1920, appointed a Committee consisting of Mr. R. Clarke, C.I.E., Commissioner of Police, Calcutta, as Chairman, Mr. P. Lovett and Mr. F. J. Robins, as members, and Mr. A. Mercer, Inspector of European Schools, Bengal, as Member and Secretary, to examine the affairs of the institution and to make proposals for its future conduct, showing what proportions of the cost should come from public revenues and private contributions, respectively. It appeared to Government to be essential in the

interests of the Orphanage that there should be an influential Committee of representative Roman Catholic and other laymen responsible for the finances of the Orphanage, and the Committee of enquiry was accordingly requested to advise by whom and for what period such a Committee should be appointed and what its personnel, scope and functions should be. Owing to the continued illness of Mr. Mercer it was found to be subsequently necessary to appoint Mr. E. F. Oaten to take his place as Member and Secretary.

2. The Committee submitted their report in March 1920. Two of the members were then on the point of departure to England, and the Committee was consequently unable in the short time at its disposal to conduct an exhaustive examination of the affairs of the Orphanage, but on the figures placed before them it was evident that a serious gap between income and expenditure existed and that there was a need of a stricter system of financial control. The appointment of a provisional Committee of financial advice, and a strenuous effort to raise an endowment fund were features of the remedies proposed; beyond this it was hoped that Government would give further help.

3. The Government of Bengal are not now in a position to enter upon any undertaking with regard to such additional financial assistance, if any, as they may be in a position to give to the Entally Orphanage, but they realise that the financial position of the institution is critical. They are fully alive to the excellent work which the institution has done and is doing, and they feel that the first step towards securing its financial stability is to appoint a Committee of Management nominated by the Convent authorities to handle the financial position.

4. The Governor has accordingly decided, after obtaining the nominations of the Orphanage authorities, that the following persons should constitute the Committee of Management of the Loreto Orphanage, Entally, for a period of three years with effect from the date of this resolution :—

1.	R. Clarke, Esq., C.I.E., Commissioner of Police, Calcutta	*President*
2.	J. Donald, Esq., C.I.E., Chairman of the Corporation of Calcutta	*Members.*
3.	C. H. Bompas, Esq., C.S.I., Chairman of the Board of Trustees for the Improvement of Calcutta	
4.	J. Goodman, Esq., of Messrs. Anderson Wright & Co.	
5.	F. Robins, Esq., of Messrs. Osler & Co. ...	

5. The first duty of the Committee of Management will be to examine the financial working of the Orphanage during the coming financial year with a view to deciding what amount it will be necessary to raise from the public and for what amount it will be necessary to approach Government. As regards subsequent years it will be the business of the Committee of Management to submit the Orphanage budget annually to the Director of Public Instruction within the first month of the financial year with a view to satisfying that official that it can raise sufficient money to close the accounts of the year without a deficit. The payment of any special or supplementary grant which the Government of Bengal may in future be able to make will be subject to this condition.

By order of the Governor in Council,

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.

RESOLUTION ON THE FOURTEENTH ANNUAL REPORT OF THE BENGAL SMOKE-NUISANCES COMMISSION FOR THE YEAR 1919-20.

GOVERNMENT OF BENGAL.

COMMERCE DEPARTMENT.

CALCUTTA, THE 13TH JANUARY 1921.

RESOLUTION—No. 172Com.

READ—

The fourteenth Annual Report of the Bengal Smoke-Nuisances Commission for the year 1919-20.

1. The Commission held 12 meetings during the year for the transaction of their business.

2. The number of observations of smoke emission taken was 9,943 as against 9,221, and the number of factories visited for instruction, etc., was 3,288 against 3,663 in the previous year.

3. The average emission of the controlled smoke in the denser grades expressed in terms of scale 6 has been reduced to 1·23 minutes in the hour from 1·27 minutes in the previous year. This is the lowest average on record. A very interesting account is given in the report of the successful efforts made to reduce offensive smoke from oil burning steamers during their stay in the port.

4. Satisfactory progress has been made in laying down new plants. Plans of 54 installations were examined and passed during the year compared with 47 in the previous year.

5. The number of complaints received during the year from the general public was 58 against 48 in 1918-19. The Commission report that, on investigation, many of the complaints were found to be not only justified but necessary in the interests of public health. The number of offences reported to owners of furnaces for departmental action was 1,260, the results being in most cases satisfactory

6. Statutory warnings were served and prosecutions undertaken in 16 and 11 cases, respectively, the corresponding figures for the two previous years being 23 and 18 in 1918-19, and 60 and 36 in 1917-18. The reduction in the number of prosecutions, which is the lowest on record, was, as appears from the report, due largely to the employment of trained firemen and the use of improved installations, and, coupled with the general reduction in smoke nuisances of all kinds, is particularly satisfactory.

7. The number of electric motors installed was 168 or almost double the number installed in the previous year. A large number of gas appliances was also installed with a resulting diminution in the amount of smoke emitted.

8. The report is a record of really good work in this important branch of public welfare, and contains gratifying evidence of the manner in which the work of the commission is appreciated not only by the general public, but also by the owners and managers of the factories, whose cordial co-operation in the adoption of scientific methods of saving fuel is producing results which at the present time are of great industrial and national importance. The Governor in Council desires to thank the members of the Commission, as well as Mr. Robson, the Chief Inspector, and his assistants for their successful administration of the Department.

ORDER—Ordered that a copy of the resolution be forwarded to the Government of India, Department of Commerce, the President of the Smoke-Nuisances Commission, the Commissioners of the Presidency and Burdwan Divisions, the Commissioner of Police, Calcutta, the Chairman, Corporation of Calcutta, the Vice-Chairman of the Commissioners for the Port of Calcutta; the Secretary, Bengal Chamber of Commerce; Master, Calcutta Trades Association; the Honorary Secretary, Bengal National Chamber of Commerce; the Chairman of the City Improvement Trust, Calcutta; and the Municipal Department of this Government.

Ordered, also, that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

A. MARR,

Secretary to the Government of Bengal.

Rules referred to in Notification No. 3135 L.S.-G., dated 20th December 1920, published in Part I of the *Calcutta Gazette*.

RULES.

CHAPTER I.

MISCELLANEOUS RECEIPTS.

INTRODUCTORY REMARKS.

1. The public works of a District Board shall be executed under the control and supervision of a District Engineer. but the disbursements shall, as far as possible, be made by the District Board direct by cheques. His duties in respect to payment shall, as far as possible, be confined to passing certificates and bills as correct, in order that they may be paid by the District Board to the payees in accordance with the procedure laid down in the Bengal Local Self-Government account rules.

NOTE.—*See* rule 8.

MISCELLANEOUS RECEIPTS.

2. No miscellaneous receipts, such as rents of roadside lands and tanks, sale-proceeds of materials or produce, fines or refuuds, etc., shall be realized by the District Engineer or his subordinates, without granting a receipt in Form No. 1. The total amount received shall be written in words and figures both on the receipt itself and on the counterfoil. The latter need only be initialled by the officer who signs the receipt.

REGISTER OF MISCELLANEOUS RECEIPTS.

3. As soon as the amount is realized, it shall be entered in the register (Form No. 2) and remitted to the Treasury. Every such remittance shall be accompanied by a chalan (District Board Form No. 8) in triplicate having the words "Original," "Duplicate" and "triplicate" printed or written in red ink on the first, second and third parts, respectively, and bearing the initials of the remitter. The first part shall be retained by the Treasury Officer. the second part shall be returned on the same day to the office of the District Board and the third part shall be delivered to the person paying the money. If cheques are tendered in payment of miscellaneous receipts, they shall be endorsed "pay by transfer to the credit of the District Fund."

CHECK BY THE DISTRICT ENGINEER.

4. The District Engineer shall, from time to time when out on tour, collect some receipts granted by his subordinates from the lessees, to test the accuracy of the accounts kept by the subordinate officers. He shall also check the counterfoils of receipts with the register in Form No. 2 maintained by the subordinate and verify the cash in hand.

All subordinate officers of the District Engineer shall once a half-year submit the register of miscellaneous receipts, together with the counterfoils of miscellaneous, receipts, to the District Board's office for check. The District Board's Accountant shall check the realization, initial the register in token of the check and return the register without delay.

NOTE.—*See* Local Self-Government account rules 36 and 59.

STOCK OF FORMS.

5. The miscellaneous receipt forms shall be bound in counterfoil books. Each book shall contain 100 forms, and no book shall be brought into use until all the forms and counterfoils have been consecutively numbered. The numbers shall, if possible, be printed.

The receipt and issue of all miscellaneous receipt forms shall be recorded in a stock book (District Board Form No. 7), and on no account shall loose unnumbered forms be kept in the office. The used-up counterfoils shall be returned to the District Engineer's office for file.

BUNGALOW RECEIPTS.

6. (*a*) Two books shall be maintained in District Board Form No. 12 for each dak or inspection bungalow. Each bungalow book shall contain 100 pages, and no book shall be brought into use until the pages have been consecutively numbered. Preferably, the pages should be machine-numbered. It will be issued from the office of the District Engineer over his signature, and an account of the issue and return for file of these books shall be kept in the District Engineer's office, like that for measurement books (Form No. 5). Two copies of the book shall not be used simultaneously. One copy for each bungalow shall be kept in the District Engineer's office, while the second copy will be in use.

(*b*) The Overseer or Sub-Overseer in charge of a bungalow shall inspect the bungalow register at least once a fortnight, receive from the chaukidar or the khansama the amounts paid and noted in the register of bungalows by the occupiers, credit them to the District Fund and note the number and date of the Treasury chalan in the register.

(*c*) Once a quarter, the books kept in the District Engineer's office shall be sent to the bungalows concerned through the subordinates in charge of the bungalows, when the books then in use shall be returned to the District Engineer's office for check.

(*d*) When inspecting the bungalow, the District Engineer shall see that the bungalow book is properly maintained and kept in a prominent place of the bungalow and that a copy of the rules framed by the Board for the occupation of the bungalow is pasted on the first page of the book.

CHAPTER II.

IMPREST ACCOUNTS.

AMOUNT OF IMPREST.

7. An imprest may be granted by the District Board to the District Engineer of such amount as the Board may, from time to time, fix, provided that it shall, in no case, exceed Rs. 1,000. If necessary, the District Engineer may give a sub-imprest to any subordinate recouping this from his own imprest. The sub-imprest will be treated as a part of the District Engineer's imprest and accounted for in the District Engineer's imprest accounts.

DISBURSEMENTS BY THE DISTRICT ENGINEER.

8. All cash payments by the District Engineer and his subordinates shall, as a rule, be confined to payments not exceeding Rs. 50 and Rs. 20, respectively. For every such payment which shall be met from the imprest, the imprest-holder shall obtain and hold a bill receipted by the payee.

PAYMENTS FROM THE IMPREST.

9. The amount of each bill or sub-voucher shall be written in words and figures over the initials of the payee. These bills shall be numbered consecutively, enfaced or stamped "Paid in cash" and entered daily as they are paid in the imprest cash-book (Form No. 3).

PROCEDURE OF RECOUPMENT.

10. The procedure of recoupment shall be as follows :—

The imprest-holder shall compare the sub-vouchers with the entries in the imprest account; he shall deface them by stamping them "Cancelled," so that they cannot be used again. He shall total and initial the column "Amount of each payment" in the imprest account, and also the column "Total" in the abstract of charges, the cross total of which shall agree with the total of the column "Amount of each payment."

11. The recoupment shall always be in full of expenditure from the last recoupment to date, so that the balance in hand after recoupment will always be the full amount of the advance. The serial number of the sub-voucher shall always recommence with No. 1 after each recoupment.

12. The totals and balances of all imprest and sub-imprest accounts submitted for recoupment shall be written in words and figures, and all corrections in sub-vouchers shall be attested by the payee and those in the imprest accounts by the imprest-holder, without which the imprest cash-book shall not be passed by the District Engineer.

13. (*a*) The imprest-holder shall also check the book balance of his own imprest with the actual balance in his possession and shall sign a certificate in the imprest cash-book, whenever the imprest is recouped, to the effect that the balance shown in the cash-book is correct and has been personally verified by him.

(*b*) The following further certificate shall be added by the imprest-holder :—

"Received contents and certified that I have compared the entries in the imprest account with the sub-vouchers and have attached them, in original, to the recoupment bill."

(*c*) The right-hand half page of the said form shall be cut off and sent to the authority from whom the imprest is held and the counterfoil retained by the disburser. The said account shall be supported by the necessary vouchers numbered and attached to it, so as to correspond with the order of the entries in column 2 ("Voucher number") of District Engineer's Form No. 3.

14. Procedure to be followed in the District Engineer's office—

(*a*) The District Engineer shall, after carefully scrutinizing the account with the vouchers as regards the propriety of the payments, the clearness and accuracy of the entries, the sufficiency of the vouchers and the totals of the accounts, shall reimburse the sub-imprest-holder the exact sum expended, so as again to bring the imprest cash in hand up to the original amount. The sub-vouchers shall be defaced by him, so that they cannot be used again.

(*b*) The payments appearing in the subordinate's imprest account shall, in abstracted form, be entered in the District Engineer's imprest cash-book. The amount remitted to his subordinate shall be entered in red ink in the counterfoil of his own account.

15. Every cheque in favour of the District Engineer shall be made payable to "order" and shall be compared by him with the imprest bill in payment of which it is issued at the time of endorsing the cheque for encashment.

The amount of each recoupment shall be separately remitted to the subordinate, and not with other dues, and shall be checked by the District Engineer once a month with money order acknowledgment or separate receipt, which shall be obtained at once, the entry in the imprest cash-book being initialled in token of the check.

16. The District Engineer's inprest cash account shall be closed on the 27th of every month, to admit of the transactions up to that date being included in the month's account of the District Board, provided the expenditure does not fall below Rs. 10, which is the minimum amount for which cheques are issued on the Treasury.

CUSTODY OF DISTRICT ENGINEER'S IMPREST CASH.

17. No portion of the District Engineer's cash imprest shall, on any account, be kept outside the safe.

SECURITY.

18. The District Board shall obtain security in cash of an amount to be determined by the Board from the employee who acts as cashier in respect of the District Engineer's imprest.

CHAPTER III.

EXECUTION OF WORKS.

MEASUREMENT BOOK.

19. (*a*) The Overseer or other officer deputed for the duty of periodically measuring the works shall keep up a measurement book (Form No. 4).

The pages of the book shall be machine-numbered, and no page shall, on any account, be torn out, nor shall any entry be erased or effaced so as to be illegible. If a mistake be made, it shall be corrected by crossing out the incorrect words or figures, and the correction thus made shall be initialled.

The entries in the measurement book should, if possible, be made in ink, but when this is not possible, and the entries have to be made in pencil, the pencil entries shall not be inked over, but left untouched. The contents or area shall, however, be invariably inked in.

(*b*) Every measurement shall be recorded by the officer by whom it is actually made and bear his signature and the date. The practice of entering measurements in note-books or on slips of paper and afterwards copying them into measurement books is prohibited.

(*c*) The measurement book shall be submitted to the District Engineer's office, where an arithmetical check of the calculation will be made by the Accountant.

20. To enable the Overseer or other officer in charge of works to submit his measurement book with the bills or accounts of the District Engineer's office, two or more books for his use shall be provided. The measurement books, after they are completed, shall be returned to the District Engineer's office for record.

21 The measurement book shall be the basis of all accounts of quantities, whether of work done by daily labour or by piece or by contract or of materials received which have to be counted or measured. From the measurement book all quantities shall be clearly traceable into the document on which payments are made and the reference to the vouchers on which the quantities are entered for payment as well as the date of entry shall be given by endorsement on the orignal entries. The measurement book shall accompany the bills to the District Engineer's office and no contract certicate or bills shall be passed without crossing off the connected entries in the measurement book. The document on which payment is made shall invariably bear a reference to the number and page of the book in which the detailed measurements are recorded.

STOCK REGISTER OF MEASUREMENT BOOKS.

22. (*a*) When note or measurement books are issued, the designation of the subordinate to whom they are issued and the date of issue will be noted on the book and attested by the signature of the head of the office. All the measurement books shall be numbered serially. The issues and return of all measurement books shall be entered in a stock book (Form No. 5).

(*b*) The Engineer will be responsible for seeing that measurement books are carefully kept and measurements properly recorded, and that they are complete records of each kind of work done. He shall also see that the books are regularly returned to his office.

WORKS EXECUTED BY CONTRACT.

Tenders.

23. In the case of all works executed by contract exceeding in value Rs. 500 each, tenders shall be invited in the most open and public manner possible, whether by advertisement in the local newspapers or by notices in the vernacular posted in public places.

A schedule of tenders will be kept in Form No. 6.

Agreements.

24. For every work given out on contract, an agreement on stamped paper shall be taken and executed in accordance with rule 102 of the rules for District Boards under "Transfer of Property and Contracts."

Security.

25. As a safeguard against possible loss to the District Board, security for the due fulfilment of a contract shall, as a rule, be taken from the contractor, and such security shall be either in the shape of a lump sum or a deduction of 10 per cent. made from the payments due from time to time on account of work done.

NOTE.—The securities so taken will also serve to cover possible over-payments, which may be detected on check measurement.

Contract certificates.

26. (*a*) Payments for work done or materials supplied by contractors shall be made as a rule monthly on a contract certificate in Form No. 7, showing quantities and value of work executed up to date. Such payments shall be treated as payments on account. No payment shall be made on these bills and certificates unless supported by an acknowledgment by the officer or subordinate concerned that the work has been efficiently done or the supplies received, as the case may be.

(*b*) On the completion or cessation of the work, the final adjustment of the contractors' claim shall be made on bills printed on yellow paper, and the payment shall be made on the contractor adding on the bill a certificate in his own handwriting, or attested by his thumb impression, that the payment is in full settlement of all demands.

(*c*) When contractors or suppliers are paid up at once on completion of the work or supplies, Form No. 8 may be used for the bill.

NOTE.—Contract certificates shall always be prepared in duplicate, one being stamped original and the other duplicate.

Check of contract certificates.

27. Before a bill or certificate is certified as correct by the District Engineer, his Accountant shall check it in all its details, comparing it with the measurement books, the sanctioned estimate, agreements, records of quantities and rates of materials supplied from stock or from materials at

site and records of previous payments made on account of the same work, etc. Before signing the certificate of correctness, the District Engineer shall satisfy himself that all necessary checks have been applied by his office.

NOTE.—*See* Local Self-Government account rule 175.

28. (*a*) Certified copies shall be kept in the office of the District Engineer of all bills and certificates. In the case of those to be paid in the District Board's office, the original, after being certified to as correct by the District Engineer, shall be returned to the payee for presentation at the District Board's office for payment, the certified copy being sent by the District Engineer direct to the District Board's office by way of advice.

(*b*) It is not necessary that both the original and the certified copy of a bill shall be receipted by the payee, but the cheque issued in payment of the bill shall be specified on the certified copy, which shall then be returned without delay to the District Engineer for his guidance in respect of further certificates. The original, which shall be receipted by the payee, shall after payment be filed in the District Board's office as a voucher for payment.

Payment to contractors.

29. Payments to contractors and suppliers shall be made by means of cheques drawn in their favour by the District Board's office. Such cheques shall be delivered to them direct, and not through the Overseer.

(*See* Local Self-Government rules 173 and 174.)

Contractor's ledger.

30. The accounts relating to contracts are to be kept as personal accounts, and a separate folio shall be opened in the contractors' ledger (Form No. 9) for each contractor. The entries on the debtor side show the payments made to the contractors and those on the creditor side the value of work done as shown in the contract certificates passed from time to time. The account shall embrace all transactions to which the contractor is a party, whether relating to one or several works or to materials purchased from him. The number and amount of each passed bill and certificate, the name of the work and the number and amount of each cheque shall be shown in the ledger. The value of materials made over or labours supplied to a contractor shall be debited to his account and a receipt for the value thereof taken from him in support of the debit. A copy of the account shall be furnished to the contractor whenever he desires it.

NOTE.—Security deposits shall not find a place in the contractors' ledger.

Posting the ledger.

31. The ledger shall be posted as bills are passed by the District Engineer; the District Engineer's Accountant shall not pass contractors' bills without referring to the ledger. The ledger shall be closed and balanced monthly.

When there are balances due to a contractor on more than one certificate, the amount due on each certificate shall be detailed in the ledger.

When there are balances outstanding from previous months not affected by the month's transactions, a list of such balances shall be given.

The District Engineer's initials shall be obtained below each of these entries in token of his having satisfied himself that the balances are carried forward correctly.

REGISTER OF BILLS.

32. On receipt in the Engineer's office of a contract certificate, nominal muster-roll, establishment or other bill for payment, it shall be entered in the register of bills (Form No. 10), in which the date of passing for payment and other particulars shall also be entered.

ADVANCE AND DEPOSITS.

33. (a) In the District Fund Accounts all advances for works will be charged to the separate suspense account of advances which is credited with the value of work done, supplies received or labour performed, as the case may be.

(b) All advances to contractors and others shall be made from the District Board's office, and all deposits shall be paid direct into the Treasury, but in special cases the Board may authorize the District Engineer to make such petty advances, within prescribed limits, as may be considered necessary. The accounts of advances and deposits to be kept in the District Engineer's office will, therefore, be but memoranda for the guidance of a District Engineer in issuing certificates for payment. The accounts shall be kept in District Board Forms Nos. 36 and 37, a separate folio being opened for each contractor. The accounts shall be balanced every month and signed by the District Engineer.

(c) The balances of the advance and deposit ledgers kept in the District Engineers' office shall be agreed monthly by the District Engineer's Accountant with those kept in the District Board's office.

WORKS EXECUTED THROUGH DEPARTMENTAL AGENCY.

Muster-roll.

34. When work is done by daily labour through departmental agency the basis of the account shall be the muster-roll, and when payments are not made daily, the muster-roll shall be a nominal one, that is, names of the labourers shall be entered in it. This shall be kept in Form No. 11. The nominal muster-roll, being the initial record of the labour employed each day on a work, shall be written up daily by the subordinate deputed for the purpose each morning before the labourers begin work.

35. An extract from the measurement book shall ordinarily be endorsed on the muster-roll, and the quantity of work turned out shall be compared with the cost of the labour employed, so as to afford satisfactory evidence that the outturn of work gives a sufficient return for the money spent. Any deficiency in this respect shall be noticed by the paying officer.

36. If, however, the work is of a petty nature and in consequence not susceptible of measurement, a certificate in lieu of the above shall be furnished by the officer in charge of the work to the effect that the work turned out is worth the amount paid for it.

37. The muster-roll shall be closed immediately after the close of the week or other period for which it is kept and the labourers paid as soon after as possible.

The payment shall be made in the presence of the officer of highest standing available, who shall initial with date against the group of labourers paid on that date. The amount paid on each date shall be noted in words as well as figures at the foot of the muster-roll (Form No. 11). The disbursement certificate at the foot of the muster-roll shall then be signed by the officer witnessing the disbursement.

38. Wages not claimed within three months of their falling due shall not be paid without the written orders of the District Engineer.

CONTRIBUTION WORKS.

39. When any work is to be carried out from contribution by municipalities or private persons, the contribution shall always be recovered and credited in the accounts before the work is commenced. The amounts of the contributions shall be remitted into the Treasury in full, and no portion shall be utilized for expenditure on the work, which should be met like that on purely local fund works.

CHECK-MEASUREMENTS.

40. All important works executed under the supervision of the District Engineer shall be check-measured by him.

The fact of check-measurement shall invariably be noted under his signature with date or dates of check-measurement both against the measurement

entries in the measurement book and in the contract certificates on which final payment is made. Road metals and other materials collected on roadside shall be check-measured after the whole collection on the road by the same contractor is complete.

(*See* rule 60.)

CHAPTER IV.

STORES.

CLASSIFICATION OF STORES.

41. The stores of the District Engineer's office are divided into two classes: "tools and plant" and "stock." The head "Tools and plant" comprises—

Tools.
Plant and machinery.
Scientific instruments and drawing materials.
Camp equipage.
Live-stock.
Office and bungalow furniture.

"Stock" may conveniently be classified under the following sub-heads:—

Building materials.
Timber.
Metal.
Iron materials.
Miscellaneous.

NOTE.—Road metal has been dealt with separately—*see* rules 59 to 61, Indent register of stores.

42. All orders for supplies required for miscellaneous works to be executed shall be issued in Form No. 12 duly signed by the District Engineer. The District Engineer shall see that the persons or firms concerned furnish bills for payment immediately after the close of the month or the completion of the work, as the case may be, supported by the order. But, for all supplies in execution of the same work made by the same person during the month, one bill (Form No. 13) shall ordinarily be submitted supported by the indent orders. The date of completion of the supply, the date of receipt of the bill and the date of payment shall be promptly noted on the office copy of the indent by the Accountant as each stage will occur.

REGISTER OF PURCHASES.

43. Stores purchased shall be entered, as soon as they are received and acknowledged by the subordinate concerned, in the register of purchases (Form No. 14). Before passing the bill for stores supplied, the District Engineer shall see that the quantity of stores has duly been entered in this

register and the printed certificate regarding the supply of stores on the bill has been signed by the subordinate concerned. He shall also initial the entries in the register. The District Engineer shall review the register periodically, to see that there is no avoidable delay in the payment of firms' bills for supply of materials.

STORES HOW TO BE CHARGED IN ACCOUNTS.

44. The general principle governing the treatment in accounts of the materials required for works is that expenditure should, as far as possible, be at once charged to the work concerned. In accordance with this principle, all payments on account of materials intended to be used for a work shall be charged against the work.

In exceptional cases, if materials cannot be charged against a particular work, the cost of these materials shall be charged in the account of advances, a sub-head being opened for each description of material.

MATERIALS AT SITE.

45. When materials are purchased by or through the agency of the Board and kept at site of work for use on the work under the care of some subordinate or the contractor who is to be paid the charges for labour only, the details of the quantities of materials received and the values thereof shall be noted in the materials at site accounts (Form No. 15). When any portion of the materials is used on the work, the quantity and the value thereof shall be noted in the issue column of the materials at site account and finally charged to the work.

The balance of unused materials shown in the site material account of a month shall be carried forward in the following month's accounts

SURPLUS MATERIALS.

46. After the work is completed, any balance left in the accounts under the head "Materials at site" should always be represented by a corresponding quantity of unused material. Such balance shall be disposed of according to the discretion of the District Engineer and the value credited to the head "Materials at site."

RESERVE STOCK.

47. In the case of districts in which it is found to be indispensable to have a stock of materials for efficient working, a certain maximum value of reserve stock shall be fixed by the Board, with the approval of the Government, at the lowest figure compatible with efficiency. Stock may then be purchased up to the limit of the value thus fixed and shall be accounted for in forms and registers to be prescribed by the Accountant-General, Local Audit Department, according to local requirements.

OLD STORES.

48. Materials received from buildings, culverts, bridges, etc., dismantled or undergoing repairs will either—

(*i*) be brought on the stock accounts (Form No. 15) of the subordinate concerned, or

(*ii*) sold at once.

49. Materials which are serviceable shall be utilized for works in progress under the orders of the District Engineer. When transferred to some work in progress, they shall be shown as a receipt in the store accounts of the subordinate in charge of the work.

(*See* rule 72.)

LOSS OF STORES.

50. (*a*) When stores are lost, stolen or destroyed, the fact shall at once be reported by the District Engineer to the Board for orders.

(*b*) The value of such stores shall not be written-off without the sanction of competent authority.

(*See* Local Self-Government account rule 21.)

UNSERVICEABLE STORES.

51. When stores and tools and plant of any kind become unserviceable, or when on taking stock any discrepancy is discovered between the book balance and the quantity actually in hand, a survey report (Form No. 16) shall be prepared and submitted to the Board with the District Engineer's recommendation as to their disposal.

SALE OF STORES.

52. Serviceable stores shall not ordinarily be sold. If, however, they cannot be utilized in any work, they may be sold by public auction with the sanction of the Board.

(*See* rule 95 of the rules for District Boards under "Transfer of Property and Contracts.")

SALE OF UNSERVICEABLE STORES.

53. On receipt of the survey reports if the Board decide to sell the unserviceable stores, they shall be sold by public auction under the supervision of the District Engineer.

STORE ACCOUNTS TO BE MAINTAINED BY SUBORDINATES.

54. A register showing the receipts and issues of materials shall be maintained by every subordinate in Form No. 15. This register will show only quantities, and not value. Separate pages shall be set apart for each work.

55. Every subordinate shall, on the 1st of every month, submit to the District Engineer a separate statement for each work in Form No. 15, showing the receipts, issues and balances of all materials appertaining to it during the previous month. For works in which there have been no receipts or issues of materials during the month, he shall submit a return showing simply the names of the works, and stating that during the month there have been no transanction for material on them.

VERIFICATION OF MATERIALS AT SITE BY THE DISTRICT ENGINEER.

56. Once a year a statement showing the quantity and the value of materials at site charged to works shall be drawn up. [The District Engineer shall verify the balances of materials at site of work by actual counting or measurement as the case may be and certify if the materials are in good condition. In cases where the materials actually at site of works differ from the balances shown in the materials at site accounts, he shall report the matter to the Board for orders.]

When a work is closed, the value of the unused materials, if any, lying at site of the work shall be debited to "advances" by credit to the work concerned.

TOOLS AND PLANT.

57. The register of tools and plant shall be kept in Form No. 17; the expenditure on tools and plant shall be entered in the register of works (Form No. 20) in the same manner as works and repairs. Each item, whatever may be the amount, shall be shown in detail, and at the end of every year account shall be taken by the District Engineer or an officer appointed by the Chairman, who shall certify the fact in the body of the register (Form No. 17), any difference in balance at the end of the year between the figures of the columns "As per this return" and "Actual as counted" being fully explained.

58. A separate account shall be kept of tools temporarily lent to contractors or in use by the subordinates. When no longer required, they will be received back by the store-keeper and transferred to the account of articles in store.

ROAD METAL.

59. A statement of receipts, issues and balances of road metal on each road shall be prepared monthly from the measurement book by the subordinate in charge of the road in Form No. 18 and forwarded to the District Engineer's office, where it will be checked by the Accountant, passed by the District Engineer and filed. In this statement the transactions of each mile shall be shown separately. The balance of metal in each mile shall be shown monthly whether there are any transactions on it during the month or not.

(*See* rule 40.)

CHECK OF ROAD METAL RETURNS IN THE DISTRICT ENGINEER'S OFFICE.

60. The quantities of road metal received or expended during a month as shown in the road metal returns shall be checked by the District Engineer's Accountant with the respective vouchers in which the charges for collection and consolidation have been paid. The discrepancies, if any, shall be promptly reconciled by reference to the subordinates concerned. The number and date of the vouchers in which the charges for collection and consolidation were paid shall be noted in columns 4 and 7 of the return against the item concerned by the Accountant.

61. Road metal should not ordinarily be transported from one place to another; it should be used on the spot where it was originally collected, except in the case of abandoned works.

CHAPTER V.

ACCOUNTS OF WORKS.

62. (*a*) The expenditure on each work will be brought together from the certified copies of bills passed by the District Engineer and entered in the "works abstract" (Form No. 19), which shows the expenditure on the work under different sub-heads. In the case of works costing less than Rs. 2,500, it is not necessary that the expenditure should be shown under so many sub-heads, and half sheets (Form No. 19-A) may be used. The abstract shall be supplemented by an account showing materials at site (Form No. 15).

(*b*) When finally completed in all respects, the work abstract shall be examined and signed by the District Engineer and any explanations necessary will be called for from the subordinates concerned.

REGISTER OF WORKS.

63. As soon as estimates are sanctioned, the amount of each sanctioned estimate, the allotment for the year and name of the work shall be entered in the register of works (Form No. 20). Any additions and reductions in the appropriations made during the year shall also be noted therein, each sub-head in the abstract estimate shall be numbered and the corresponding numbers entered in the register, thus—

(1) excavation ;
(2) earthwork ;
(3) soling, etc.

NOTE.—The register of works shall be neatly indexed for ready reference.

64. In the case of original works and repairs, no item of estimate under Rs. 200 shall be separately detailed in the register of works, and no work or

repair estimated to cost less than Rs. 2,500 shall be accounted for by sub-heads, except in cases where the District Engineer may desire it.

65. When work done is actually measured and paid for, the expenditure under each head shall be entered in the appropriate column. These particulars shall be posted from the works abstract.

66. When, in case of emergency, or to prevent loss or damage, expenditure is incurred on items of work for which provision has not been made in the sanctioned estimate for the work, the amount shall be separately shown in the work register, and not charged off against any other sub-head on which there may be a saving, and if sanction has not already been obtained in accordance with rule 31 of the rules published under notification No. 3334 L.S.-G., dated the 20th December 1901, it shall be applied for at once.

67. Monthly progressive totals of the expenditure shall be made in the register of works. The monthly total of expenditure will be written below the monthly total of progress under each sub-head and the rate for each sub-head worked out every month.

AMOUNTS DUE TO CONTRACTOR.

68. Amounts deducted from the bill for future payment shall be entered in the column "Due to contractor," and, when finally paid, a "minus" entry shall be made in the same columns, in order to reduce the liability.

AMOUNTS DUE FROM CONTRACTOR.

69. (*a*) If materials are purchased on behalf of contractors and made over to them, the value of materials shall be entered in the column "Due from contractor." When the value is recovered by deduction from the contractors' bills, the amount shall then be deducted by a minus entry in the column "Due from contractors."

(*b*) When, on account of bad work by a contractor, it is necessary to incur expenditure for the same work through departmental agency, the amount shall be entered in the column "Due from contractor," and not under the sub-head to which the work belongs. Similarly, the value of work not measured, but paid for, or any other similar amounts will be entered in the column "Due from contractor."

When the contractor's next bill is received, the amount shall be deducted from the total of his bill, but shall be included in the register of works under the appropriate sub-head and the "total value of the work done" and deducted again as "due from contractor," a minus entry being made in that column.

NOTE.—All minus entries in the register of works shall be made in red ink.

MATERIALS AT SITE.

70. When materials are purchased for departmental works or for works for which the contract is for labour only, the value of such materials shall be entered in the column for "Materials at site." When actually used, and not before, the value of the materials so used shall be included in the quantity of work done under the appropriate sub-head. The value shall then be deducted from the total again by a minus entry under "materials at site." which will thus only show the balance of unused materials.

(*See* rule 45.)

71. When a work is completed, a double line in red ink shall be ruled below the last entry, and the following note made :—"Work completed and completion report forwarded to the Chairman through the office of the Inspector of Local Works with No. , dated ."

WRITE-BACK ORDERS.

72. (*a*) Adjustments in the accounts of works shall be made—

(*i*) On the transfer of materials from one work to another, and (*ii*) on the discovery of an erroneous charge which should, in a previous month, have been debited to some other estimate.

(*b*) The officer initialling the adjustment shall fill in an order for a write-back (Form No. 21) and forward it to the District Engineer's office,

where it shall be completed and approved by the District Engineer. Necessary entries shall then be made in the work abstract by District Engineer's Accountant.

(c) The order for the write-back shall then be sent to the Board's office for necessary corrections in the register or works bills (District Board Form No. 47).

WORKSHOP ACCOUNTS.

73. The Engineer or officer in charge of the workshop shall keep up a stock book (Form No. 22) of stores, apparatus, fittings, etc., received for use in the shop. This register shall be balanced and the stock, etc., in hand verified by the officer in immediate charge of the shop at such intervals as the Board may prescribe, but not less than once a year.

NOTE.—*See* rules 228 to 231 of the Local Self-Government account rules.

WORK REGISTER AND MUSTER-ROLL.

74. To enable a check to be kept upon work done in the workshop, the officer in charge shall keep up a work register in Form No. 23. He shall also keep up a muster-roll (Form No. 11) of the workmen.

75. The workshop stock book and the work register shall be examined not less often than once a month by the District Engineer or other officer in charge of public works, who shall sign the register in token of his having made this examination. This officer shall also at frequent and unexpected intervals check the muster-rolls.

MANUFACTURE ACCOUNTS.

76. (*a*) The manufacture or collection of materials shall, in all cases, be covered by an estimate showing the proposed outlay and the material to be received as outturn.

(*b*) Accounts of the manufacture or collection of materials will be rendered in works abstract exactly as accounts of works. In order to render these accounts intelligible, it will be necessary to be very careful to keep the account of each operation in a separate works abstract.

77. The outlay shall, in all cases, be shown under such sub-heads as will admit of direct check; for instance, in the manufacture of bricks, the sub-heads may be (1) moulding, (2) loading, (3) fuel, (4) unloading and sorting. In the manufacture of lime, the sub-heads may be (1) limestone or other material, (2) fuel, (3) labour in burning and so on in each different kind of manufacture. The sub-heads shall be fixed and defined so as to afford an opportunity of comparing the results of similar operations.

78. The quantity of material turned out shall be shown in the works abstract. The materials turned out will be priced at the estimated rates. The differences between the actual outlay and the value of the outturn shall be reported to the Board with the District Engineer's explanations and recommendations for orders. The expenditure of raw material will, of course, not be exactly covered in quantity by the outturn of manufactured goods, but care should be taken to see that the wastage is as small as possible.

79. The account of every operation shall be closed at least once in every year at the end of the working season, notwithstanding that the operations, such as brick making, may be estimated from year to year. In such cases, the operations of each season shall be treated as a separate work.

CHAPTER VI.

MISCELLANEOUS.

ACCOUNTS TO BE RENDERED TO THE DISTRICT BOARD'S OFFICE.

80. The District Engineer shall see that all the registers and accounts are completed not later than the 20th of the month following that to which the accounts relate.

81. The documents and accounts to be submitted by the District Engineer to the District Board's office are detailed below :—

(*a*) Duplicate of imprest cash-book with vouchers, submitted from time to time as recoupment is required (*see* rule 13).

(*b*) Certificates or bills for work executed or materials supplied after being duly checked and certified as correct (*see* rule 27).

(*c*) Bills for the salaries of all establishments duly certified as correct.

(*d*) Works abstracts for all original works and repairs in progress during the month. The District Board Accountant shall check the works abstracts with the register of work bills (District Board's Form No. 47) (*see* rule 62).

(*e*) A schedule or list of works abstract (*see* rule 82).

(*f*) Write-back orders (*see* rule 72).

(*g*) A classified abstract of works (District Board Form No. 1) under the District Engineer head by head.

CHECK OF SCHEDULE OF WORKS ABSTRACTS IN THE DISTRICT BOARD'S OFFICE.

82. A schedule of works abstracts (Form No. 24) shall be prepared from his own records by the District Engineer's Accountant and submitted to the District Board's office with the works abstracts on or before the 15th of the month following that to which the account relates. The total charges under each detailed head of account shall be shown separately in the schedule. The figures in the schedule shall be checked by the District Board Accountant with the entries in the monthly account of expenditure. The discrepancies, if any, shall be reconciled and the schedule shall, after being certified as correct, be returned by the Vice-Chairman to the District Engineer not later than the 30th of the month following that to which the account relates.

---

1. The cash transactions of the District Engineer and his ubordinates will be recorded in this simple form, which is :ept in duplicate.

2. Each officer or subordinate with whom an imprest ccount is to be opened receives at starting, from the District loard or District Engineer, a round sum as a standing advance r imprest, which is at once entered in the account ; the isbursements from this advance are entered daily as they are iade, clearly and in full detail ; and from time to time, as the mprest-holder finds it necessary, the account is closed and alanced, the right-hand half-page is cut off and sent to the fficer from whom the imprest is held, the counter foil being etained by the disburser. This account is supported by the ecessary vouchers numbered and tacked on so as to correspond vith the order of the entries in column 2. "Voucher No." 'he officer to whom the account is submitted, after carefully crutinising the account in regard to the propriety of the payients, the clearness and accuracy of the entries, and the suffiiency of the vouchers, reimburses the imprest-holder the exact um expended so as again to bring the imprest cash in hand up) the original amount.

3. The account will contain no entries of receipts other han recoupments of expenditure, nor any entries of expendiure other than those paid directly by the imprest-holder himelf from the amount of his imprest, consequently the fixed tandard of imprest should never be exceeded.

4. To facilitate the extracting of the charges shown in the mprest cash-book, column 6 is provided to show the head nder which each charge has to be classed. In order to repare the charges for entry in the cash-book, the entries vill be abstracted (on the back of each working form) under he several heads in red ink by the District Engineer.

NOTES.

This form is intended for use in the case of payments on account for works in progress or supplies in course of delivery, but this form, printed on yellow paper, must invariably be used for the final payments in such cases.

2. When the payee signs in the vernacular, the amount acknowledged should also be noted in the vernacular, as well as in English.

3. A special form, printed on yellow paper with the words 'as a final payment in settlement of all demands" printed in, to be used when the contractor is finally paid up for the value of work, for which one or more payments on account have already been made. These special forms should be printed in English and in the vernacular of the district; and where the contractor can write, he should be required to add in his own hand-writing words to the effect that the payment is in full settlement of all demands.

4. In the cases of payees who can neither read nor write, the payee shall make his mark or impress his seal; the fact of the payment shall be certified to by the officer who pays and by a witness of respectability.

5. The subdivisional officer should be careful to note in the column of "Remarks" in the body of the bill the quantity of materials issued to contractor the value of which is to be deducted at time of payment.

6. The certificate will contain one man's account only; full details of quantities of the different classes of work or supplies must be always set forth.

7. If the officer who prepares the bill has authority to make payment, only one signature at the foot of the bill is necessary.

8. A receipt stamp is required for every payment exceeding Rs. 20.

1. Works should be promptly measured up and paid for, running accounts being avoided as much as possible.

2. When the payee signs in the vernacular, the amount acknowledged should also be noted in vernacular as well as in English.

3. In the case of payees who can neither read nor write the payee shall make his mark or impress his seal; the facts of the payment shall be certified to by the officer who pays, and by a witness of respectability.

4. If the bill is prepared by the officer authorised to make or order payment, a single signature will suffice.

5. A receipt stamp is required for every payment exceeding Rs. 20.

6. The amount acknowledged as received by the contractor must be entered in words and figures.

7. This form will not be used for payments on account or for settlement of running accounts. Form No. 7 is suitable for these purposes.

1. The contractor's ledger is of simple form, showing on the Dr. side the actual advances or payments to contractors, and on the other the value of work done as per certificates. There is a ledger head for each contractor undertaking important works or supplies. For petty contractors there will be but one ledger head, the entries under which will be based upon the totals of the petty contract accounts of subdivisions.

2. When there are balances due to a contractor on more than one certificate, the amount due on each certificate should be detailed in the ledger.

3. When there are balances outstanding from previous month, not affected by the month's transactions, a list of such balances should be given.

Register of Works.

NOTES.

1. The Register of Works is the District Engineer's permanent and collective record of work done. The form has columns for quantity and cost of each head or sub-head of work done, and the last column gives the total cost.

2. The Register of Works should contain a record of every original work or repair, showing the expenditure, month by month, compared with the estimate, and in the case of works estimated to cost over Rs. 2,500, with the sub-head of the estimate.

3. The register will be supplied with an index which should be subdivided under the departmental heads and neatly kept for ready reference. The utmost punctuality should be observed in posting this register to date, *i.e.*, the posting of the register should be complete when the monthly accounts are submitted.

4. In the case of original works the amount of appropriation for the year should be noted in the register at the top of the page after the authority for the works and any additions and reductions made during the year should also be noted in the same place.

5. When "supplementary" estimates are sanctioned, the items of sub-heads should be entered below those of the original estimate and both totalled.

6. When it is found necessary to have a revised estimate, the register of the original estimate should be closed, and the revised estimate entered on a fresh page, a reference to the page on which the original estimate to be found being entered.

7. When necessary, extra columns should be opened for "fines from contractors, etc."

8. The register of each work on which there has been expenditure during the month should be initialled by the District Engineer in the column set apart for the purpose in token of his having examined the entries and found them correct.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Wheat Crop of Bengal, 1920-21.

[Note.—On an average of the five years ending 1918-19, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India, and (b) in the territory now reported on, has, in the five years ending 1918-19, averaged (a) 41·8 and 17·0 per cent. respectively.]

Explanatory.—Three forecasts of the wheat crop are published. This forecast deals only with the area sown and the general condition of the crop in its early stages.

Area sown.—According to the estimates of the District Officers, the total area sown amounts to 114,300 acres against 115,900 and 116,100 acres returned in last year's first and final forecasts respectively.

Character of the season and condition of the crop.—In the western districts, the rainfall in September was slightly in defect of the normal while elsewhere it was heavy. The preparatory tillage for the crop generally commenced at the normal time, but the excessive moisture, left in the soil by the heavy rain again in October, interfered with the sowings in places especially in parts of Nadia, Hooghly and Jalpaiguri and the acreage, as a consequence, has diminished this year especially in Pabna, Dacca and in most parts of the Presidency and Burdwan Divisions. The dry weather, that has prevailed since then, has proved favourable and the present condition of the crop is reported as generally fair.

G. EVANS,

Director of Agriculture, Bengal.

DACCA,

The 12th January 1921.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 13th January 1921.

Summary.—The weather has continued rainless. The harvesting of winter paddy is almost over; threshing is proceeding. Transplantation of summer rice and harvesting of sugarcane, pulses and potatoes continue. Standing spring crops are doing well, but rain is much needed in places for their growth. Preparatory tillage for jute and paddy has commenced in some districts. The average price of common rice for the Province has fallen by about 0·4 per cent. as compared with that of the previous week.

The essays of competitors must be sent in so as to reach the President of the Asiatic Society of Bengal, 1, Park Street, Calcutta, by the end of June of the year for which the prize is given. Authors' reprints must be submitted and not manuscripts. The prize will be awarded to the best competitor and be conferred publicly at the Annual General Meeting of the Asiatic Society in February of the year following that for which the prize is given.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal or of Bihar and Orissa.

In the event of no essay being deemed of sufficient merit no prize will be awarded.

The prizes for the next four years will be allotted as follows :—

1922—Mathematics;
1923—Chemistry;
1924—Physics;
1925—Geology and Biology (including Pathology and Physiology).

All essays submitted must have been published during the four calendar years immediately preceding that for which the prize is given.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FIVE SERIES, viz.,

CALCUTTA, MADRAS, BOMBAY, ALLAHABAD AND LAHORE.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible, after the first of each month, at Calcutta, Madras, Bombay, Allahabad and Lahore respectively.

The reports comprise five Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, a fourth for the Allahabad High Court and a fifth for the Lahore High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot: and the Madras, Bombay, Allahabad and Lahore Series are distributed direct from Madras, Bombay, Allahabad and Lahore respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in Charge, Bengal Secretariat Book Depot, Calcutta, or

the Superintendent, Government Press, Madras;

the Manager, Yeravda Prison Press, Poona (Bombay Presidency); or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad; or

the Superintendent, Government Press, Lahore, Punjab.

CONTENTS

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR THE MONTH OF DECEMBER 1920.

I. **Character of the season.**—The weather was rainless. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Reaping of winter paddy continued under favourable weather conditions. The operation was well advanced during the latter part of the month. The progress in the sowing of spring crops was somewhat behind hand, owing partly to excessive rain during the months of September and October and partly to prolonged drought prevailing since then. Cutting and pressing of sugarcane were proceeding.

III. **State of standing crops.**—The present condition of rape, mustard, wheat, barley, gram and potatoes was reported to be fair.

IV. **Prospects and probable outturn.**—The prospects of spring crops were generally reported to be not so promising as was anticipated. Prolonged drought is likely to affect the outturn and showers are now urgently needed. In some western districts where the crops are irrigated prospects are more hopeful.

V. **Damage to standing crops.**—No report of any damage to the standing crops was received from any districts.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from nine districts.

VII. **Failure of pasturage and fodder.**—The supply of fodder and water was reported to be sufficient throughout the Presidency.

VIII. **Prices of food-grains.**—During the second-half of the month under report the price of common rice of the cheapest quality fell in sixteen districts, rose in four and remained stationary in the rest.

IX. **Condition of agricultural people.**—The condition of the agricultural population is fair, on the whole.

Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th January 1921.

Summary.—During the week cloudy weather prevailed throughout the Province. Rain is needed for improving the prospects of standing spring crops and for facilitating the ploughing operation for autumn crops which is in progress in the eastern districts. Threshing of winter paddy and harvesting of sugarcane, potatoes and pulses continue. Transplantation of summer rice is approching completion. The average price of common rice for the Province has remained almost stationary as compared with that of the previous week.

MARINE DEPARTMENT.

The 26th January 1921.

No. 20Marine.—The following draft of rules to regulate the granting of certificates to engineers under the Indian Steam-ships Act, 1884 (VII of 1884), which the Governor in Council proposes to make, in exercise of the power conferred by section 36 of that Act, and in addition to the rules published under notification No. 32Marine, dated 25th March 1918, is published for general information.

2. The draft will be taken into consideration on or after the 3rd March 1921, and any suggestions or objections which are received by the undersigned before that date will be duly considered.

Draft Rules.

1. No alien shall act as Chief Engineer of a British merchant ship registered in the United Kingdom or in British India, except in the case of a ship employed habitually in voyages between ports outside British India.

Provided that this prohibition shall not apply to any alien who has acted as Chief Engineer of a British ship, at any time during the war, and is certified by the Admiralty to have performed good and faithful service in that capacity.

2. The expression "former enemy alien" means an alien who is a subject or citizen of the German Empire or any component State thereof, or of Austria, Hungary, Bulgaria, or Turkey, or who, having at any time been such subject or citizen, has not changed his allegiance as a result of the recognition of new states or territorial rearrangements or been naturalised in any other foreign state or in any British possession in accordance with the laws thereof, and when actually resident therein, and does not retain according to the law of his state of origin the nationality of that state.

3. No person who is debarred by the provisions of the Aliens Restriction (Amendment) Act, 1919, from serving in any specified capacity on a British merchant ship or fishing boat may be examined for a certificate of competency of the corresponding grade, or of a higher grade. The following regulations give effect to this general principle.

4. No "former enemy alien" may be examined for a certificate of competency of any grade.

5. Every candidate for a certificate as extra first class engineer or first class engineer, will be required either *(a)* to prove that he is a British subject, or *(b)* to produce a special certificate from the Admiralty in accordance with the proviso to rule 1.

6. Every applicant for examination shall produce proof of nationality.

Proof of British nationality will, in ordinary circumstances, involve the production of a birth certificate or of a certificate of naturalisation. If an applicant for examination cannot produce such a certificate he should be asked to furnish such documentary evidence of nationality, or of birth and nationality of parents, as he may be able to obtain, and, if necessary, the case should be referred to the Local Government for consideration.

If the applicant is not a British subject, he will, as a rule, be able to produce some official document testifying to his nationality. If there is any doubt as to the authenticity of such document, the Examiner should consult the nearest Consular Officer of the nation to which the applicant belongs. If necessary, the case should be remitted to the Local Government for consideration.

NOTICES UNDER THE BENGAL ELECTORAL RULES.

IN the Court of the Commissioners appointed under section 34 (2) (a) of the Bengal Electoral Rules at Alipore.

A. H. CUMING,
President of the Commissioners.

ALIPORE, *the 22nd January 1921.*

Case No. 1 of 1921 under Bengal Electoral Rules.

TO HIS EXCELLENCY THE RIGHT HON'BLE LAWRENCE JOHN LUMLEY DUNDAS, EARL OF RONALDSHAY, G.C.I.E., &c., &c., GOVERNOR OF BENGAL.

The humble petition of Rai Yatindra Nath Chowdhury, Zemindar, residing at Kutighata, Baranagore in the district of 24-Parganas, most respectfully

Sheweth :—

1st.—That your petitioner was a candidate at the last election of Members of the Legislative Council of the Governor of Bengal from the 24-Parganas Municipal South (Non-Muhammadan) urban constituency, his rival candidate being Babu Surendra Nath Roy of Behala, 24-Parganas

2nd.—That in the *Calcutta Gazette* of the 22nd December 1920 the name of the said Babu Surendra Nath Roy has been published as duly elected.

3rd.—That for the reasons hereinafter set forth your petitioner calls in question such election and is therefore presenting this petition and he is depositing therewith the sum of Rs. 1,000 in cash.

4th.—That Mr. W. D. R. Prentice, I.C.S., District Magistrate, 24-Parganas, was the Returning Officer for the said constituency and he divided same into 13 polling areas, namely, Taki, Basirhat, Baduria, Barasat, Gobordanga, Manicktolla, Tollygunj, Garden Reach, Budge-Budge, Rajpur, Baruipur, Joynagar and South Suburban and he *inter alia* appointed six polling stations for the South Suburban area, namely, Behala Vernacular School, Behala Brahma Samaj, Behala Municipal Office, Barisa High School, Barisa Charitable Dispensary and Behala Kamarghat.

5th.—That excluding the South Suburban area in all other areas your petitioner secured in the aggregate 1,267 votes more than his rival candidate but in the said South Suburban area 1,629 votes having been polled for the said Babu Surendra Nath Roy whereas only 93 votes were polled for your petitioner the said Babu Surendra Nath Roy was found ultimately to have secured 269 votes more than your petitioner.

6th.—That the voting at the last mentioned area was fixed to take place and did take place on the 8th and the 10th December 1920, namely, at Behala Vernacular School, Behala Brahma Samaj and Behala Municipal office on the 8th and at the Barisa High School, Barisa Charitable Dispensary and Behala Kamarghat on the 10th December 1920 and the Hon'ble S. K. Sinha, I.C.S., was the Presiding Officer at the Behala Vernacular School and Barisa High School. Babu Debendra Nath Bose, Deputy Collector, was the Presiding Officer at the Behala Brahma Samaj, and Behala Kamarghat and Babu Sashi Bhusan Bhattacharjee was the Presiding Officer at Behala Municipal Office and the Barisa Charitable Dispensary.

7th.—That as more fully appears hereinafter (1) the election of the said Babu Surendra Nath Roy has been procured or induced and the result of the election has been materially affected by various corrupt practices, (2) the said Surendra Nath Roy and his agents have committed some of the corrupt practices specified in part I, Schedule IV of the Bengal Electoral Rules, and (3) the result of the election has been materially

affected by non-compliance with the provisions of section 12 (4) of the Bengal Electoral Rules and the Bengal Electoral Regulations, viz., *inter alia*, of XXII, XXVIII and XXIX of the said Rules which amounted to a conducting of the election in a manner and by a method contrary to the principle of election by ballot.

8th.—That at the time of the election aforesaid and for many years prior thereto the said Babu Surendra Nath Roy was and had been the Chairman of the Behala Municipality which includes the whole of the area comprised within the six polling stations mentioned in the foregoing 4th paragraph and wields and wielded great influence over the rate-payers of the said Municipality who are the electors within the said area and over the officers and the staff of the said Municipality including the Vice-Chairman Babu Sidhi Nath Chatterjee, the head clerk Babu Debendra Nath Ghatak, the cashier Harendra Nath Chatterjee and the Tax-Collectors generally were under his control and at his disposal and the said Babu Surendra Nath Roy improperly used such influence and the resources of the said Municipality to secure his return at the said election.

9th.—That some persons acting as agents and canvassers on behalf of the said Babu Surendra Nath Roy, viz., amongst others his brothers and Krishna Dhone Mukerjee and Rajendra Nath Rai Chowdhuri and others acting in his interest generally, viz., Benode Behary Banerji, Dhirendranath Banerji and Dr. Krisnadhone Mukerjee, etc., held out threats to and circulated reports among the electors in the said South Suburban area that any house-owner who would vote against the said Surendra Nath Roy would have his rates enhanced and any license-holding trader including the proprietors of rice mills within the said Municipality who would vote against him would have his license cancelled, and thereby interfered and attempted to interfere with the free exercise of the franchise by such electors.

10th.—That on the 8th December 1920 at the said Vernacular High School polling station one Krishna Dhone Mukerjee, one of the Commissioners of the said Municipality and an agent of the said Babu Surendra Nath Roy, having come to know that an elector, viz., Hari Lasker, wanted to record his vote in favour of your petitioner said then and there in a loud tone and in the hearing of other electors addressing a Municipal employee that a careful note should be kept of that elector's name and address so that he might be suitably dealt with. Your petitioner charges that in consequence of such misconduct of the said Krishnadhone Mukerjee which amounted to clear threat and intimidation a very considerable body of voters were prevented from exercising their franchise freely.

11th.—That on the 8th December 1920 at the Behala Brahmo Samaj polling station the said Babu Sidhi Nath Chatterjee the Vice-Chairman of the said South Suburban Municipality, having come to know that an elector Santosh Kumar Nath had voted for your petitioner threatened him in the presence of a number of electors that he would make him feel the consequences.

12th.—That on the same day before the polling began the said Sidhi Nath Chatterjee along with Babu Surendra Nath Roy's brother and agent of the said Babu Surendra Nath Roy called at the house of another elector Babu Sarat Chandra Nath asked and threatened him that if he dared to vote for your petitioner his rates would be enhanced and the said Babu Surendra Nath Roy personally or through his agents and canvassers threatened amongst others the following electors Mohendra Jana, Panchcowry Mandal, Abinash Chandra Sardar, Kedar Chandra Sardar, Ram Chandra Biswas, Kumud Chandra Banerji, Kshetra Mohan Karmakar and Babu Hari Pada Mitra that if they voted against him their rates would be enhanced.

13th.—That the said Babu Surendra Nath Roy either personally or through his agents and canvassers threatened certain electors who carry on trade or business within the said Municipal area and have to take out and renew licenses from the said Municipality that unless they voted for him, he would make things difficult for them when the next turn would come for the renewal of their trade licenses.

14th.—That the said Babu Surendra Nath Roy through his agent Dhirendra Nath Banerji who is a Tax-Collector of the said Municipality threatened Babu Preonath Chatterjee who is an elector that if he voted against Surendra Nath Roy his privy service would be discontinued for ever.

15th.—That a number of the zemindars acting in the interests of the said Surendra Nath Roy and canvassing for him threatened their tenants who are electors that if they did not vote for the said Surendra Nath Roy they would be oppressed. In particular Jugal Babu and Kumud Babu two Zemindars in the presence and at the instigation of the brother and agent of the said Surendra Nath Roy so threatened their tenant one Kshetra Mohan Karmakar who is an elector.

16th.—That the said Babu Surendra Nath Roy by his agents or by other persons with their connivance procured or attempted to procure applications for voting papers by one person in the name of another and also by a person who had already voted at the said election for a second voting paper and thereby committed a corrupt practice specified in Part I, Schedule IV aforesaid. In particular,

(1) At the Behala Municipal Office polling station on the 8th December the son of an elector named Nepaly Kurmi having been falsely identified by the Municipal tax-daroga an agent of the said Babu Surendra Nath Roy, his election agent handed up to the polling officer a printed card bearing the name and roll number of the said Nepaly Kurmi and applied for a voting paper. Thereupon the said polling officer questioned the said person when it was detected that he was not Nepaly Kurmi but the latter's son and so no voting paper was in fact issued to him.

(2) That on the 10th December 1920 at the Barisa Charitable Dispensary polling station an elector Gopal Chandra Chatterjee having once recorded his vote came forward a second time and being identified by an agent of the said Babu Surendra Nath Roy who is a tax-collector of the said municipality applied for a voting paper but the polling officer having detected this fact refused to issue a voting paper to him.

17th.—That at the Barisa High English School polling station the said Babu Surendra Nath Roy kept an agent for the purpose of identifying the electors. Upon certain electors presenting themselves, your petitioners election agent being doubtful about their identity enquired whether the said agent of Babu Surendra Nath Roy could recognise them when he said that he could not. Thereupon the said voters produced printed cards issued to them by the said Babu Surendra Nath Roy and the said agent thereupon identified them as the particular electors in question and in this way the votes of several persons who had not been properly identified were recorded by the polling officers concerned both at the said Barisa High English School polling station and also at other polling stations in favour of the said Babu Surendra Nath Roy.

18th.—That at the polling stations the presiding officers far from excluding all persons except those mentioned in clause XXII of the Bengal Electoral Regulations as they ought to have done allowed a large number of municipal officers and employees to be present at the polling station and even in the inner enclosure and their presence served generally to overawe the electors: in particular the polling officer Babu Devendra Nath Bose on the 8th December 1920 allowed the said Babu Sidhi Nath Chatterjee to be throughout seated by his side and he on the 10th December 19.0 allowed Babu Abhoy Nath Nandi, a clerk of the said municipality, to be similarly seated and this fact materially affected the voting by overawing electors.

19th.—That at most of the said polling stations within the South Suburban Municipality the method of secret ballot was not observed at all. Clause 12 (4) of the Electoral Rules and the Clauses XXVIII and XXIX of the said Regulations were wholly disregarded.

In Particular, (1) at the Barisa High English School polling station when voters presented themselves to record their votes, the polling officer in almost all cases without first enquiring whether they were literate or illiterate as he ought to have done asked them in a loud voice in the presence of many voters, outsiders and persons interested in the candidature of the Babu Surendra Nath Roy whom they would vote for and they answered in an equally loud voice.

(2) At the Behala Brahmo Samaj polling station the ballot papers together with the counterfoils, *i.e.*, the whole ballot book was handed over to the literate electors who after putting their cross marks openly in the presence of all persons gave it to the clerks of the presiding officer and then the clerks tore out the ballot portion and handed over the same to the electors for being thrown to the ballot box.

(3) At almost all the polling stations the literate electors were asked to record their votes on the same table at which the presiding officer and his clerks were seated and they put their marks against the names of candidates in the presence of every one present there including many outsiders. In the inner enclosure where votes were recorded, many persons mostly officers of the local Municipality who ought not to have been admitted there under the Electoral Regulations were admitted and allowed to remain in spite of the objection on the part of your petitioner.

(4) The ballot papers, in many cases, were not handed over to the Electors by the polling officer but the polling officer in contravention of the Regulations put the marks himself and folded the ballot papers himself and put the ballot papers into the ballot box with his own hands or through his clerks.

(5) This happened especially at the Barisa High School polling station, where the presiding officer not only marked the ballot papers himself in the cases of both literate and illiterate electors but himself threw the ballot papers into the ballot box, which he ought not to have done.

(6) At the Behala Municipal Office, Behala Vernacular School, Barisa High School, Behala Brahma Samaj and Behala Kamarghat polling stations the polling officers especially in the case of illiterate electors in putting the cross mark did so openly and in the view of other persons electors and outsiders.

20th.—That the said Babu Surendra Nath Roy either in his private capacity or as Chairman of the said Municipality, had caused cards to be issued to such of the electors as he considered likely to vote for him and at some of the polling stations an attempt was made to throw obstacles in the way of the electors who presented themselves without such cards with a view to exclude them from voting and in this way a number of votes were lost to your petitioner. In particular at the Behala Vernacular School polling station the head clerk of the said Municipality who acted as agent for the said Babu Surendra Nath Roy first checked the cards and then handed them to the said Babu Krisna Dhon Mukerjee who having read aloud the name appearing on the card the man who had presented the card was placed before the polling officer and then the voting took place in an open manner as already stated.

21st.—That the non-compliance with the rules as to voting and the presence in large numbers of people connected with the South Suburban Municipality whether as officers or employees materially affected the polling in the said area by overawing electors and prevented the free exercise of their franchise.

22nd.—That your petitioner may be allowed liberty to add to and supplement the particulars herein given.

23rd.—That your petitioner submits that the election of the said Babu Surendra Nath Roy should be declared invalid.

Your petitioner therefore prays Your Excellency to appoint Commissioners for the trial of this petition in due course and that the election of the said Babu Surendra Nath Roy be declared invalid and that the said Babu Surendra Nath Roy be directed to pay to your petitioner his costs of and incidental to such trial. And your petitioner shall ever pray.

ROY YATINDRA NATH CHOWDHURY.

1. Rai Yatindra Nath Chowdhury residing at Kutighat, Baranagore in the district of 24-Parganas, the petitioner abovenamed do declare that the statements in paragraphs 1 to 6 and 18 thereof are true to my knowledge that the statements in paragraphs 7 to 17, 19, 20 and 21 are made on information received which, I believe, to be true and that the statements in paragraphs 22 and 23 thereof are mere submissions. I sign this verification at No. 6, Old Post Office Street, Calcutta, this 4th day of January 1921.

ROY YATINDRA NATH CHOWDHURY.

In the Court of the Commissioners appointed under section 34 *(2)* *(a)* of the Bengal Electoral Rules at Alipore.

A. H. CUMING,
President of the Commissioners.

ALIPORE, *the 22nd January 1920.*

Case No. 2 of 1921 under Benga Electoral Rules.

In the matter of Part VII of the Bengal Electoral Rules and in the matter of the Hon'ble Dr. Abdullahal Ma'mun Suhrawardy, petititioner, against Maulvi Wazir Ali Khan of Bakarganj, respondent.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

The humble petition of the Hon'ble Doctor Abdullahal-Ma'mun Suhrawardy, Barrister-at-law, of 56, Mirzapore Street, in town of Calcutta.

Sheweth :—

1. That your petitioner duly filed his nomination paper for election to the Bengal Legislative Council from the constituency known as Bakarganj West (Muhammadan) with the Returning Officer, being the District Magistrate of Bakarganj.

2. That the said nomination paper was in accordance with the directions contained in Section XVII of the Bengal Electoral Regulations published in the *Calcutta Gazette Extraordinary* of August 11, 1920, was properly attested and was filed within the time as notified by Government.

3. That the two candidates Maulvi Wazir Ali Khan and your petitioner were nominated for the constituency aforesaid.

4. That the said nomination papers were scrutinised by the Additional District Magistrate of Bakarganj on the 16th November 1920. The said officer accepted the nomination paper of Maulvi Wazir Ali Khan, but rejected your petitioner's nomination paper on the ground that there was no evidence before him as to whether your petitioner signed the nomination paper before or after the same was signed by the electors who had proposed and seconded your petitioner's candidature.

5. That your petitioner's nomination having been thus rejected, the said Maulvi Wazir Ali Khan was declared elected under rule 12 of the Bengal Electoral Rules and his election was published in the *Calcutta Gazette* of November 24, 1920.

6. That your petitioner respectfully submits that the decision of the Additional District Magistrate was wrong, against law, and without jurisdiction on the following amongst other grounds :—

(a) For that the additional District Magistrate of Bakarganj had no authority under the law and according to the Bengal Electoral Rules and Regulations to hold the scrutiny of the nomination papers.

(b) For that the District Magistrate of Bakarganj who is the Returning Officer under the said Rules and Regulations had no power or authority to delegate his duties as such Returning Officer to the Additional District Magistrate or to any one.

(c) For that the Additional District Magistrate was wrong and not justified in law in rejecting your petitioner's nominations paper on the ground set out in paragraph 4 above or on any other ground as your petitioner's nomination paper was in perfect compliance with the rules and regulations framed by Government and it was not within the province of the said officer to enquire as to the order in which such paper was signed.

(d) For that the Respondent Wazir Ali Khan is under 25 years of age and is therefore not qualified under the rules to stand as a candidate or to be elected.

(e) For that the Respondent being ineligible your petitioner should have been declared elected under rule 12 of the Bengal Electoral Rules as a member of the Bengal Legislative Council from Bakarganj West, Muhammadan constituency.

Your petitioner herewith begs to deposit the sum of one thousand rupees in cash as required by the said rules.

Your Excellency's humble petitioner therefore prays that in the circumstances above set forth and on the grounds above stated the decision of the Additional District Magistrate be set aside, the election of Maulvi Wazir Ali Khan be cancelled and your petitioner's nomination be accepted and he be declared duly elected from Bakarganj West (Muhammadan) Constituency to the Bengal Legislative Council.

And Your Excellency's humble petitioner as in duty bound shall ever pray.

A. SUHRAWARDY.

I, Abdullahal-Ma'mun Suhrawardy, declare that the statements in paragraphs 1, 2, 3 and 5 of this petition are true to my knowledge and those contained in the remaining paragraphs are true to the best of my belief and information

RESOLUTION.

PENSIONS AND GRATUITIES

Delhi, the 14th January 1921.

THE question of ameliorating the condition of those pensioners in India who are dependent on small pensions has been engaging the attention of the Government of India for some time past and careful consideration has been given to various appeals for aid received from pensioners individually and from pensioners' associations. From the outset it has been recognised that those same economic conditions which necessitated a revision of pay in the case of Government servants must press hardly upon the class of pensioners with small pensions though other considerations are often present to mitigate in the latter case the immediate hardship of high prices. At the same time the Government of India were forced to recognise that an increase of pensions on a comprehensive scale was a matter of the greatest difficulty owing to the large numbers of pensioners affected and the heavy increase of expenditure thus involved. It was therefore necessary to consult local Governments whose resources were already depleted by the heavy charges for revision of pay, as upon them would fall a very considerable part of the contemplated expenditure. The local Governments are unanimous in their opinion that some relief should be given to poorer pensioners, although they are equally impressed with the difficulty of providing for the consequent expenditure even though that relief is strictly confined to cases of greatest necessity. After the most careful consideration of all the interests involved, the Government of India have reached a decision to which the approval of the Secretary of State has been accorded and they are therefore pleased to announce the following scheme which will be applicable to pensioners in receipt of pensions granted under the Civil Service Regulations.

At the outset, it is necessary to consider the effect upon pensions of recent revisions of pay and it is provided that the scheme shall not apply to pensioners in receipt of superior pension who retire after three years from the date of introduction of revised rates in the establishments to which they belong. These pensioners will receive the full pensionary consequences of the revised rates of pay in the shape of an enhanced pension and it is therefore not considered necessary to grant them any relief. In the case of establishments which have been sanctioned since 1914 the local Governments will decide which of them should be treated as establishments the pay of which has been revised. Any establishment, the pay of which has been fixed either on the analogy of the revised rates of pay sanctioned for similar establishments or after taking into account the increased cost of living, should be treated as an establishment the pay of which has been revised.

2. (1) For purposes of the scheme pensioners will be divided into the following classes:—

(*i*) *Class A.*—Pensioners in receipt of a superior pension who have retired before the introduction of revised rates of pay. Those who were on long leave on the date of the introduction of the revised rates of pay and have retired on a pension calculated on the old rates [*vide* article 60, and rule 1 (*a*) under article 487 of the Civil Service Regulations] should be treated as having retired before the pay of the establishments, in which they were employed, was revised.

(*ii*) *Class B.*—Pensioners in receipt of a superior pension who have retired after the date of the introduction of the revised rates of pay but who, not having since that date put in 3 years' service qualifying for pension, have not received the full pensionary benefit of the revision.

(*iii*) *Class C.*—Pensioners in receipt of an inferior pension.

(*iv*) *Class D.*—Pensioners in receipt of a pension granted under the rules in Part VI of the Civil Service Regulations or under articles 679, 684 and 685 of the same Regulations.

(2) (*a*) Pensions of those in Class A will be raised on the following scale:—

(*i*) Pensions up to Rs. 10 a month by Rs. 2.

(*ii*) Pensions over Rs. 10 and up to Rs. 20 a month by Rs. 3.

(*iii*) Pensions over Rs. 20 and up to Rs. 30 a month by Rs. 4.

(*iv*) Pensions over Rs. 30 and up to Rs. 40 a month by Rs. 5.

(*v*) Pensions over Rs. 40 and up to Rs. 45 a month by an amount which will bring the pension up to Rs. 45 a month.

(*b*) Pensions of those in Class B will be raised on the scale given in clause (*a*) above reduced by one-sixth for every completed six months of service qualifying for pension from the date of the introduction of the revised rates of pay.

(*c*) Pensions of those in Class C who retired before the introduction of the revised rates of pay, as well as of those who retired after the introduction of the revised rates of pay, but on pension calculated on the old rates, will be raised on the scale given in clause (*a*) above. In the case of those retiring after the introduction of the revised rates of pay the maxima limits of pensions in article 481 (*b*) of the Civil Service Regulations will be enhanced in accordance with the same scale.

(*d*) Pensions of those in Class D will be enhanced on the scale given in clause (*a*) above.

(3) In cases in which a portion of the pension has been commuted the increase will be calculated on the original amount of the pension as it existed before commutation.

3. The scheme will apply to pensions beginning with those falling due for payment on the 1st December 1920 and will be subject to reconsideration at the end of 3 years. Political and Literary pensioners may be granted, at the discretion of the local Governments, an increase on the scale given in clause 2 (*a*) of paragraph 2 above, provided that their pensions have not already been increased in consequence of the rise in prices.

4. The Government of India regret that in view of the very heavy financial commitments involved it has been found impracticable to sanction relief on a larger scale or with retrospective effect.

ORDERED that the Resolution be communicated to the several Departments of the Government of India (including the Financial Advisers and the Board of Industries and Munitions), all Provincial Governments and Minor local Governments, the Comptroller and Auditor General, the Heads of Departments subordinate to the Finance Department, all Accountants General, the Comptroller, Assam, the Chief Auditors of State Railways and Government Examiners of Railway Accounts, the Examiner of Accounts, Military Works Services, the Examiner, Government Press Accounts, the Controller of War Accounts, the Audit Officer, Delhi Province, the Examiner of Customs Accounts, and the Deputy Accountant General, Central Revenues, Delhi

Ordered also that the Resolution be published in the *Gazette of India*.

PROMOTIONS.

INDIAN MEDICAL SERVICE.

No. 71.—The promotion to present rank of Major Robert Knowles is antedated from 1st February 1920 to 1st August 1919.

FURLOUGH AND LEAVE.

INDIAN MEDICAL SERVICE.

No. 76.—Pending revision of the "Regulations regarding the grant of study leave to officers of the Indian Medical Service," paragraph 10 of those Regulations, as revised by Army Department Gazette Notification No. 572 of 1913, and further amended by Army Department Gazette Notification No. 532 of 1916, is *reconstructed* as follows with the approval of the Right Hon'ble the Secretary of State for India:—

10. For the course of study, as well as for the period covered by any examination at the end of the course of study, lodging allowance, which is not intended to cover the entire cost of living and which for the present has been fixed at 12s. a day irrespective of rank but is liable to revision, will be granted on the production of the certificates required by Rule 12. It is to be understood that, in order to qualify for the grant of study leave, or for the receipt of lodging allowance, a definite course of study at a recognised institution, which will occupy the time of the officer for five or six days a week, must be pursued. Lodging allowance will be admissible up to 14 days for any period of vacation. A period during which an officer interrupts his course for his own convenience cannot be considered as vacation.

In no case will subsistence allowance be granted in addition to lodging allowance, and ordinarily travelling expenses will not be paid, but in exceptional cases claims will be considered on their merits.

In the case of an officer retiring from the service without returning to India after a period of study leave, the lodging allowance will be forfeited. If the officer is under civil leave rules, the study leave will be converted into furlough to the extent of the furlough standing to his credit at the date of retirement. Any balance of the period of study leave mentioned above, which cannot be so converted, will be excluded in reckoning service for pension.

UNIVERSITY OF CALCUTTA.

NOTICE.

APPLICATIONS are invited from candidates for the Maharaja of Darbhanga Scholarship for 1921. Such applications are to reach the undersigned not later than the 30th April 1921.

The value of the scholarship is Rs. 50 per month. The scholarship is tenable for one year only from July 1921 to June 1922.

All graduates and licentiates in Medicine of the Calcutta University are eligible to compete for the scholarship.

Every candidate is required to state in his application the special subject or branch of medical science in which he proposes to carry on investigation or research work and also to state in what respects his investigations appear to him to tend to the advancement of medical studies. He is also required to state in his application the place where he intends to carry on his research work. If in a recognised laboratory or hospital, a reommendation from the head of such laboratory or hospital as to the fitness of the candidate to conduct such work, and the probable value of such work, must accompany the application. If the candidate intends to carry on investigations privately, his application must be supported by a certificate to the above effect from a Member of the Faculty of Medicine.

The scholar will be appointed by the Syndicate on the recommendation of the Faculty of Medicine.

During the tenure of his scholarship, the scholar will be required to devote at least four hours a day, Sundays and holidays excepted, to research work in the special branch of medical science selected by him and approved by the Board of Studies in Medicine, and his work will be open to inspection by a Member of the Faculty of Medicine to be specially deputed by the Faculty in that behalf.

During the tenure of his scholarship, every research scholar will be required to submit short quarterly reports of his work to the Member of the Faculty of Medicine, who may be deputed to inspect his work, and upon whose favourable report the continuance of his scholarship will depend.

Each scholar will also be required to submit, at the end of his tenure of scholarship, a complete statement which must be typewritten and otherwise ready for publication, and which will be laid before the Faculty of Medicine, who, if publication be deemed advisable will decide all questions in connection therewith.

LAND SALE NOTICES.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated along the Kancoorgache Chord of Eastern Bengal Railway in district of the 24-Parganas, will be put up to sale at 1 o'clock on Monday, the 28th February 1921, corresponding with 16th Falgoon 1327 B. S. at the Land Acquisition Collector's Office, 2 and 3, Commercial Buildings, Calcutta.

The purchasers of the plot of land will be subject to the following conditions :—

1st—The purchaser will have no power to make any excavation on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than 3 feet from the same.

2nd—If the amount of purchase money does not exceed Rs. 100 the whole amount must be paid down at once.

3rd—If the amount of purchase money exceed Rs. 100 one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Sugarcane Crop of Bengal, 1920-21.

(Note.—On an average of the five years ending 1918-19, the area under sugarcane in Bengal has represented some 8·7 per cent. of the total area under sugarcane in British India).

Character of the season.—Sugarcane is grown without irrigation in the Province excepting in the Burdwan Division where it requires frequent irrigation in the summer and occasionally in the autumn after the monsoon is over. In the non-irrigated tracts the crop sometimes suffers from excessive rain while in the irrigated areas the chief cause of damage is a prolonged drought. During the present year, the weather was generally favourable in East Bengal while drought from the months of April to the first part of June somewhat affected the growth in parts of North and West Bengal. Since then, good weather prevailed and the prospects in those tracts have considerably improved. Some damage by heavy rain and floods is, however, reported from parts of Midnapore, Hooghly and Jalpaiguri. On the whole the season was favourable for the crop.

Acreage.—The total area planted with sugarcane for the Province is estimated at 218,800 acres this year against 217,900 acres last year.

Outturn.—From the appendix I attached to the report, it will be seen that four districts (namely Darjeeling, Rangpur, Bakarganj and the Chittagong Hill Tracts) report a normal crop, eight districts a crop varying from 90 to 99, and thirteen districts a crop from 75 to 83 per cent. Two districts only, namely Nadia and Pabna, report a crop as low as 67 per cent.

According to the above estimates, the average outturn of the crop for the Province works out at 88 per cent. of the normal against 89 per cent. last year.

Taking 36 maunds as the normal rate of cane *gur* per acre, the gross outturn for the Province is estimated at 254,600 tons this year against 256,500 tons last year.

Other sources of gur.—The total quantity of *gur* likely to be obtained from date-palm juice is estimated at 124,100 tons this year against 100,900 tons last year. An increase of 23,200 tons is reported from Jessore.

The total quantity of *gur* for the Province from all sources is thus estimated at 378,700 tons against 357,400 tons last year.

	Acres.	Acres.	Acres.				
24-Parganas ...	8,000	4,300	4,700	100	92	November. Normal.	The increase in area is due to high price of sugar and to timely rain. The weather was favourable on the whole. The outturn is below the normal owing to damage caused by drought.
Nadia	7,900	6,100	6,200	67	67	December. Normal.	The outturn is below the normal owing to general deterioration of the soil and also to want of timely rain.
Murshidabad ...	8,600	2,800	2,900	83	75	In parts of the Jangipur and Sadar subdivisions. November and December. Elsewhere not commenced yet.	The weather conditions were not very favourable. Continued drought affected the growth of the crop.
Jessore	3,900	3,100	3,900	75	83	December. Normal.	The weather was fair. The outturn has fallen below the normal owing to some damage caused by insufficient rain in September and October.
Khulna	1,500	1,000	1,100	75	83	November. Normal.	The outturn is low owing to the soil not being congenial to the growth of the crop to some extent.
Burdwan ...	25,800	18,100	18,900	83	92	Not yet commenced.	The weather has been favourable.
Birbhum	11,000*	11,000	9,000	100	75	Ditto ...	The weather has not been favourable.
Bankura	15,000	10,500	11,000	117	75	Ditto ...	The weather was very bad from October to December owing to drought and the crop sufferred much. The damage caused by drought is about five annas.
Midnapore	6,600	4,200	4,400*	83	75	December. Normal ...	The weather was favourable from October to December, but the floods in the rivers Cossye and Subarnarekha did some damage to the crop.
Hooghly	7,200	4,900	4,900	94	75	Not yet commenced ...	The weather has not been favourable for want of sufficient rainfall. In the Arambagh subdivision heavy rain caused damage to the extent of six annas.
Howrah	8,500	5,200	5,000	88	83	Ditto ...	From October to December, the weather has been favourable on the whole. The outturn is estimated to be below the normal owing to damage caused by draught at the beginning.
Rajshahi	7,500	13,300	6,600	75	83	Middle of November. Normal.	Owing to unfavourable weather the growth of the crop was fair and the outturn is therefore below the normal.
Dinajpur	25,000	30,600	31,000	87·5	82·6	By the end of November. Normal.	The weather was favourable since October. Some damage was done by excessive rain in September.
Jalpaiguri	6,000*	3,700	4,700	88	92	Middle of November. Normal.	The weather was favourable. Heavy rainfall at the end of the season caused the outturn to fall below the normal.
Darjeeling	200	200	200	83	100	Will commence by the middle of February. Normal.	The weather has been favourable.
Rangpur	20,500	12,600	14,100	100	100	First week of December. Normal.	The weather has been favourable on the whole.
Bogra	5,000	4,300	4,500	92	92	January. Normal ...	The weather was favourable between October and December but it could not counteract the bad effects of the want of rain previously which retarded the growth of the crop. The outturn is therefore expected to be below the normal.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta block* in certain selected articles during the months of April to November, 1920, as compared with the corresponding period of 1919 and 1918. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road and sea (coastwise) during the months of April to November 1920, amounted to 6,443,000 maunds, as against 15,710,000 maunds in the corresponding period of the preceding year—a decrease of 60 per cent. There was an increase of 43 per cent in the imports of coal and coke (93,786,000 maunds as against 65,693,000 maunds last year). The imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed an increase of 16 per cent, the total value amounting to Rs. 792 lakhs as against Rs. 6,83 lakhs in 1919. The quantity of indigo imported during the months of April to November, 1920, decreased from 7,989 maunds to 5,245 maunds. The imports of raw jute amounted to 3,772,000 bales as against 3,232,000 bales—a increase of 17 per cent. There was also an increase in the importations of gunnybags to 297 millions, from 267 millions in number last year. The total imports of oilseeds (linseed and rape and mustard seed) increased by 4 per cent from 4,843,000 maunds to 5,024,000 maunds. The imports of sugar increased by 58 per cent from 363,000 maunds to 572,000 maunds, while those of tea decreased by 34 per cent from 2,271,000 maunds to 1,487,000 maunds.

Exports.—The value of exports of cotton piecegoods, foreign, from Calcutta by all routes during the months of April to November, 1920, decreased by 6 per cent (Rs. 18,12 lakhs as against Rs. 19,22 lakhs last year). The exports of gunny bags (including the exports by sea to foreign countries) increased from 720 million bags to 934 millions; and shipments of gunny bags to other Indian ports also showed an increase from 23 to 25 millions in number in the period under review The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) decreased by 7 per cent from 3,845,000 maunds to 3,584,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.
† One maund of paddy is equivalent to 25 seers of rice.

REVISED CURRICULUM FOR PRIMARY SCHOOLS.

COMMUNIQUÉ.

No. 304Edn.—The 7th February 1921.—In the notification No. 6-T.B., dated the 15th December 1920, the Director of Public Instruction, Bengal, announced that the revised curriculum for primary schools in this Presidency, published in Government (General Department) notification No. 1665Edn., dated the 16th November 1920, would come into force with effect from the 1st January 1922 and that text-books required under this curriculum for the year 1922 would be received by the Text-Book Committees in Calcutta and Dacca and by the Director of Public Instruction, Bengal, for examination up to the 31st May 1921. It has now been brought to the notice of the Minister in charge of Education, Government of Bengal, by the authors and publishers of Bengal that these arrangements do not allow sufficient time for preparing new text-books in conformity with the revised curriculum and for clearing stocks of books which were written in accordance with the existing syllabuses. In order to obviate these difficulties, the Minister in charge of Education is pleased to order that the introduction of the revised curriculum for primary schools shall be deferred till January 1923. Text-books for primary schools for that year, should be submitted to the officers mentioned in the notification quoted above, before 31st May 1922. The Minister in charge of Education further desires to make it clear to the parties concerned that the introduction of the new syllabus cannot be deferred beyond January 1923.

L. S. S. O'MALLEY,
Secretary to the Government of Bengal.

The normal surplus which may be expected in future, i.e., the difference between the average ordinary income and the average ordinary expenditure calculated on the figures in columns 13 to 15 and 17 to 19 respectively.	Remarks.
20	21
Rs. 9,005	The normal surplus shown in column 20, viz., Rs. 9,005, is not our true surplus. (a) We have had to meet from revenue an expenditure of Rs. 73,577 on the new Town Hall building, i.e.,— 1917-18 ... ... Rs. 35,547 1918-19 ... ... 38,030 Total ... 73,577 But Rs 65,000 of this amount is still to be recovered from His Highness the Maharaja of Cooch Behar and the friends and admirers of his late father. The Maharaja has made himself responsible for the whole amount Rs. 8,577, the difference between the above sums, gives, if divided by 3, the annual average charge for three years to be paid from Municipal funds, or in other words, Rs. 65,000÷3=21,666 should be added to the total in column 20, as it should not strictly have been included in column 16(3). (b) Secondly, the Commissioners have raised the water-rate and the holding-rate to take effect from the next year, each by one per cent. The revenues of the holding-rate will thereby be increased by Rs. 9,477 per annum and the water-rate by [illegible] 9,472. (c) Thirdly the loan work will be remunerative and will bring in an extra revenue of Rs. 9,000 per annum. (d) Our new loan charges (vide column 11) will be Rs. 11,712-8. To meet them, we have an additional Rs. 18,949 from new taxation plus Rs. 9,000 as new income from Municipal properties. In addition to this, we shall have a further surplus of Rs. 9,005 (vide column 20) plus Rs 65,000÷3=21,666, as shown in remark (a) above.

NOTIFICATION.

Delhi, the 24th January 1921.

No. A-197.—In exercise of the powers conferred by section 57 and sub-section (*1*) of section 77 of the Indian Patents and Designs Act, 1911 (II of 1911), the Governor-General in Council is pleased to make the following amendments to the Indian Patents and Designs Rules, 1912 :—

Amendments.

1. To rule 2 of the said rules, the following clauses shall be added, namely :—

"(*d*) "British application" means an application by any person for protection of his invention in any part of His Majesty's dominions for the protection of which invention in British India the provisions of section 78-A of the Act are for the time being applicable;

(*e*) "Reciprocity application" means an application in British India under section 78-A of the Act."

2. After rule 10 of the said rules, the following rule shall be inserted, namely :—

"10-A. Every reciprocity application shall be made on Form 2-A and shall contain a declaration that a British application has been made for protection of the invention to which such reciprocity application relates and shall specify every part of His Majesty's dominions in which any such British application has been made and the official date or dates thereof. The reciprocity application shall be accompanied by a specification prepared in duplicate in accordance with Form 3."

3. After rule 11 of the said rules, the following rule shall be inserted, namely :—

"11-A. *(1)* In addition to the specification left with every reciprocity application, a copy or copies of the specification or specifications, and drawings or documents, filed or deposited by the applicant in respect of the first British application, duly certified by the official chief or head of the Patent Office in which they were filed or deposited, or otherwise verified to the satisfaction of the Controller, shall be left at the office at the same time as the reciprocity application or within such further time, not exceeding three months, as the Controller may allow.

(2) If any specification or other document relating to the application is in a foreign language a translation thereof shall be annexed thereto and shall be verified to the satisfaction of the Controller.

(3) An application for an extension of time for leaving the copy or copies of the specification or specifications, drawings or documents, filed or deposited in respect of the first application, shall be made on Form 4-A."

4. In Chapter IV of the said rules, before rule 39 the following rule shall be inserted, namely :—

"38-A. The patent granted on any reciprocity application shall be entered in the register of patents as dated of the official date of the first British application, but the date of the reciprocity application shall also be entered in the register."

5. In the First Schedule to the said rules, after entries Nos. 1 and 6, respectively, the following entries shall be inserted, namely :—

No. of entry	On what payable	No. of Form.	Proper fee.

The Elliott Prize for Scientific Research for 1921-25.

IN accordance with the revised notification No. 112T.—Edn., dated the 5th May 1917, in the *Calcutta Gazette* of the 9th May 1917, Part I, page 667, the Elliott Prize for Scientific Research for 1921 will be given to the author of the best original essay giving the results of original research or investigation made by the candidate in Geology and Biology (including Pathology and Physiology) and published during the years 1917-20 inclusive.

Any native of Bengal or of Bihar and Orissa, or any Anglo-Indian or domiciled European residing in Bengal or Bihar and Orissa, may compete for the prize.

The essays of competitors must be sent in so as to reach the President of the Asiatic Society of Bengal, 1, Park Street, Calcutta, by the end of June of the year for which the prize is given. Authors' reprints must be submitted and not manuscripts. The prize will be awarded to the best competitor and be conferred publicly at the Annual General Meeting of the Asiatic Society in February of the year following that for which the prize is given.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal or of Bihar and Orissa.

In the event of no essay being deemed of sufficient merit no prize will be awarded.

The prizes for the next four years will be allotted as follows :—

1922—Mathematics;
1923—Chemistry;
1924—Physics;
1925—Geology and Biology (including Pathology and Physiology).

All essays submitted must have been published during the four calendar years immediately preceding that for which the prize is given.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

RESOLUTION ON THE REPORT OF THE PUBLIC SERVICES COMMISSION.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT.

Medical.

CALCUTTA, THE 4TH FEBRUARY 1921.

RESOLUTION—No. 254Medl.

READ—

Report of the Public Services Commission.

IN paragraph 30 of their report, the Royal Commission on the Public Services in India laid down that in provincially administered departments

which are organised on the basis of a higher and a lower service in accordance with the classification indicated in paragraph 26 of their report, the lower service should be designated by the name of the province to which it belongs. This has been accepted as a principle of general application by His Majesty's Secretary of State; and the Government of Bengal (Ministry of Local Self-Government) are now pleased to direct that the service of civil and military assistant surgeons in Bengal shall henceforth be designated "The Bengal Medical Service (Upper)." The members of the civil and military classes will, however, continue to be borne on separate lists. The Government of Bengal are further pleased to direct that the service of civil sub-assistant surgeons in Bengal shall similarly be designated "The Bengal Medical Service (Lower)."

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette.*

ORDERED that a copy of the resolution be forwarded to the Surgeon-General with the Government of Bengal, all Commissioners of Divisions, and all departments of this Government for information.

ORDERED also that a copy of the resolution be forwarded to the Accountant-General, Bengal, for information.

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.
